LOOKS LIKE DEADLOCK IN NEW BRUNSWICK ELECTION

CLEVELAND LEADING 3-2 IN THE WORLD'S SERIES

EXACT EVEN BREAK ELECTION RESULT IN NEW BRUNSWICK

Liberal Government Secures 24 Seats, Opposition 13, Farmers 9 and Labor 2—Grits Claim One Additional Seat in King's County.

St. John, N.B., Oct. 10.—(By Canadian Press.)—With some doubt still existing regarding at least one seat, the best figures available for the provincial general elections held on Saturday five the government 24 of the 48 seats, the opposition 13, the United Farmers 9, and Labor 2. The government claims one additional seat from the opposition in King's county. Even with this extra seat, the government will find it necessary to depend on the support of some Farmer or Labor members in order to carry on, but in a speech on Saturday night, after the results had been made known, Premier Foster announced that assurance of support he had received made him perfectly confident that he would be able to carry on. Two of his ministers, Hon. Robert Murray, Northumberland, provincial secretary, and Hon. J. E. Tweeds, Victoria, minister of agriculture, were present.

Reversals in St. John. The success of Premier Foster and his three colleagues in St. John city, where formerly he had held only one seat, was one of the interesting features of the contest. The candidates elected were as follows: Madawaska—By acclamation, Mitchell and Daigle, government. St. John City—Premier Foster, Hon. W. Roberts, minister of health; W. E. Scully, R. T. Hayes, government.

St. John County—J. B. M. Baxter, leader of the opposition; Dr. L. M. Curran, government. Moncton City—Hon. C. W. Robinson, government. Westmorland—Hon. Fred Magee, F. E. Bourgeois, F. L. Estabrooks, Reid McManus, government. King's County Result. Kings County—O. W. Wetmore, government; V. Dickson, G. B. Jones, opposition. Queens—Hon. Dr. J. E. Hetherington, G. W. King, government. Northumberland—Powell, J. W. Vanderbek, Farmers; J. S. Martin and C. T. Morrissey, Labor. Carleton—D. H. Mersereau and R. B. Smith, government. Carleton—H. Tracey, Fred Smith, S. Burlock, Farmers. York—E. A. Young, S. B. Hunter, J. K. Pinder and C. B. Richards, opposition.

Thomas Long Dies Aged Eighty-Five Former Ontario Legislator—Prominent in Business and Church Circles.

Thomas Long, director in numerous corporations, at one time a member of the provincial legislature, and a prominent Roman Catholic, died in his eighty-fifth year, at his home, 513 Jarvis street, Saturday night. Mr. Long was born in Mount David, county Limerick, Ireland, April 7, 1836. He migrated to Canada in early life, and settled in Collingwood, Ont., where he founded the firm of T. Long and Brother, wholesale grocers, of which concern he remained president until his death.

Mr. Long came to Toronto about thirty-five years ago. He was a director in the Toronto General Trust Corporation, Consumers' Gas Corporation, Merchants' Bank of Canada, Excelsior Life Insurance Company, East and West Land Company, and London and Canadian Loan and Agency Company. The last two he served as president. He was founder, and for many years president of both the Northern Navigation Company and the Collingwood Shipbuilding Company.

Mr. Long represented North Simcoe in the provincial legislature from 1875 to 1883, inclusive. Aside from this, however, his public life was confined to a few years' service on the local council of Collingwood. He was a member of the Albany Club and the Toronto Club.

In religious circles, Mr. Long was among the highest of private Catholic citizens, being one of but seven in the United States and Canada upon whom the Pope had conferred the knighthood of the Order of St. Gregory the Great. Mr. Long attended the Roman Catholic Church of Our Lady of Lourdes, on Sherbourne street. He held membership in the St. Vincent de Paul Society and the Holy Name Society.

Mr. Long is survived by his widow, two daughters, Mrs. Howard Wheeler of St. Paul, Minn., and Mrs. Darcy McGeog of Ottawa, son, T. P. Long of Collingwood, and a sister, Mrs. John Byrnes, also of Collingwood.

The New Brunswick Elections.

