Cheese sold at 17 cents for twins and 17½ cents for triplets at the fortnightly meeting of the New Brunswick Cheese Board held yesterday afternoon in the Board of Trade rooms. Harvey Mitchell, Deputy Minister of Agriculture, presided, and all of the 1,360 boxes offered for sale were readily purchased.

The selling price showed a one cent advance on the price of the previous week but was greatly below the price that had been paid on the corresponding date of last year when twins brought 23 cents a pound and triplets sold for 23½ cents. The number of cheeses offered yesterday was nearly twice as great as the number that had been offered on the corresponding date of the previous year, when only 766 were marketed. Never a Night
Should pass without this simple rule in skin care being practiced
By NORMA TALMADGE

It has brought the reward of natural skin loveliness to thousands

Do you use powder, rouge or make-up—ever? If you do, by all means start tonight with this rule in skin care.

Because they know this rule, thousands of women thus successfully safeguard both their youth and their priceless complexion.

On the other hand, because they don't know it, thousands imperil theirs. Not every woman knows that failure to thoroughly wash the skin and pores of make-up before bed (with a gentle soap like Palmolive) is one of the greatest mistakes in skin care she can make.

Powders, rouge and all cosmetics have a tendency to clog the pores... often to enlarge them. Blackheads and disfigurements often follow. Never let make-up stay on overnight. This is all-important, a fundamental in correct skin care.

FOR A RADIANT TOMORROW DO THIS TONIGHT

Wash your face gently with the soothing lather of Palmolive Soap, massaging it softly into the skin. Rinse thoroughly, first with warm water, then with cold. If your skin is inclined to be dry, apply a touch of cold cream—that is all.

Follow these rules. Your skin will be soft and lovely. As the months roll by, you'll need fewer and fewer cosmetics.

BE SURE YOU GET THE REAL PALMOLIVE

And it costs but 10c the cake!—so little that millions let it do for their bodies what it does for their faces. Obtain Palmolive today. Note what an amazing difference one week makes. The Palmolive Company of Canada, Limited.

"Only One Thing—Kept that Business Going"

WHEN Jim Elliott suddenly passed away, some people said the firm of Elliott and Barclay would fail. Barclay, the younger partner, handled the sales end, relying almost entirely upon Jim's judgment in financial matters. So it was predicted that since Barclay apparently lacked the capital to carry on while adjusting himself to his now greater responsibilities, the firm would be forced into liquidation.

But nothing like that happened—thanks to Jim Elliott's foresight. Five years before his death he foresaw the dire possibilities of such an emergency and in the interests of his own family as well as Barclay's, he insisted that he and his partner invest in Business Insurance.

When Elliott died, that Business Insurance saved the firm; it firmly established Barclay's credit and eased his mind of financial worry during the critical period of re-adjustment. Thus not only the future of the Elliott family but also the success of the business was entirely safeguarded.

Today the firm of Elliott and Barclay is flourishing and stands as a monument to the former's sound business sense. Business men owe it to themselves to investigate Business Insurance. It is all that its name implies. The attached coupon will bring full particulars.
