### IN PARLIAMENT

A vote of one hundred million dollars for war purposes is the first business of parliament.

Sir Robert Borden has given first place on the order paper to a resolution on which a bill will be based, appropriating \$100,000,000 for war expenditure. According to the resolution the money is to be devoted to the following purposes:

"A"—The defence and security of Canada.

"B"—The conduct of military or naval operations in or beyond Canada.

"C"—Promoting the continuance of trade, industry and business communication, whether by means of insurance or indemnity against war risk, or otherwise.

"D"—The carrying out of any measures deemed necessary or advisable by the governor-in-council in consequence of the existence of a state of war.

### Various Forms Of Headache

"It is necessary in order to treat headaches properly to understand the causes which produce the affection," says Dr. J. W. Way of Brockton, Ala. Continuing he says: "Physicians cannot even begin the treatment of a disease without knowing what causes give rise to it, and we must remember that headache is to be treated according to the same rule. We must not only be particular to give a remedy intended to counteract the cause which produces the headache, but we must also give a remedy to relieve the pain until the cause of the trouble has been removed. To answer this purpose Anti-kamnia Tablets will be found a most convenient and satisfactory remedy. One tablet every one to three hours gives comfort and relief in the most severe cases of headache, neuralgia and particularly the headaches of women."

When we have a patient subject to regular attacks of sick headache, we should caution him to keep his bowels regular, for which nothing is better than "Aristol" and when he feels the least sign of an oncoming attack, he should take two A-K Tablets. Such patients should always be instructed to carry a few Anti-kamnia Tablets, so as to have them ready for instant use. These tablets are prompt in action and can be depended on to produce relief in a very few minutes. Ask for A-K Tablets.

Anti-kamnia Tablets can be obtained at all druggists.

W. B. Dickson, M. P., speaker of the legislature, has suffered a relapse. His condition is precarious and there is no chance that he will be able to attend the coming session.

## SENSATION IN POLICE CIRCLES

One Sergeant Dismissed; Another Reduced to Ranks

### TROUBLE FOLLOWS PROTEST

**Lively Session With Commissioner**  
When Citizens Call to See About Dismissal of Sgt. Finley—Baxter to Ranks; Smith to Carleton; Sullivan to Be Sergeant

(Daily Telegraph).  
A great upheaval was created in police circles yesterday. Sergeant W. H. Finley, in charge of the western division, was dismissed. Sergeant John J. Smith, formerly in charge of the day patrol in the northern division, was transferred to the west side, and Sergeant Charles Rankine was promoted to the day division in the North End, and Police Constable Sullivan was decorated with three stripes and went on in charge of the night patrol in the North End last night. Sergeant George Baxter was reduced to the ranks.

The dismissal of Sergeant Finley brought a protest from the West Side citizens and J. William Smith, who is Commissioner McLellan, and Chief of Police Sullivan, yesterday afternoon, and after a very lively session, came away threatening to start a recall petition against the commissioner. It is understood there were some very pointed personal exchanges between the commissioner and Rev. W. R. Robinson, who was one of the west side delegates, the other members being Rev. H. E. Thomas and W. D. Baskin.

These changes have been made for the good of the service," said Commissioner McLellan, when asked for a statement yesterday evening. "I cannot make public the reasons which guided us in making them. I can say as regards Sergeant Baxter that there is nothing against his record, but he is only able to do patrol work and the city cannot afford to give Sergeant's pay for him."

Sergeant Finley had been on the force about fifteen years and has served in the city division as patrolman, in the North End as acting sergeant and for several years as sergeant in charge of the western division. Sergeant Smith has only recently been appointed to the day command of the North End force, succeeding Sgt. Kilpatrick. Sergeant Rankine was taken from the ranks to become night sergeant in the North End last evening. Police Constable Sullivan has given long service as patrolman in the city division.

### A Lively Meeting

The interview spoken of took place at the chief's office about 4 o'clock yesterday afternoon with the chief, commissioner and the four gentlemen mentioned being present. The chief was asked by Sgt. Finley why he had been dismissed, and it is understood, referred the gentleman to the commissioner. The commissioner replied that he did not consider the officer a fit man for the position. Reference was made during the interview to the testimony of two former members of the force, now in Fredericton, given at one of the police investigations and which questioned Sgt. Finley's word.

Rev. Mr. Robinson remarked at one stage that the commissioner was not very particular as to the kind of men being taken on the force at present. The commissioner asked what he meant by this, and Mr. Robinson said, "What about Belyea?" The commissioner said, "What about Belyea?" and Mr. Robinson's reply was, it is reported, "That's all right, Mr. Commissioner, you can't put any bluff over us."