Premier Foster will probably not have a majority in the new legislature chosen at the New Brunswick elections Saturday. Liberals have been defeated in many ridings by candidates of the Farmers' party, and the Labor party, respectively, and in still another province is group government now likely to replace the two-party system. New Brunswick in the past has suffered from too much, rather than from too little politics. We have more people in Toronto than they have in New Brunswick, and yet we do not find it necessary to mingle politics with our municipal government.

BODY OF WOMAN FOUND ON TRACK NOT IDENTIFIED

Police Are Doubtful Whether Death Was Due to Murder, Suicide, or Accident.

FAVOR SUICIDE THEORY

Although there were several telephone inquiries on Saturday night and Sunday afternoon, no one called at the morgue up until late last night to view the body of the young woman found on the G.T.R. tracks about 170 yards west of the Woodbine crossing at 2:30 a.m. Saturday morning. Until the body is identified the police are at a loss whether death was accidental, self-inflicted or the woman was murdered.

The body is that of a young woman between 20 and 22 years of age and had been put in two just above the trunk and the skull partly crushed. Identification is possible because the face is free from injury with the exception of the nose and jaw which are broken.

The description of the young woman is as follows: Height about 5 feet 2 or 3 inches, medium build, brown hair and grey eyes. She was wearing a blue voile dress with a gold pattern running thru it, a grey homespun coat, a light brown hat, brown stockings, light brown boots and a coat skin fur around her neck. On her fingers were three rings, one a baby ring set with a tiny red stone.

The discovery of the body was made by William Hitch, 1 Bastedo avenue, engineer of the Grand Trunk East Toronto pumping station, as he was going to

Forty-Day Moratorium Is Proclaimed in Cuba

Havana, Cuba, Oct. 10.—Proclamation of a moratorium effective until December 1, for a period of 50 days, was made in a decree issued tonight by President Menocal.

Issuance of this decree followed confessions of bankers and government officials relative to financial conditions in Cuba, which have given concern for several days. The moratorium affects all banks, according to the understanding here, should they desire to take advantage of it.

WAY OF PROFITEER IS NOT CHRISTIAN, DR. GRENFELL SAYS

Sees Greater Faith Every Time He Comes Out of Labrador.

SERMON TO STUDENTS

A plea for faith and by it a recognition of the life of sacrifice as the one of true value constituted the essence of the university sermon preached in convocation hall by Dr. W. T. Grenfell. The veteran missionary discussed his theme with an enthusiasm which revealed the secret of his phenomenal success in the trying Labrador field. Taking as his text passages from the New Testament, in which the law student was given as directions for his salvation the loving of the Lord with all his heart, and of his neighbor as himself, Dr. Grenfell continued by describing the present age as one in which a conflict raged between pure science and pure faith. With the adherents of the first class, he stated, implicit faith was in dispute, and they debated seriously whether God had made man or whether man had himself devised Deity as a measure of assurance that the trials and achievements of this world were not wholly vain.

Thus, Dr. Grenfell pointed out, the problem of the New Testament law student was still current. Men were still asking the way to salvation, and were with more upon the answer. "There is only one way. It is Christ's way, and it is the way of life," Dr. Grenfell declared, adding: "It is not the way of the profiteer, actuated by miserably greed, but it is the way to which our Canadian soldiers point."

TORONTO MEMBERS OF PENSIONS BOARD

Representative People Who Will Look After the Interests of Women.

The following are the members of the Mother's Allowance Local board for the city of Toronto: Miss Jane Barclay and P. S. Paterson, the nominees of the city council. Miss Gertrude Lawler, president of the Catholic Women's League of Canada, and former head of the department of English in Harbord Collegiate, Toronto.

Frank Morgan, a member of the Railway Men's Union, who has taken a keen interest in the act and who was a member of the committee which brought the matter of mothers' allowances before the government. He is a man held in high repute in labor circles. F. N. Stapleford, general secretary of the Neighborhood Workers' Association, who has an intimate knowledge of social conditions in the city of Toronto.

Mrs. A. M. Huestis, a member of the executive of the Local Council of Women, who was also a member of the committee which brought the question of mothers' allowances before the government.

