Merchants Talking on Merchants' Week -- Name First WEEK IN OCTOBER As a Good Date--Weather Would Be Warm and Attractions More Easily Arranged--May Ask to Have Change Made in Opening Date of Y. M. C. A. Fair.

It would now seem that the agitation which was started by the Times about two weeks ago, to hold a week of entertainment here, in order to bring the people in from the country and boom trade, is about to be realized. A committee of the Board of Trade will, as stated in the Times yesterday, hold a meeting next week to consider the advisability of having a Merchants' Week or some such attraction, during the first of October which would bring visitors here from all over the provinces and boom trade in every department.

A number of prominent business men were interviewed on the subject, about two weeks ago, and today others who were approached expressed themselves as very much in favor of it, though one or two were of the opinion that it would be rather late in the season. The general feeling seems to be, however, that should the entertainment be held, it should not be later than the first week in October. It is understood that the promoters of the "Fair of the Nations" will be asked to change the date of their entertainment, if it is decided to have the merchants' week at that time. Some of the men prominently identified with the horse racing are of the opinion that races could be run off at that time, while others seem to think it would be too late in the season. Mayor White, when asked his views on the matter this morning, said he thought it would be a good scheme.

Should the weather be fine, and it is to be hoped it will, there should also be some crack-jack ball games between the W. S. Fishers and the W. S. Fishers and the Y. M. C. A. are conducting their "Fair of the Nations" at St. Andrews' rink. This fair promises to be something above the ordinary and would prove a strong drawing card.

W. S. Fishers, the well-known carman of the west side thinks there would be no trouble at all in arranging a regatta. He suggests races on the water, and the crew from the west side and one from the North Stars of Sydney or the St. Marys A. C. of Halifax. He states that the professional four oared crew is ready to meet any crew and, further, said he would put up a race for the single scull championship of St. John harbor. He suggested that the regatta might be held either in the harbor or on the river.

MISS ROOSEVELT AND THE EMPRESS

PEKIN, Sept. 15--noon--Miss Alice Roosevelt, wife of the late American minister, and the other ladies of Miss Roosevelt's party, went to the summer palace Wednesday and spent the night. Yesterday they were received in formal audience by the Dowager Empress. Mrs. Roosevelt, introduced Miss Roosevelt and the other ladies of the party to the Empress. The latter moved among the visitors, chatting informally and presenting them with handsome gifts of bracelets and rings. This was followed by an inspection of the grounds of the summer palace. The whole visit was remarkable on account of the absence of formality. The party returned to Peking in the evening. Tomorrow all will go to Tien Tsin to attend a reception given by Viceroy Yuan Shikai.

REDMOND ON HOME RULE

Irish M. P. Addresses Big Gathering at United Irish League Celebration in Boston.

BOSTON, Sept. 14--Wm. Redmond, Irish member of parliament, was the guest of honor at an outdoor celebration under the auspices of the United Irish League of America, held all day at the Huntington Avenue baseball grounds. The festival was witnessed by over 5,000 people and the proceeds will be made part of the \$50,000 pledged to the Irish cause by the league. Athletic contests and Irish games occupied the forenoon and afternoon and the gathering was addressed in the evening by Mr. Redmond and others, a speakers' platform having been erected in front of the grand stand. Among the participants in the sports were M. J. Sheridan, of New York, champion all round amateur athlete, and W. W. Coe, of Somerville, champion shot putter. Sheridan, who was heavily handicapped, was defeated by Coe in the discus throw, the latter casting the discus 133 feet in one. Coe also won the shot put event by 46 feet 8 inches. Mons. Rev. Dennis J. O'Callahan of South Boston presided at the evening meeting, and introduced Mr. Redmond, who spoke of the condition of affairs in Ireland and the prospects of the Irish parliamentary party. He expressed the hope that the physical force party would fight with the constitutional wing and join with the latter in the struggle for home rule. In the course of his address Mr. Redmond paid a glowing tribute to the life and work of the late Mayor Collins. Resolutions were unanimously adopted pledging support to the Irish National cause, and denouncing the proposition of the government to reduce the Irish parliamentary representation "as an act of spoliation which is alike a gross injustice to Ireland and a flagrant violation of the terms of the act of union," and urges the American people to resist any proposal to enter into a treaty "with the arch robber of the universe."