Commissioner McLellan is understood to have replied that he might also go in to Mr. Robinson's record.

Mr. Smith, in taking part in the discussion, referred to the possibility of recall being instituted against Commissioner McLellan, and the commissioner said he had invited Mr. Smith to work the recall and run against him.

Rev. Mr. Thomas asked Commissioner McLellan if it was that Sgt. Finley had been faithful in enforcing the liquor license law in Carleton had anything to do with his dismissal.

Commissioner McLellan replied: "What do you think I am? Of course not. You ought to know no clique of any kind could control me."

Mr. Thomas last night said: "It was not a temperate delegation which walked on the chief and commissioner, but we were merely acting as citizens who believed Sgt. Finley to be a fit man for the force. We wanted reasons for his dismissal. We found that the chief knew nothing of his record, but that the commissioner was the man behind. Now I have nothing against Commissioner McLellan. I have admired him for his independence, but it appears that in this matter he is acting from personal feeling without giving definite reasons, and I am only one of many citizens of the west side who would be willing to join in a movement to recall the commissioner. I understand there is a great deal of feeling on the west side, and that an indignation meeting will be called for the purpose of discussing action."

Interviewed after the meeting, Commissioner McLellan said that before the gentlemen made any criticism of him for what he had said they should remember that they had first insulted him.

Another Report.

The Standard's description of the climax of the meeting is as follows:—  
Rev. Mr. Robinson to commissioner: "Your object is to secure efficient men, in character and otherwise, on the force?"  
Commissioner—"Yes."  
Mr. Robinson—"Then why is it that

a man who had been dismissed from the force by the ex-chief for cause" was taken back on the force recently?"  
At this remark, one of the delegation stated that the commissioner jumped up from his chair and, thumping the chief of police's desk, spoke out in a very loud voice to Rev. Mr. Robinson, "You're no good, you're like that thing down there that splits the New Freeman."

Rev. Mr. Robinson to Commissioner McLellan—"You're a bluffer, such language as that does not sound well coming from a commissioner of public safety."

At this stage all those present in the office were on their feet and nearly all were trying to talk at the one time. There was no end of the confusion and the door of the chief's office was opened. The loud talk of the commissioner, and Rev. Mr. Robinson could be plainly heard by workmen and others in the guard room. At the door before departing the commissioner in a remark to Rev. Mr. Robinson who had said he was elected by the citizens and I don't think you're a nice specimen of citizenship, you're a shyster."

Rev. Mr. Robinson—"I don't think you're a specimen of citizenship intellectual or otherwise."

Mr. Baskin—"The citizens of the west and east sides have a chance to voice their feeling in a recall."

Commissioner—"I don't care, I was elected by the citizens and I'm going to run the police department."

Mr. Smith—"That's quite evident."

Commissioner McLellan—"I don't care about you."

Mr. Smith—"And I don't care two buttons about you."

Commissioner McLellan—"If there was a recall and you and I were running against each other you would have a chance to see what the people think of us."

This was apparently enough of the delegation for the commissioner who said, "Well, you can get out of here," and the four delegates left the police station, talking among themselves and not as well pleased as they were when they first entered the building.

## HAD INDIGESTION FOR OVER 10 YEARS.

### ALMOST DESPAIRED OF EVER GETTING WELL.

Indigestion is one of the worst forms of stomach trouble. The stomach becomes upset and you have a raw, debilitating feeling in it. After a meal you feel that you must get rid of that nasty, bilious, burning sensation. It is not necessary for you to be troubled with indigestion if you will only try that old and well-known remedy, Burdock Blood Bitters, which is a combination of nature's best known roots, herbs and barks for the cure of all stomach and blood troubles.

Mrs. Mary McKay, Hunter's Mountain, N.S., writes: "I was troubled with indigestion for more than ten years. I tried several doctors' medicines claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a try. After taking two bottles I was completely cured. My appetite which was very poor is now good, and I can eat most everything without any disagreeable feelings."

I can strongly recommend B.B.B. to anyone suffering from indigestion. B.B.B. is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

### WAR NOTES

The New Zealand contingent of volunteers and, possibly, some Australians had their first baptism of fire yesterday in warding off an attack on the Sussex canal by a force of about 15,000 Turks. The British losses were fifteen killed and fifty-eight wounded, while the Turks lost 800 men in all, besides a very large number killed and wounded.

Wm. Lansdale, a British soldier, sentenced by a German court some weeks ago to death for an assault on a German non-commissioned officer, has had his death sentence reduced to twenty years in prison.

Great Britain has decided that, if the American steamer "Dolphin" is found with foodstuffs for Germany is intercepted, her cargo will be submitted to a prize court.