A SMILING GROUP OF TORONTO GIRL GUIDES

On Saturday in High Park, in ideal weather, 303 Girl Guides of Toronto carried out a program of sports, and, with healthy appetites, whetted by exercise, the girls enjoyed to the full the basket picnic which followed. The Girl Guides shown in the photograph are typical healthy products of a movement which is of equal value with that of the Boy Scouts.

ARMISTICE TO BE FOR TWENTY-FIVE DAYS

Riga, Oct. 10.—The Russo-Polish armistice, according to the plan tentatively agreed upon, is for 25 days. It will begin within four days after signature. The armistice may be broken on 48 hours' notice during the first 25 days, after which it will continue indefinitely, upon the condition that either party may break it on a ten-day notice.

VILNA IS OCCUPIED BY OUTLAW ARMY, DESPITE PROTEST

Two Divisions of Polish and White Russian Troops Enter City.

BREAK FROM POLAND

Riga, Oct. 10.—The Polish general Zeligowski, with two divisions of the Lithuanian and White Russian troops, entered Vilna at 5 o'clock Friday evening, according to the Polish communists issued today.

Gen. Sikorski, commanding the army on the northern front, reports that Gen. Zeligowski was compelled to resign his command on that front in order to execute the demand of his troops that they be allowed to capture Vilna, "to give the population the right of self-determination."

Attaches of the Polish general staff with the peace delegation say they do not know if any steps have been taken by the Polish military authorities to force the outlaw army out of Vilna, nor do they know if any will be taken. The general staff and the members of the delegation have been insisting for some days that the Poles did not intend to take Vilna, the army on that front was supposed to be moving in the other direction toward the Lithuanian capital.

The communists concerning Vilna is brief and does not give any details of how great the pressure was the troops brought on Gen. Zeligowski, which caused him to resign rather than disobey their demand to enter the Lithuanian capital.

Coincident with the announcement regarding Vilna, the communists says the Poles have notified Lithuania that they are ready to negotiate at Grany a settlement of the entire Polish-Lithuanian controversy.

Man of War and Sir Barton.

Man of War will be the favorite in tomorrow's race. But Sir Barton will have a lot of supporters. For a time the critics tried to make out that Man of War was out of the regular run of a great race horse; it is now admitted by the best judges that he is a nearly perfect type of what a race horse ought to be. Coming back to The World's question—What makes class in a race horse?—it might also be restated in the question of John Porter, the great English trainer, who did he beat? Ormond proved his class by beating all the good horses of a vintage year, and Porter thought he was the horse of the century, because of those that he beat. As for the horses of tomorrow's race, Man of War has beaten whatever came up against him. And Sir Barton, a pretty good horse, will meet him tomorrow for the first time.

LEAGUE MEETING POSTPONED.

Paris, Oct. 10.—The next meeting of the council of the League of Nations, which it was officially stated yesterday would be held in Brussels on October 14, has been postponed to October 20, it was announced today.

LORRY AMBUSHED, OFFICER KILLED, FOUR ARE WOUNDED

Soldiers Attacked Near Cork Reply, But Casualties Unknon.

OUTRAGE IN BELFAST

Cork, Oct. 10.—Three military officers and twenty men riding in two lorries on patrol duty were ambushed last night a quarter of a mile from the village of Newcestown. The men sprang out of the lorries and engaged the attacking party in the darkness, the fight lasting more than an hour.

Capt. Richardson, commanding the naval detachment at the Bandon military barracks, was shot in the head and died a few minutes afterward. The attacking party, which, according to a statement issued at the Bandon barracks, far outnumbered the military contingent and suffered no casualties.

The lorries were commanded by Major Percival, who was a member of the military court which tried and convicted Lord Mayor MacSwiney of Cork.

Newcestown was reported to be the drilling ground of the Irish volunteers, and Saturday night the military expected to find a considerable number of armed men in the village. According to the villagers, the lorries entered the village with the men firing their rifles, and ordered the men inside the house managed to escape, and to warn his comrades and enable them to cut the wires and arrange the ambush.