MALDEN, Mass., Sept. 15--After years of faithful service in the employ of Mrs. Hart O. Atwood of Beverly, Rosa Carey has been given a life annuity of \$5 per week and a sentimental bequest of \$5 by the terms of the will of her deceased mistress. Mrs. Atwood, although a resident of Beverly, for years has been prominent in charitable work in Malden and has been a member of St. Paul's Episcopal church and one of its most active members. Mrs. Atwood provided in her will, which has just been proved, that the sum amounting to about \$50,000 shall go to St. Paul's church, Malden, after a term of years, and she has also left money for the furthering of other religious objects. The church which is to be erected in Malden in honor of Mrs. Atwood's spouse, Frederick E. Paris, the son of Albert N. Paris, and her sister, Mrs. Sarah B. Paris, for the purpose of making improvements at the summer camp of the church at Edgewater, Mass., the sum of \$100 has been put under the care of Rev. Frederick Edwards of Malden.

THE LUMBER SITUATION

It is thought that the recent rains have helped the lumber situation somewhat, though not to any great extent. A small lot was witnessed by over 5,000 people and the proceeds will be made part of the \$50,000 pledged to the Irish cause by the league. Speaking of the prospects for next season, he said that the price of lumber is looking bright, though the price of lumber is looking a little low at present. AN EXCITING BOUT.

A microbe and a bacillus fought ten rounds in the basin of the King Square fountain last night. About midnight the germs began to collect on the stones that protrude from the elegant water surrounding the piece of floating shingle that was to be the battle ground. There was a preliminary bout between a diphtheria germ from the South End and a cholera germ from the Aberdeen school dump, and as both were viry and active, the honors were about even. When the microbe and the bacillus appeared there were hearty rounds of microscopic applause, and a typhoid fever germ shouted in the language of the clams:

Annual Convention of New Brunswick Branch Opened This Morning--Many Delegates Present-- Addresses of Welcome Presented to Visitors.

The sixth annual convention of the King's Daughters opened this morning in the guild rooms, Prince William street. A large number were present and the proceedings at this morning's session were very interesting. Mrs. Barker, secretary, Miss Kate Baker, opened the convention with a few informal remarks. An address of welcome was called to order. An address of welcome was read by Mrs. H. E. Hill, president of the city union. She wished that all the delegates would enjoy their short stay in the "city by the sea," and that the convention would be marked with good success. Mrs. Barker's report was read on behalf of the provincial delegates and Miss Brown, Dominion secretary responded for the province. An 11 o'clock report of the provincial secretary was read. Mrs. Barker's report was very interesting and she showed that in the province during the past year, much good work had been done by the guild. The statement of the Provincial secretary was as follows: Cash balance, \$100.00; dues, \$122.20; supplies sold, \$42.00; postage, \$2.00; balance, \$10.00; total, \$176.20. The report stated that the membership increase was very large but as all the circles report doing a great amount of work it need hardly be stated that all work was done. BRAWL ENDED IN A MURDER

A New York Woman Beaten Until She Fell Dead

A Mystery Surrounds the Killing of Mrs. Mary Horne -- She Was Heard Quarrelling and Her Body Was Found Afterwards Near Her Residence.

NEW YORK, Sept. 15--Mrs. Mary Horne, who lived with her husband at 28, St. George, S. I., was beaten to death by one of two men, who called at her home during yesterday afternoon, and it is said by neighbors that Mrs. Horne ordered the men out of her house, and it was about that time that she was killed. She was found dead when help arrived. She was badly bruised and cut about the head. One Horne, husband of the murdered woman, and W. J. Kelly, are under arrest pending an investigation of Mrs. Horne's death. The men deny any knowledge of the crime. They admit having been with Mrs. Horne earlier in the day at her home. Kelly says he accompanied Horne and his wife to a hotel, where they had several drinks. Mrs. Horne then left and was supposed to have returned to her home. The police are searching for witnesses of the alleged quarrel at the Horne house, and the subsequent assault in the front yard.

