Hockey Notes.

The talk of Laval College entering the intercollegiate union seems to take well at Queens. With Laval in the series it would make a very strong union, and the new teams would make it better for all concerned. This college has tried to get into the intercollegiate hockey league, before, but has never offered to put in a football team, as it has done this time.

Tom Phillips has written to the Ottawa. He states, however, that if the team needs him later in the season he will try and go down.