In an official statement from Paris yesterday it was said that the finance ministers of England, France and Russia had met in Paris and resolved to unite their forces, financial and military, to continue the fight as allies. A loan is to be issued in the name of the three powers.

### What Will Happen

A century ago, with our then allies we warred down the despotism of the first Napoleon; today, with the powerful nations arrayed with us, and with the vast though only partially mobilized forces of the British Empire at our back, but we must be careful to vary the monotonous tyranny that ever oppressed the souls of men—Prof. Baldwin Brown.

### HOW TO CURE A CHRONIC COUGH

Told in the Following Letter by a Jackson Man Who Knows from Experience. His Word Is Good.

Jackson, Miss.—I am a carpenter, and the gripe left me not only with a chronic cough, but I was run-down, worn out and weak. I took all kinds of cough syrups but they did me no good. I finally got so weak I was not able to do a day's work, and coughed so much I was alarmed about my condition. One evening I read about Vinol and decided to try it. Before I had taken a quarter of a bottle I felt better, and after taking two bottles my cough is entirely cured, all the bad symptoms have disappeared and I have gained new vim and energy."

—JOHN L. DENNIS, 711 Lynch Street, Jackson, Miss.

The reason Vinol is so successful in such cases is because the active medicinal principles of cod liver oil contained in Vinol rebuilds wasting tissues and supplies strength and vigor to the nerves and muscles while the tonic iron and wine assist the red corpuscles of the blood to absorb oxygen and distribute it through the system, thus restoring health and strength to the weakened, diseased organs of the body.

If Vinol fails to help you, we return your money.

## WHEN RHEUMATISM STRIKES THE HEART IT KILLS—"NERVILINE" THE CURE

Effect of Nerviline on Chronic Cases is Almost Magical

Exposure to wet or cold is apt to bring on an attack. The muscles stiffen, the joints swell, and exertion brings on excruciating twinges. Often the pain shifts from one part to another, and this is dangerous, as the heart is apt to be attacked. Death as a rule follows a heart attack. The pain of rheumatism is quickly rubbed away with Nerviline. This is a swift, lasting, and safe way to cure rheumatism. You can depend on Nerviline. It has the power, the penetrating force, the control over pain that is so essential to a rheumatic remedy.

Lots of testimony to prove Nerviline's certainty to cure. The following letter is from Mr. E. G. Sautter, Port of Spain, Trinidad: "Last year I was severely troubled with rheumatism. I had it in my arms, shoulders and knees. The pain was at times excruciating, and laid me up so that I couldn't work. I went to Smith Brothers' Drug Store and was advised by the manager to use 'Nerviline.' That was excellent advice. I used Nerviline as directed and was cured, completely cured of every trace of my old enemy."

Once you use Nerviline you'll realize it's different from all the others—that it contains something that gets right to the pain the minute you rub it on. The large 50 cent family size is the most economical—get it today, or else the 25 cent trial size. Sold by dealers everywhere, or the Cataractone Co., Kingston, Canada.

## PECULIAR AFTER EFFECTS OF GRIP THIS YEAR

Leaves Kidneys in Weakened Condition

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are often very distressing and leave the system in a rundown condition, particularly the kidneys which seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles. Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root is a great kidney, liver and bladder remedy, and being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root, on receipt of ten cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular size bottles 75c. and \$1.25. For sale at all druggists. Be sure to mention this paper.

A collector for an instalment system establishment, new at the business, and very sensitive about performing his unpleasant task, was particularly embarrassed because the lady upon whom he called was so exceedingly polite. Still, he was at the door, the lady was in arrears in her payments, and he remembered his duty.

"Good morning!" said the old lady. "It's a beautiful day, is it not?"

"Beautiful indeed!" he agreed.

"Won't you take a chair?" she said.

"No, thank you, not this morning," he stammered. "I think I'll take the pill."

## Perfect Carbon Copies

More than any other Machine will give you

When it comes to manufacturing, the "Empire's" unique action gives it a clear lead over other machines. In others the type swings up at the end of an arm, and strikes with only the force of its own momentum. In the "Empire" the type travels horizontally, "straight-from-the-shoulder," and meets the paper squarely, no matter how many sheets there may be. The key pressure follows the type right through the stroke, and drives it against the paper with as much force as the operator desires.

That is why the "Empire" will make more clear carbon copies at once than any other machine.

### "Empire" Action

The simple, sturdy "Empire" is the only typewriter "Made in Canada." It costs from \$40 to \$60 less than other imported machines, and yet does more work. Examine it before you buy—you'll choose it because it is the best value.
