POLITICAL UNITY IS URGED BY HIGGINS

Flynn Criticizes the Government for Lack of Consideration for Veterans.

"Political unity, not amalgamation, this is what we need, what we desire," said James J. Higgins, returned soldier-labor candidate, last night to a largely-attended mass meeting held at the Crystal Theatre, West Toronto. J. Harry Flynn, Dominion organizer for the G. A. U. V., also addressed the meeting along the same lines. Comrade Flynn was vivid in his expressions relating to men and politics. The government he criticized fore and aft for refusing to give the returned soldier any consideration. Comrade Mockford, a member of the G. A. U. V., also addressed the meeting, worth nothing. Let me assure you, a government, no matter whether National and Liberal, L. O. G. F. O., I. L. W. G. T. U., Y. M. C. A. or Conservative, will cater to that power wherever shown. If the politicians knew that the returned man is showing a united front they will act accordingly; they will act accordingly if he does not. We will amalgamate only with the political organization which will have a fully planned political constitution and platform. And, remember, you cannot separate a politician from his party, returned soldier or no."

Other speakers were Herbert Capewell and the Hon. J. F. Marshall, provincial organizer of the G. A. U. V.

not as a representative of that association, but as a returned man. "To him that hath much shall be given, from him who hath not, even that shall be taken away." This was the text of Comrade Flynn's address. "Many who remained took advantage of war conditions, and today are well on the road to success, but those who wonned the khaki have remained only with the wooden leg or the glass eye, or both," continued the Dominion organizer of the G. A. U. V., who pointed to the case of a man who was receiving \$80 a month before war broke out and who was receiving this sum under the D.S.C.R. is complained, and it was pointed out to him that he was earning just what he was earning in 1918. Therefore he was fully reinstated. Comrade Flynn referred also to the case of a man with an artificial leg who was sent by a government employment bureau "I have his name which, while preserving Ireland, without the empire and safeguarding the security of Great Britain, will give effect to the desire of a majority of the Irish people for self-government, with adequate control of all Irish affairs, including taxation."

"We urge upon the government that every month's delay in adopting this course renders the situation more dangerous and the chances of an agreement more remote."

CALL FOR RECOGNITION OF 'IRISH REPUBLIC'

Boston, Aug. 22.—The United Irish Societies of Boston, at a mass meeting on the common today, protested the seizure of Archbishop Mannix at sea by Great Britain as an act of piracy and an assassination of liberty.

Resolutions were adopted calling upon the United States to show disapproval of the wanton and diabolical acts of the British government by recognizing the established Irish republic and repudiating the league of nations, insofar as it would make America an associate with England in her wars against the people of Ireland. The speakers included former Mayor Curley, Acting Mayor Moriarty, School Committeeman O'Connor and Judge Walsh of New Jersey.

on the necessity of the commission, and stated that the interests which he represented were determined to have the radical's investigation of the finding of any body. He declared, however, that his differing with Mr. Drury on this point was not an indication of weakness in the present coalition government.

The social legislation of the past session was reviewed in a brief address by Hon. Walter Rolfe, Ontario minister of labor. He stressed also the logic of the alliance between the farmers and the laborers, owing to their being the producing classes of the community.

The picnic was a thoroughly representative of the central branches of the Labor party, and approximately 500 were in attendance. A. W. Manning, secretary of the Toronto District Labor Council, was chairman during the speaking.

Tries to Stop Speaking.

The chief constable, figures rather prominently in the program of speech-making. He appeared on the scene just as the speech-making was to begin, and insisted that the regulations of the park board required that no political speeches be delivered in Wabasso. Premier Drury, who was to be the chief speaker, had just arrived. As rain was falling, the crowd in the park began to rush to the pavilion, from which the committee decided the speeches should be delivered. The chief constable, however, appearing on the scene, then declared that such was contrary to the park regulations.

Hon. Mr. Drury was allowed finally to proceed.

PROTESTS TO PREMIER OVER CARVELL'S COURSE

J. H. Duthie Says Charges Against Douglas Should be Disposed of First.

In an open letter to Premier Meighen, J. Hunter Duthie points out that, although a charge has been made to the government that S. J. Douglas, vice-chairman of the Dominion Railway Commission, assisted the railway to draw money illegally from shippers, Chairman Meighen, by permitting Mr. Douglas to take part in the consideration of the railways' application for a blanket advance in rates.

Mr. Duthie contends that until the charge against Mr. Douglas is disposed of the railway commission should not be permitted to deal with the rate issue.

SERIES OF FATALITIES IN MONTREAL'S WEEK-END

Montreal, Aug. 22.—Fatalities and accidents over the week-end in and near this city included the following: The unidentified man picked up unconscious last Friday near the tracks by the Grand Trunk train crew going to Brookville, died Saturday afternoon. He never recovered consciousness.

Thomas Morrow, 40, stricken on the street this afternoon, died suddenly of heart failure.

Edouard Lambert, struck by a C. P. R. engine below Papineau avenue Saturday afternoon, suffered a fractured skull and died at the Montreal General Hospital this morning. It was not clear whether he had tried to cross the tracks or board the engine.

