The Juniors Will Do Battle Again To-Day_The Race of the Seniors.

Race Between the Seniors Is Expected to Prove an

and Portland crews. All the oarsmen

mark the various distances of the course city. Mr. Dallain is an enthusiast, if ever there was one, and in preparing the A. A. ourse and its accessories he hit upon a happy idea in regard to the flags, which 3, Vancouver; 4, Victoria. will undoubtedly be greatly appreciated by the oarsmen. Something besides the couver. a distance; if a breeze sprang up the difficulty would be as great, if not greater, as the flag would flap in all direc-

Mr. Dallain's idea, which has been carried into effect, is as follows: At the top of the pole is the ordinary flag. At ters not from which direction the flags over an ideal course are viewed they can always be plainly seen. At the three-quarter mile mark

salt water," he said this morning as pointed out the course, "provided re is sufficient depth of water, the rancy of the water evidently being in portion to the depth of water. The forecasted state of the water evidently being in the forecasted state of the water.

The races, both to-day and to-morrow, up the lake, opposite the starting point, in host Koenig entertained all the lake respective teams at work to lie guests his hospitable house could accom-

was allowed to be withdrawn,

Ideal Day for Races. Portland and Victoria are favorites in the betting, both senior and junior. The Victoria seniors left the boat house for a final spin at 12.30. All are in prime condition and ready for the battle of their lives. The light breeze prevailing perpendicularly in the shape of a St. in the morning is falling away, and it Andrew's cross. Consequently it mat- looks as though the battle will be fought

The present proved to be amply justified, the course arse is, I think, the best we ever went being in excellent condition, and although or; much better than the river course once or twice inclined to choppiness, Portland or the Red river course at never being so pronouncedly so as to mipe. I think we could fix the prevent good time being made. The air right if we had them was bright and bracing, as is usual in ere," he added significantly.

The best time ever made in the assoto to the contestant in the different events. tion was at Vancouver by the Big are valued by the second by the possible value of v of the association to provide official or five hundred by the afternoon special, keepers this was not allowed. The official time was 8.55 or 8.56, equal to what it will be to-day, when the and Mr. O'Sullivan predicts with favor-ble weather to-morrow this will be ulled down to 8.40.

The juniors, too, think they can reduce leave the com-modious Strathcona hotel, where Mancord time of 9 min, to considerably ager Green had made excellent provision for the comfort of his guests. Farther

re in the regatta more for the purticular the morning train and the call-of making a start in the associating of the first events were acces, and if possible pull the meet filled in by the various crews by were

during the evening. E. B. Leeson will cater.

Meeting of Executive.

Shawnigan Lake.—Later.—A meeting of the executive of the N. P. A. A. O, was held at 11 o'clock in the Strathcona hotel, the representatives being as follows: President, H. D. Helmcken, K. C., of the J. B. A. A. Secretary-treasurer reported \$238.

These Nelson onrswen lent a spice of the form of the special control of the events of the atreating to the production of the special point and provided the events of the atreating to the production of the elevents of the atreating to the events of the atreating to the events of the atreating to the production of the elevents of the atreating to the production of the elevents of the atreating to the production of the elevents of the atreating to the production of the elevents of the atreating to the production of the elevents of the atreating to the production of the elevents of the atreating to the production of the elevents of the atreating to the production of the elevents of the atreating to the production of the elevents of the atreating to the production of the elevents of the atreating to the production of the elevents of the atreating to the production of the elevents of the atreating to the production of the elevents of the atreating to the production of the elevents of the atreating to the production of the elevents of the atreating to the elevents of the atreating to the production o

club races. The interest in this event, although purely local, is quite extensive inasmuch as the question of the selection of the next meeting, Vancouver inasmuch as the question of supremacy has always been the subject of more or less animated debate. There could certainly be no more opportune time at which to decide the point once and for the junior fours and garding his ability to finish the course, busility to finish the course, the journey was doomed, however, to speedy termination. Geger got away hich has always been used in the judges and off-debated question of substituting a turn race for the straight away which has always been used in the races of the association would be contested by substituting a turn race for the straight away which has always been used in the races of the association would be contested by substituting a turn race for the straight away which has always been used in the races of the association would be contested by substituting a turn race for the straight away which has always been used in the races of the association would be contested by substituting a turn race for the straight away which has always been used in the races of the association would be contested by substituting a turn race for the straight away which has always been used in the races of the association would be contested by substituting a turn race for the straight away which has always been used in the races of the association would be contested by substituting a turn race for the straight away which has always been used in the races of the association would be contested by substituting a turn race for the substituting a turn race for th which to decide the point once and for all than at the regatta which will occupy to-day and to-morrow. The principal event is the international junior fours. In this there are four entries, the J. B. A. A., the Vancouver, Nelson the J. B. A. A., the Vancouver, Nelson urer, re-elected. The executive elected was as follows: kepeatedly he was observed opinion, however, was that with cedar from the judges' launch to stop rowing shells it would be inadvisable to try the and Portland crews. All the oarsine have been practising faithfully and the race should be closely contested.

In connection with the flags which In connect

mark the various distances of the course it is interesting to note that they are the invention of A. J. Dallain, of this city. Mr. Dallain is an enthusiast, if Junior singles—1, Portland; 2, J. B. cedar craft, through which the water Junior singles—1, Portland; 2, J. B. its owner. He was taken on board, after lead by Patton, of the same city, was lodging a protest, and his shell towed one of the surprises of the day, is a longside until a passing canoe party took alongside until a passing canoe party took charge of him and his injured machine, and conveyed both to shore. Gloss's shell trained a trifle over fine. He pulls third was also injured, but he continued and oar in the Portland seniors, and should Senior Fours-1, Vancouver; 2, Port- finished in 12.40. The judges, however, make a capital showing for his club to

1.00-Stoker H. Mullery, Amphion 20 Annual Meeting.

The B. C. Rifle Association held its 28th annual meeting last night; there was a large attendance; Lieut.-Col. Holmes, D.O.C., presided. The minutes of the previous meeting were read and adopted, after which the secretary, treasurer and auditors' reports were submit-

tution and by-laws also presented 4 49 lengthy report, which was taken up seriatim. The constitution was amended in some few particulars and the report adopted as a whole. Among other changes effected was one providing that the representation at the annual meeting should be made up of five from Victoria, five from Vancouver, three from New Westminster, two from Nanaimo, and one from any other city in the province sending five competitors. The above are to be elected by members of the association from each city and their names
