

Mr. Moise Robert, Evangelist, Reports—For the year ending on the 30th of September, 1900. During the year I have preached thirty-five sermons to an average congregation of thirty persons. I have visited eighty families, distributed five copies of the New Testament, 500 pages of religious tracts, and have had numerous conversations with Roman Catholics on the subject of Religion. I have given a great deal of my time to the object of raising funds and building a nice chapel. Our people have contributed \$420 to that object. The Board helping them to the balance.

They have besides contributed \$26.31 for current expenses.
We have had three baptized in St. Constant.

SOREL.

The Rev. L. O. F. Côté who had been laboring on this field for seven years left for the United States in May last. For a part of the summer it has been occupied by Bro. Jacob Nicol, B.A., now a teacher at Feller Institute.

The number of members has been greatly reduced by emigration, caused by the persistent practice of the boycott, so that they were unable to earn a livelihood.

The congregations are small and there is nothing special to report. A few families living outside the city have shown some interest in spiritual things, and are accessible to the mission.

A former Grande Ligne student, Rev. Henri Sené, will enter upon his work here in November next.

COATICOOK.

For some years past the Grande Ligne Board has been operating in whole or in part a school at Coaticook.

During the first three or four years the attendance seemed to justify the maintenance of the school, but last year the attendance so diminished because of local causes, that the Board has decided to discontinue it, and attempt mission work along some other lines.

C. W. GRENIER, MISSIONARY.

We feel very grateful unto the Lord for the blessings we have had during the past year. We have been blessed individually, as a church, and God has given us souls for our hire.