Henri Duquette, 16, thrown off his bicycle in collision with a street car Saturday afternoon, suffered a crushed left arm which was subsequently amputated at the Notre Dame Hospital.

Deputy Lieutenants of Cork Uge Full Self-Government

Cork, Aug. 22.—The deputy lieutenants of County Cork, summoned to a meeting yesterday by the Earl of Bandon, King's lieutenant of Cork, today passed the following resolution: "We realize that in recent years the government has failed to secure observance of the law, and has lost the confidence of all classes. We see Ireland rapidly drifting to anarchy, and we therefore feel that or duty to our country and the empire forces us to acquiesce in the only solution of the existing trouble, which appears to offer the prospect of a lasting peace to Ireland.

As the bill now before parliament is not acceptable to any party in Ireland, we are of the opinion that an immediate effort should be made to settle the question by provisions which, while preserving Ireland, without the empire and safeguarding the security of Great Britain, will give effect to the desire of a majority of the Irish people for self-government, with adequate control of all Irish affairs, including taxation."

JOURNALISTS VIEW BEAUTY OF ROCKIES

Imperial Press Delegates Visitors to National Park in Mountains.

Banff, Alberta, Aug. 22.—(By Canadian Press.)—Southern Alberta's farewell to the newspapermen who have assembled from all parts of the empire to attend the second imperial press conference, will be remembered by the visitors for many a day. The spectacular beauty of the Rocky Mountains National Park was reached Friday night after a motor drive from Calgary, thru the foothills bathed in sunshine. This part of the world has been much talked of, but it is certain to find new chronicles as a result of the visit of the British journalists.

The drive was made yesterday in about seven hours, the approach to the mountains being taken easily to avoid dust and permit of a better view. Near Ghost River, about half-way from Calgary, a picnic luncheon was served. J. H. Woods of Calgary acting as host. Under marquee in the wilds, the visitors found rest and refreshment, the ladies finding even a spare powder puff in the temporary encampment. The men went fishing, some of them for the first time.

Climb Mount Rivers.

The famous Bow River Valley and falls came in for the usual admiration. Today the visitors were scattered over the district in various occupations, doing little things that few, if any, can possibly do at home, climbing mountains, riding in sulphur baths, and all the glorious sport of the hills.

The last few days of the trip have been probably the most talked of amongst the party, and the visitors have yet to see Lake Louise.

UNVEIL MEMORIAL TO HEROES OF WAR

Sons of England Honor Memory of Fifteen Comrades Who Fell in Action.

In the presence of a large gathering of the members and residents of the district, Major-General Williams Saturday afternoon unveiled the memorial stone in memory of the late members of Lodge Todmorden, No. 384 Sons of England Benevolent Society, who fell in the great war.

The stone is set into the centre abutment of St. Barnabas' Church, facing Danforth avenue. In a glowing testimony to the dead heroes, General Williams said: "No one knows what little England did in the great war, the people of the British Empire do not know themselves but the British people are unconquerable. We do not say we won the war, but we jolly well helped it," said the speaker. During the unveiling the Army Chester corps, and standard-bearer, proceeded to the church grounds.

Among those present were, Sergt. Major J. McNamara, M.L.A.; Percy Douglas, school trustee; W. Tyler, Ernest Cooke, Robt. Barker, deputy reeve, Lt. R. Luxton and Col. H. Book.

The names inscribed on the memorial stone of the men who fell in action are: James R. Boorman, Henry J. Brown, J. Earl Carey, Albert Coleman, Angus Cornish, Frederick Fietcher, Thomas H. Gazez, Harry Hyde, Thomas Jenkinson, Arthur Ling, William Percival, Joseph A. Skipper, William A. Tyler, Leonard Veater, Harvey Wright.

SERIOUS FIRE AT MARMORA.

Marmora, Ont., Aug. 22.—A fire, which started shortly before midnight last night, destroyed the office, she-planing mills and kiln owned and operated by the Pearce Company, Limited. The Pearce Company's loss is roughly estimated at \$25,000, partly covered by insurance.

NOTICE TO HYDRO USERS

FROM time to time statements as to the power shortage have been made by the Hydro Commission which have received wide publicity in the Press, and it was thought that the situation was generally realized.

A large number of applications, however, continue to be received by the Toronto Hydro-Electric System, both from existing consumers for extensions of their plants, and from others who have equipped or wish to equip their premises for Hydro service. Existing consumers' demands in many instances also show considerable increases, all of which seems to indicate, that the position is not fully understood.

The Commissioners, therefore, wish to make it clear that the quantity of electrical energy which they are able to obtain from the Hydro-Electric Power Commission of Ontario (who supply the Toronto System and others in the province) is strictly limited, and until more power is available from this source, they are unable to supply additional demands. In fact with the allotment of power at present available, the supply to consumers is likely to be considerably restricted during the winter months, particularly so in case of break-down or ice troubles.

The Commissioners will use every endeavor in the future as in the past to minimize the inconvenience to consumers.
