Whether the High Commission Will Resume or Not Will Hinge on Alaska Question.

SKAGUAY CHAMBER OF COMMERCE

washington, May 19.—Each of the members of the American branch of the Joint High Commission has received a handsomely prepared invitation from the Chamber of Commerce of Skaguay, through its president, to visit that port and see for themselves the conditions. The invitation recites in strong language the desire of the people of Skaguay to have the commission maintain to the utmost the claims of the United States to every foot of territory within the 30 miles lying between the sea and the boundary line, as it has heretofore been recognized.

It has come to that pass in the negotiations now going on in London between Lord Sanbsbury and Sir Julian Pauncefote on one side and Ambassador Choate on the other, that the resuming of the Joint Commission depends entirely upon the disposition made of this Alaskan boundary question. When the commission adjourned last winter it was because the two branches were unable to agree upon it.

Railroads Before This Little Sum Could Be Borrowed. Chicago, May 19 .- Nine railroads that the

hicago, Burlington & Quincy Company ave been operating under lease for years ave been bought outright by this corporation, and hereafter they will be but parts f the big system. Following are the roads those stock and franchises have been sold to the Burlington: Illinois Vailey & Northern, Galesburg & Rio, Chicago & Iowa, Peria & Hannibai, Ottawa, Oswego & Foxtiver Vailey, Illinois Grand Trunk, Amerian Centrai, Quincy & Warsaw, St. Louis, lock Island & Chicago.

Chicago, May 19 .- The Tribune says that a corporation whose backing is supposed to come from the Rockefeller interests is said to be endeavoring to buy all the tugs on the lakes, and the good-will of all the companies operating them. The idea is to control the towing interests of every port from Buffalo to Duluth and Chicago. Towing charges will not be advanced at any point, it is said, but the endless tug wars, which have been so destructive to profits in the past, will be terminated. It is said the new company will not be a trust, but a single corporation, controlling all the tug lines now in business on the lower lakes. The capital will be \$1,000,000.

A Magic Pill-Dyspepsia is a foe with which men, are constantly grappling, but cannot exterminate. Subdued, and to all appearances vanquished, in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or gelentific instrument, in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes and cause much suffering. To these Parmalee's Vegetable Pilis are recommended as mild and sure.