The soldiers remained in the alleys, arms, but found none. Then they proceeded in the direction of Castletown, other lorry of patrol. A quarter of a mile down the road the men ran into the ambush.

The commanding officer at the Bandon station today paraded the battalion and told the men not to attempt reprisals for the Newcestown attack.

Sugar and Wheat.

Consumers do not begrudge the farmers of Canada getting a good price for their wheat; but they have little sympathy for Canadian refiners asking twenty cents for sugar that is eleven cents in the States. By the same token our farmers ought to get four dollars for their wheat at against two dollars for Kansas wheat. They won't. They ought the Canadian sugar men get double of the American sugar price.

CLEVELAND LEADS IN WORLD'S SERIES WINS FIFTH GAME

Victors By Eight to One—Game Full of Spectacular Features—Triple Play Made for First Time in History of Contest—National League Runners Scored Their One in Last Innings.

Cleveland, Ohio, Oct. 10.—In a game filled with sensational situations beyond the wildest dreams of fiction, the Cleveland Indians defeated the Brooklyn Dodgers, 8 to 1, in the fifth contest of an unsanitized triple-play by William Wambagans, a native-born son of Cleveland, and Jim Bagby, were individual feats that will linger in the memory.

The victory broke the 10 existing between the teams and tonight Cleveland is confident that the world's series banner is within its grasp.

The Dodgers, crushed by the two reverses of Saturday and today, are clinging desperately tonight to the hope that Sherrod Smith, their left-handed pitcher, will be able to check the savage batting onslaught of the Indians tomorrow. In the view of Cleveland, everything is over, but the about 10,000 Indians believe they have solved the mystery of the Brooklyn pitching staff. Two records were established during

GUARDS IN RIOT AT ALDERSHOT CAMP

Aldershot, Eng., Oct. 10.—Two hundred Coldstream and Irish Guards tried to batter down the gate of the cavalry barracks here last night. They demanded the release of some of their comrades who they declared were detained there.

The men paraded the streets howling and shouting for about an hour, but finally returned to their quarters, no great damage having been done.

SYNDICATE HOPES TO MINE COAL IN SHELBURNE AREA

Toronto Financiers Optimistic But in Village Opinion is Divided.

OPTIONS ARE SECURED

Can coal be mined to pay in the district of Shelburne, Ont., or can it? The above question is not only agitating the inhabitants of the northern town, but is concerning the minds of some of Toronto's financiers. Since the publication in Saturday's World of news that a coal seam had been struck on a farm about one mile from Shelburne, interest in the matter has become aroused everywhere, for if Ontario can produce her own coal the results commercially will mean a great deal to manufacturers and householders.

For some months past a mining engineer named Chamberlain has been in Shelburne on behalf of some Toronto financiers who obtained options on some 4,000 acres of land in the district which is reported to contain coal. But as The World learned last night from those behind the underground consists of a few pieces of coal during the boring of a well.

Reports for Many Years. Reeve Brown of Shelburne is rather concerned over the matter of the present World that stories of the finding of coal in the district have come along every six months for the past 30 years. (Continued on Page 2, Column 5).

SOME PRICES TO DROP 50 PER CENT.

Great Readjustment in Next Six Months, But No Panic.

Chicago, Oct. 10.—That there will be a falling off in prices, amounting, in some instances, to as much as 50 per cent, within the next six or seven months, was the opinion expressed today by delegates to the convention of the Purchasing Agents' Association, which opens tomorrow.

"We do not believe the price is going to be any crash or panic," said the vice-chairman, "but all of the hundreds of buyers I have talked with seem to believe that the peak in prices has been reached, and that there will be a steady decline from now on, in some instances as much as 50 per cent. I have found no one who is reticent to pre-war prices for at least a couple of years, but all appear to have faith in the tendency downward."

Every big city in the United States and practically every state in the Union will have representatives among the 2000 delegates who will attend the convention. More than 40 will be from Canada.

Proposes That Russians Be Held at Riga Till British Prisoners Cross Frontier—Russ Submarine to Be Fired on—Charges Military Conspiracy by Reds.

