#### THE METAL MARKET

In its summary of the iron, steel, metal and machinery markets for the week ended June 26, Canadian Machinery and Manufacturing News, Toronto, makes the following observations:

The abnormal conditions in the steel industry in the States continue to be reflected in Canada. As predicted last week, prices of a number of steel products have advanced, including iron and steel bars, plates, shapes, black, blue-annealed and galvanized sheets, Canada plates, and wire products. Consumers, anxious to obtain steel, are paying fancy prices and are thus assisting materially in the upward movement. The shortage of steel is becoming more acute, causing considerable inconvenience to consumers who are getting behind in their work, owing to their inability to get material on time. The Canadian mills are booked up for at least six months and their output is largely being absorbed for war purposes, thus private consumers have to rely on United States mills for a considerable proportion of their requirements.

Extraordinary prices are being paid for ship plates and shapes, and some mills are refusing business, so heavy is the demand. Domestic foundry pig-irons are still off the market and no prices are being quoted. In the States pig-iron prices are still climbing and the end is not in sight. The situation in the market is unsatisfactory owing to the heavy demand and scarcity of pig-iron.

Prices of non-ferrous metals are unchanged from last week. The markets are dull with business practically at a standstill, as both producers and consumers are awaiting developments pending definite action on the part of the American government. The scrap metal market is also dull and featureless. Consumers are staying out of the market hoping for lower prices, which does not appear probable, owing to the scarcity of scrap and tendency to higher prices for all metals. The situation in the machine tool market is much the same as last week. Prices continue to advance and deliveries are getting more backward.

Carter, LL.D., chief superintendent of education, who also presented the graduation certificates to the following in order of merit: Annie Elizabeth Gallagher, Ernest LeRoy Chipman, Josephine Kathleen Lawrence, Alice Bell Clarke, William McLeod Sharp, Helen Jarvis Hill.

National anthem.

Special interest was added to the evening's entertainment by the presence of Hampton's gallant soldier son, Major Roland Barnes, who four years ago himself was a graduate of this school. The esteem in which he is held by the Hampton citizens was plainly evident by the cheering with which he was greeted as he arose to perform his part on the programme. In a modest and manly manner Major Barnes in a few words expressed his appreciation of the reception given him by his Hampton friends.

#### LOWER PRICE BUT NO COAL

When asked whether or not the decision of the coal operators at Washington to reduce their coal prices would affect the local market, F. P. Starr stated yesterday that it was too early yet to make a statement in the matter. It would be some time yet before their decision would reach as far as St. John. He stated, however, that the operators had already made a reduction, but when asked to supply an order they stated there was no coal to be had.

The mayor still has the matter of municipal coal yards in hand and is getting all the information he can, and it is expected he will be in a position to submit a complete report at the next meeting of the common council. It is the understanding that C. A. Magroth, the dominion fuel controller, is dealing directly with Washington in the matter, and that he will have absolute knowledge as to what extent the decision will be relieved by the decision of the United States coal operators.

#### THE NEW MINISTERS.

This coming Sunday the changes of Methodist clergymen in the province becomes effective according to the ruling of conference. Rev. H. A. Goodwin, of Moncton Central church, is expected in the city next week and after next Sunday will take charge of Centenary church while the present pastor, Rev. W. H. Barnackough, will take his church at Moncton. Rev. George F. Dawson, M. A., comes from Alberton (P. E. I.) to take Exmouth street pulpit, from which Rev. W. G. Lane has retired. Rev. Henry Penna takes the place of Rev. R. S. Crisp at Carmichael street Church, he having likewise retired. Rev. Thomas Marshall, of Fredericton, takes the place of Rev. Gilbert Earle, of Fairville, the latter having decided to go to Trinidad for a year. Rev. Mr. Marshall will also be chairman of the district. Rev. F. E. Boothroyd, of Oromocto, replaces Rev. Thomas Hicks at Zion. The ministers leaving St. John congregations will preach their farewell sermons on Sunday and the new ministers will take charge immediately.

#### RECENT DEATHS

The home of Andrew McKay, of Florenceville, N. B., has been doubly saddened in the last few days by the death of his two eldest sons. On June 14, Edwin McKay, was removed from his home to Fisher Hospital at Woodstock, but died from the effects of an operation. He was married and leaves, besides his wife, four small children. On June 19 a younger son, John W., who was in Montreal being treated for cancer, passed away. He was thirty-three years of age. Both young men were very popular.

#### The Soldier's Parcel.

This is extracted from a letter recently sent home by a young soldier in France: "In future I think you had better cut down by one half the number of parcels you are kind enough to send out to me. One a month will do, and I ask for nothing more than a cake, and what fresh fruit and miscellaneous articles I specially ask for. You people at home, I see, are asked to eat less. We are not on rations here, and we are very well fed, so the least we soldiers can do is to get along without the 'goodies' that fill most of the parcels that come out here. They have been and would be welcome, for they relieve the monotony of our diet, but they are not necessary to health, and we can very well do without them. If the ration at home does not permit of a cake once a month, knock that off also; I shall not mind a little bit."