Crowds composed of the lower classes also gathered, and strong cordons of police were posted near the building. Herr Julius Jaska, president of a petition society, urged the demands of the people. In reply Herr Jaska said that the people are not satisfied with the present state of affairs, and they are demanding universal suffrage. Horse Is Badly Injured and Will Probably Die--Mr. Richey Badly Shaken Up --Big Entry List for Frederickton Horse Races--Well Known Colored Man Dead.

FREDERICTON, N. B., Sept. 15--(Special)--The race meeting to be held here Sept. 22, 23 and 25 promises to be one of the most successful ever held in the province. There are altogether eighty entries, twenty in the thirty-five class, fourteen in the nineteen class, eighteen in the forty class, sixteen in the twenty-eight class, eight in the twenty-five class, and seven in the free-for-all. The horses entered for the free-for-all event will be pulled off on Sept. 23. They are Casaria, Calvin Swift, Frank Rich, Shamrock, Melburn, General Fiske, and Simmsdale. A valuable driving horse, belonging to M. S. L. Richey, agent of the Bank of Montreal, was badly injured last evening, and the owner had a narrow escape. The animal was frightened by a tug while crossing the highway bridge, and starting off suddenly threw the owner out. It became across the bridge, and in Carlton street was badly cut about the forehead and Veterinary Stockton, who was called to attend it, found two arteries had been severed. He thinks the horse has a slim chance for recovery. Mr. Richey was shaken up by the fall, but is able to be about today. Lord Roberts died near Miller's carriage factory at noon today. Heart failure is supposed to have been the cause, and he had been unwell for several days. The deceased was the leader of Wilesey's Orchestra, and was well known throughout the country. Coroner McEwen will hold an inquest. The report of Engineer Barbour on the water and sewerage situation will likely be in the hands of the city council the latter part of this week. It seems to be a general impression that he will recommend the installation of a filtration plant. Mayor McNally expects such a recommendation and says it will be promptly carried out by the council. Contract for a modern system of sewerage will also be let this autumn.

The skull was crushed over the left ear and although some of the most eminent physicians in the country attempted to relieve the blow, within the past few days cerebro spinal meningitis set in, and death was expected at any time. The accident occurred while Miss Cran was driving home from Pittsfield. Miss Cran leaves a widowed mother, a sister, Mrs. J. Woodard Haver, of New York, and a brother, J. Sargent Cran also of that city.

About midnight the germs began to collect on the stones that protrude from the elegant water surrounding the piece of floating shingle that was to be the battle ground. There was a preliminary bout between a diphtheria germ from the South End and a cholera germ from the Aberdeen school dump, and as both were viry and active, the honors were about even. When the microbe and the bacillus appeared there were hearty rounds of microscopic applause, and a typhoid fever germ shouted in the language of the clams:

"What's the matter with Murdoch? He's all right!" The bacillus had the advantage in the first round, but the microbe was more active, and the fight was fast and furious. The crowd became so excited that in the sixth round there were smaller fights on several of the grand stands, and even the seconds became abusive. One of them called the other a microcephalous blatherer. In the ninth round it was seen that the microbe was going, and a well directed punch just after the tenth round was called knocked him out. There was a dispute, however, about an alleged foul in the eighth round, and the referee declared all bets off. He disappeared immediately after announcing his decision, and the matter will be referred to the Micro-Police-Gazette for settlement. The germs desire through the Times to thank Supr. Murdoch and the water board for granting them the use of the fountain, and forgoing the license fee expressed in such cases. A cholera germ expressed his desire to do a good turn for any member of the water board whenever it may be in his power.
