ACCUSATION MADE AGAINST GERMANY

Further Revelations By Count Czernin of Austria

BREST-LITOVSK TREATY

Says Germany Dominated in That Matter—The Grab for Roumania and the Resignation of Czernin

Vienna, Dec. 10.—(By the Associated Press)—Count Czernin, former Austro-Hungarian foreign minister, has made public the substance of a series of notes kept by him upon the negotiations for the Brest-Litovsk treaty. He says that negotiations show how Austria-Hungary's policy was subordinated to Germany. He declares that he could exercise no pressure on Germany from which he had "to beg immediate food supplies, making the threat of a separate peace futile."

The Germans, the count asserts, announced that they would march on Petrograd if the Russians did not yield. "On Feb. 7, when the negotiations were resumed," continues Czernin, "Von Kuehlmann (then German secretary for foreign affairs), accepted Austrian mediation, but Trotsky stood out for territorial concessions and no independent peace with Ukraine." All these negotiations failed because Von Kuehlmann was compelled by German general headquarters to act quickly.

Count Czernin described the negotiations leading up to the treaty of Bucharest, in which he says Hungarian opposition to peace by compromise dominated because of conflicting claims between Germany and Hungary. "Hungary wanted the frontiers so altered that a repetition of the invasion of 1916 would be prevented," Count Czernin says. "This meant the ceding to Hungary of Roumania's valuable oil districts, which was not welcomed by the German military party, with its greed in economic matters. Germany's plan was to secure economic privileges which would amount to an indemnity. The plan was to force Roumania to cede to Germany her oil lands, railways, ports and state domains and submit to permanent financial control. An undertaking was eventually reached as to Bulgaria's demand for the province of Dobruja, which would shut off access by Roumania to the port of Constantza. Under these conditions I resigned from office."

FREIGHT CAR HITS TWO AUTOS; FIVE KILLED, TWO MORE MAY DIE

Cleveland, Dec. 18.—Five are dead, one is dying and another was probably fatally injured here last night when a freight car jumped the tracks and crashed into two automobiles. Three of the victims were sailors in one of the automobiles.

FRENCH MARINES TAKE CHARGE IN ODESSA

Paris, Dec. 13.—(Havas Agency)—French marines have entered Odessa, Russia, and have received a cordial welcome from the people there. The fortress and city of Sebastopol have been cleared of German soldiers who were causing disorders, it is alleged, with the connivance of the Bolsheviks.

At a meeting of the commissioners of the St. John County Hospital held yesterday afternoon it was decided to take over the new wing for the care of tubercular soldiers. Dr. A. Pierce Crockett was appointed official oculist and aurist of the institution.

GERMAN "TIN GODS"

I remember once going for a little tour in Germany, says a writer in the Daily Express. I travelled in Rhine tugboats by day and slept on shore at night in the picturesque little river towns. At Bonn one evening I saw an officer deliberately elbow a civilian off the pavement into the road. The officer was about twenty-five, the civilian looked at least sixty. The old man took off his hat—I presume in gratitude for the attention bestowed on him by the military god. That is a scene that must have occurred a hundred thousand times in Germany during the last forty years. And that is probably the reason why the people have turned suddenly. Now it is the military boss who is being pushed off the pavement into the gutter.

THRILLING WEEK ENDS.

It is curious to recall how many thrilling Saturdays and Sundays there have been during the war. It was on a Sunday that Germany committed her first definite act of war. On a Sunday the London Times published its telegram about the retreat from Mons which created so painful a feeling in the country. The crucial day of the second battle of Ypres, when the Germans nearly broke through with the help of gas, was a Saturday. It was on a Saturday that the earlier dispatches regarding the battle of Jutland created so unfortunate an impression, and it was on a Saturday in March this year that we began to realize, foundry and store, able to do any offensive of that month.

DOCTORS DISAGREE ON TREATMENT OF SPANISH INFLUENZA

Chicago, Dec. 12.—Unable to formulate a definite plan for fighting influenza, because of divergent views, the American Public Health Association, before it adjourned today gave out copies of all the medical and scientific data presented during the four-day discussion with an explanation that different epidemics required separate treatments.

"The various communities for which we are working will know that we have at hand the best available information science has yet discovered concerning the disease," said Dr. Charles J. Hastings, of Toronto, Canada, retiring president. "We cannot expect to draw up a definite programme for combatting influenza epidemics when we see so wide a divergence of opinion among medical authorities as has been shown here."

