## THE OTHER SIDE.

Prof. J. A. Nicholls of Boston, in an The visit of Hon. W. S. Fielding to address before the Dominion Alliance

washington has naturally given ince to much speculation. He believes in reci-procity, and but for the flag-waving tac-tics of the Conservatives Canada would have had the advantages of reciprocity. advantages of reciprocity

some years ago. The Fordney tariff bill erican congress is a jails had been closed in Boston, as well now before the American congress is a sufficient reason for an effort to improve trade relations between Canada and her neighbor, and anything Mr. Fielding chain last year of license before the war rested 129,458 peo-only by the Liberals, but by the Prog-ressives. The people of the maritime provinces, deprived of a Canadian mari-ket by excessive railway freight rates, is series than in other the parts in 1918 there were arrested 56,011 per-need of reciprocity. They will be very keense that in 1920 there were 19,867 ar-that may be brought about. We are told that Mr. Fielding's first message, if he has any, will be delivered to parliament, but the time of waiting will not be long as the members are already beginning to gather at Ottawa. The new govern-ment could not better signalis its as sumption of power than by making mitually advantageous trade agreement with the United States. sufficient reason for an effort to improve as the house of correction. Official rec- it to the parson.

RECIPROCITY

ADVERTISING FOR TOURISTS. say about the Quebec law. We quote it's 'cause I don't get things given to m Reference was made a few days ago

in this paper to the benefits Maine de-rives from tourist traffic, and the pro-gramme' of its publicity bureau for the future. It is of further interest to note that they have a publicity bureau in the city of Vancouver. Its manager, Mr. J. Reginald Davison, was in Montreal last week and in an interview sold Van

city of Vancouver. Its manager, Mr. J. Reginald Davison, was in Montreal last week, and in an interview said Van-couver had found that advertising pays. We quote from the Gazette:— "Mr. Davison reports that gratifying results have followed the advertising campaigns undertaken by the Vancouver bureau, which is conducted under civic auspices, with financial support from the business interests of the city. In ad-business interests of the city. In ad-titics the compatibility of the adjacent "It is the can do something with it, business interests of the city. In ad-titics the compatibility of the galacent "It is conducted under civic auspices, with financial support from the business interests of the city. In ad-

dition to co-operating with the adjacent states of Washington and Oregon in advertising the attractions of the North-

toward the support of the bureau."

Mr. Davison laid emphasis upon the

fact that in Vancouver practically the

West region for tourists, the bureau YOUNG OLD MEN. does special advertising in the prairie The Montreal Gazette, in support of

provinces throughout the winter and it the contention that if it be true that it is estimated that the number of sois "the pace that kills," the saying is journers from these provinces in Vancouver averages 8,000 each day from much oftener strictly true when applicable to the pursuit of pleasure than of business, cites a few interesting exam-"Because he is always think-ing great thoughts." Tommy—"And why have you so November to March. In the summer special advertisements are inserted in

the Seattle and Portland newspapers, ples as follows: "Judge Gary, who is head of the Unit-

holidays, and the result is apparent in ed States Steel Corporation, is over sevthe customs entries, which show that last enty years of age; in fact, he was a man " summer over 14,000 cars crossed the border from the United States. The mer-berts of Vancouver and that the in crease in business directly traceable to somewhere around the same age as these holiday and week-end visitors pays handsome returns upon the comparativehandsome returns upon the comparative-ly small contributions which they make toward the support of the burgen" either in energy or initiative. Lord Leverhulme has set himself the task of

showing that there is a higher synthesis, Knights of Columbus Amain which hustling is revealed as a sure means of self-preservation. He makes whole mercantile community benefitted the allegation that there are men today whole mercantile community benefitted to a greater or lesser extent by the tourist traffic, and therefore all its mem-bers were quite willing to subscribe their bers were quite willing to subscribe their due proportion of the outlay in adver-have cited John W. Booth of Ottawa, been treated to such an excellent amateur

active in business life, and he might propertion of the outlay in advertising." There is here a suggestion that might prove of some service in getting funds to advertise the advantages of St. John.
IT READS WELL
The Toronto Globe declares that Toronto is not hostile to the maritime provinces, and quotes a previous article in which it said:
"The cost of the canals is not charged up against Ontario and Quebce as disticute from the rest of Canada; ant there first cost of the Intercolonial should not be charged up against the Atlantic Provinces, and the rest of Canada; ant the first cost of the Intercolonial should on to be adjusted so as to bear that bury defined to life. Activity of some or tis essential, and the individual who is stadily engaged in work or business of the same previous strike in an unexpectedly short period passing to the first cost of the Intercolonial should not be charged up against the Atlantic Provinces, and that reacting to over do life. Activity of some or tis essential, and the individual who is stadily engaged in work or business and the restring to over do the same transmite the first cost of the Intercolonial should and the individual who is stadily engaged in work or business and the restrict of the Canadia and the individual who is stadily engaged in work or business are and ways the advect way to the there to the there to restrict the the restrict to clear the two provinces, and that recondentiate the too tift. Activity of some is stadily engaged in work or busines and the restrict to the enditing to overdo it, has as a general rule the longest lease on life.
The there is here the endertage the two provinces and the recondentiate the restrict to clear there is conditions the restrict to the endition of the enditis to clear the endition the individual who is tareep