London, Oct. 10.—Any Russian submarines encountered on the high seas will be attacked on sight by British naval forces, according to a note sent by Earl Curzon, British foreign secretary to M. Tchitcherin, the Russian Bolshevik foreign minister, on Oct. 2 which is published, along with other correspondence recently exchanged between Great Britain and Soviet Russia.

Earl Curzon points out that he previously sent a communication regarding a submarine launched in the Black sea, in which he said that, in view of repeated declarations of leadership by the government, that government considered itself in a state of war with Great Britain, and, in view of the impossibility, in these circumstances, of waiting to ascertain whether the intentions of the government were hostile or not, there was no alternative but to issue orders to British ships to attack the submarine should it be encountered on the high seas.

DEMAND BY CURZON THAT SOVIET CEASE ITS TRICKY TACTICS

Proposes That Russians Be Held at Riga Till British Prisoners Cross Frontier—Russ Submarine to Be Fired on—Charges Military Conspiracy by Reds.

London, Oct. 10.—Any Russian submarines encountered on the high seas will be attacked on sight by British naval forces, according to a note sent by Earl Curzon, British foreign secretary to M. Tchitcherin, the Russian Bolshevik foreign minister, on Oct. 2 which is published, along with other correspondence recently exchanged between Great Britain and Soviet Russia.

Earl Curzon points out that he previously sent a communication regarding a submarine launched in the Black sea, in which he said that, in view of repeated declarations of leadership by the government, that government considered itself in a state of war with Great Britain, and, in view of the impossibility, in these circumstances, of waiting to ascertain whether the intentions of the government were hostile or not, there was no alternative but to issue orders to British ships to attack the submarine should it be encountered on the high seas.

Upon hearing rumors that submarines of the Bolshevik fleet had put to sea in the Baltic, Earl Curzon sent his note of Oct. 2. To it, M. Tchitcherin replied that Leonid Kravich, Soviet

CLEVELAND LEADS IN WORLD'S SERIES WINS FIFTH GAME

Victors By Eight to One—Game Full of Spectacular Features—Triple Play Made for First Time in History of Contest—National League Runners Scored Their One in Last Innings.

Cleveland, Ohio, Oct. 10.—In a game filled with sensational situations beyond the wildest dreams of fiction, the Cleveland Indians defeated the Brooklyn Dodgers, 8 to 1, in the fifth contest of an unsanitized triple-play by William Wambagans, a native-born son of Cleveland, and Jim Bagby, were individual feats that will linger in the memory.

The victory broke the 10 existing between the teams and tonight Cleveland is confident that the world's series banner is within its grasp.

The Dodgers, crushed by the two reverses of Saturday and today, are clinging desperately tonight to the hope that Sherrod Smith, their left-handed pitcher, will be able to check the savage batting onslaught of the Indians tomorrow. In the view of Cleveland, everything is over, but the about 10,000 Indians believe they have solved the mystery of the Brooklyn pitching staff. Two records were established during

the hectic hour and forty-nine minutes occupied by today's contest. Never before in a world's series had a triple-play been made by one player. So seldom has this feat been accomplished, the odds are that many fans recount the occasions, from memory. A home run with the bases full was the other speech-making feat. Another home run, four doubles and a score of fielding and batting features were thrown in for good measure.

About Triple-Plays. Wambagans' feat is a "Cleveland special." The Indians' second baseman is a Cleveland product, and Cleveland was the scene of a similar play eleven years ago, on triple-plays, unassisted, have been accomplished only eleven times, and only twice in major leagues.

Neal Ball of the Cleveland Club of 1919 carried out a triple-play unassisted in a game between the Boston Red Sox and the Indians, played July 12 of that year. Stahl was on first and Wagner at second, with McConnell at bat, when Ball pulled his great play. Today the stage setting was much the same.

Both Kidiff and Miller had singled to third, and were perched on second and first, respectively, when Mitchell came to bat. He drove a hot liner to the left of second base, and Wambagans leaped into the air and speared the ball. Then, before the spectators could grasp the play, he had taken to second, and, stepping on the bag, eliminated Kidiff, who was on his way to third. Miller was making for