Health officers from the southeast, especially Dr. S. W. Welch, of Montgomery (Ala.), favored strict quarantine measures and those from smaller cities were moderately favorable to quarantines and the use of masks, while health officers of the larger cities opposed both these measures and placed great reliance on vaccine.

"After all, it is a question of applying to your own communities the most practical remedies for the conditions encountered there," said Dr. Welch. Organization of a federal department of health and union of various semi-public and private health associations was urged today by Dr. George E. Vincent of the Rockefeller Foundation.

CANADA'S TRADE FALLS SHARPLY FROM 1917 MARK

Ottawa, Dec. 12.—The figures of Canada's trade for the eight months of the fiscal year, or to Nov. 30, show a total decrease of \$83,217,771 in the trade of the dominion when compared with the figures of 1917. The total of exports and the present year was \$1,491,797,088, while a year ago it was \$1,575,014,859. For the month of November alone the decrease in trade was \$70,223,779, the total being \$197,248,153 less than against \$267,466,932 in November, 1917. The statement given out by the customs department shows that for the eight months of the present fiscal year the total value of domestic merchandise exported was \$269,972,026 less than for the same period in 1917. Imports were \$77,746,094 less than a year ago, and the duty collected, amounting to \$107,086,732, was \$7,850,292 less than in 1917.

So far, the decrease in the export of domestic agricultural products, when compared with 1917, amounts to \$194,488,901 and in manufactured articles to \$82,639,415. The total export of forest products is \$12,382,157 greater than in 1917, and the export of minerals is more than a million more than last year. The total export of animals and their produce is more than \$6,000,000 less than a year ago.

NEW COMPANIES.

Fredericton, Dec. 12.—William L. McAdoo, of Kars, Kings county; George R. McKean, of St. John, and W. E. Golding, of St. John, have been incorporated under the name of the Hampshire Lumber Company Limited, with a total capital stock of \$12,000 and head office at Hampstead. The company is empowered to carry on a general lumbering, milling and pulpwood business. By supplementary letters patent the name of Canadian Gear Works, Limited, has been changed to Miramichi Manufacturing Company Limited. The preference stock of the company is increased from \$24,000 to \$60,000 and the common stock from \$24,000 to \$32,000. Mr. and Mrs. Gordon Wright, of London (Ont.), addressed a well attended meeting in the city opera house tonight in the interests of the Associated Kin of the Canadian Expeditionary Forces. An organization for Fredericton was begun.

Mrs. H. M. Blair.

Word was received in Fredericton of the death in Halifax of Mrs. Harry M. Blair, formerly of that city, who succumbed to pneumonia. The deceased went to Halifax some months ago with her husband formerly secretary of public works for New Brunswick, who now is engaged in reconstruction work. The deceased was aged forty-one years. She is survived by her parents, Mr. and Mrs. G. Fred Brown, of Fredericton; also by two sisters, Miss Laura Brown, now in Massachusetts, and Mrs. Turner, of Boston, and by one brother, Hayward Brown, of Marysville.

CURED OF DYSPEPSIA BY USING BURDOCK BLOOD BITTERS

The symptoms of dyspepsia are so numerous and diversified in different individuals that probably no description could exactly represent them as they occur in any given case, but a few of the most prominent are a rising and souring of food, pain, flatulence and distention of the abdomen, a sensation of discomfort after every meal, which is sometimes followed by sickness and vomiting.

To get rid of dyspepsia a careful arrangement of the diet is necessary and due time must be given for the digestion of the meal.

You will find that Burdock Blood Bitters will help with this digestion. It does this by tuning up the stomach in such a way that the dyspepsia soon disappears. Mr. Robt. Baldwin, Winifred, Alta., writes: "I cannot speak too highly of Burdock Blood Bitters for curing dyspepsia, of which I have been a sufferer for years. I have tried a good many doctors and proprietary medicines, so one day I thought I would try something different. I got a bottle of B. B. B. from our local store, as it was about the only remedy he kept, and I can certainly say that I was more than pleased with the result, as I got better right away. I will always recommend it to other sufferers."

Manufactured only by The T. M. Burn Co., Limited, Toronto, Ont.
