THE LAST STEAMER.
The steamer Oceanic closed the season of navigation on the St. John route for this season when she came down from Wickham last evening. The river, which had been closed for some time, is now open again. There is still open water part of the distance up from the city, but not far enough to make it worth while for a steamer to remain in service, and the whole river will doubtless soon be sealed with ice.

MRS. MARGARET PETERS.
Early this morning Mrs. Margaret Peters, widow of Hugh Peters, passed away, after a lingering illness. She is survived by one son, H. J. Peters, of this city; one daughter, Mrs. Leslie Steele, with whom she made her home; one brother, Henry McCafferty, of Windsor, Ontario, and one sister, Mrs. Catherine O'Donnell, of this city. The funeral will be held Wednesday morning, from her late residence to Holy Trinity church.

TRAFFIC CASES.
Oliver Blizard was fined \$10 today, when he pleaded guilty to a charge of driving a double team which he was driving to stand in Union street without a foot-strap and unattended on Nov. 14.

John Gallagher, charged with failing to stop when ordered to do so at the foot of King street, said he was a little deaf and had not heard the officer or seen his signal. Policeman Chisholm testified that he had signalled to the defendant and had shouted at him three times, loudly enough to be heard in Dock street. He was fined \$10.

Wright of 54 Guilford street, West St. John, was with him at the time of the operation, which was kindly performed by Dr. McCaustlin of Boston, a noted surgeon. He expects to leave the hospital before Thanksgiving, and will be in St. John for Christmas.

AUTOMOBILE TOUR.
A city driver who took a party to the Manor House at Glen Falls on Saturday evening found the prevailing fog a source of trouble. Making the road on the return trip, he found himself a bit later in a ditch away up at the dam. He did not know where he was until two ladies informed him. Then he had to go three miles to get a horse to pull him out. That being done, he started for home again, but in the fog took another ditch. This was negotiated more easily, and the city was reached without further trouble. An experiment of dimming the lights in fog was tried and was said to have proven very satisfactory.

THE CADETS.

NEW KIND OF CASE IN COURT

Outgoing Tenant Said to Have Marked Walls With Personal References to the Landlady.

Harry Masters, charged with marking over the walls of a house he had just vacated, pleaded guilty today in the police court. Mrs. Ida Fuller testified that she owned the house, 74 Dorchester street, in which the defendant had been living for two years. He moved out last week, and on going into the house she found on the walls several personal remarks about her and some pictures to which her name was attached. One of the pictures was that of a cat's head.

Thomas X. Gibbons corroborated her evidence about the wall, and said the defendant refused to give him the key for Mrs. Fuller when she wished to rent the house.

The defendant asked Mr. Gibbons whether he had approached him and addressed him in a respectful manner. The witness replied that he had merely asked him for the key.

He was told by the magistrate that he should have bowed down before him and showed a humble spirit. The case was postponed until Friday for the defendant to get counsel.

Six men, charged with being drunk, pleaded guilty and were remanded.

Daniel Hatfield, charged with operating a motor car while under the influence of liquor, pleaded guilty and was remanded.
