## TWO KILLED, MANY HURT ON A RUNAWAY TRAIN

CHIPMAN, N. B., June 19.—A serious train wreck occurred near Coal Creek on Friday morning, resulting in the death of two workmen and the serious injury of two others. A score or so more were also badly shaken up. Three cars on a supply express at runaway speed left the rails and were demolished.

The accident occurred on the Corbett-Poole track. The men were compelled to jump for their lives. The dead men are Scott Simpson, laborer, and Paolo, an Italian. Both were instantly killed in the wreck. John Gillis received many bruises about the body. Joe Dango, another laborer, was also seriously injured. These two men were conveyed to the Chipman hospital and are under treatment by Drs. Hay and Sutherland.

There were about twenty-five workmen on the express, in addition to the superintendent and foreman at the works. The train left Coal Creek Station and had not proceeded far before it was realized that the brakes would not work. The train continued at a high speed and in rounding a curve, three hind cars left the rails. The engine did not leave the rails, and was finally brought to a standstill. Corner Nugey left for Coal Creek to conduct an examination.

balloon Pittsfield, which ascended from that city shortly after midnight this morning, carrying Mr. and Mrs. Roger Noble Burnham on their honeymoon voyage, was brought down about a mile from the centre of the town about 4:30 o'clock this morning after a pleasant and uneventful trip.

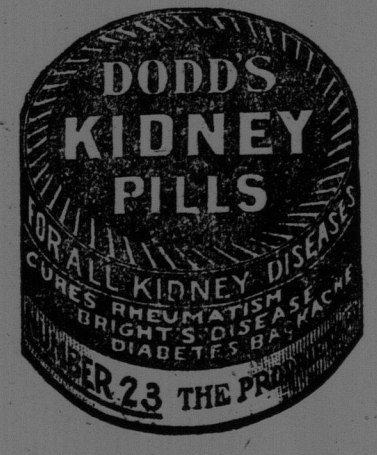

LEOMINSTER, Mass., June 20.—The injuries inflicted upon nine-year-old Russell Foster by John Pettin last night, resulted fatally, the boy dying early today. Pettin, who is a Greek, became insane last night, and after cutting Russell's throat, shot himself dead.

BEVERLY, Mass., June 20.—With the arrival of President William H. Taft and his family in this city on Independence Day, Beverly became practically the summer capital of the nation, while Woodbury Point bids fair to attract much of the press prominence that for several years was the part of Sagamore Hill.

The station cottage, near the extremity of Woodbury Point, which is to be occupied by President Taft and his family, has been in readiness for several weeks.

RED TOP, Conn., June 20.—Suffering from what is thought to be an attack of the measles, Hooper, who has been rowing at No. 4 in the Harvard first four-oared crew, was sent to his home in Boston today. The attack is a light one and he is thought to have contracted the disease in Cambridge prior to his coming here. None of the other members of the crew show any signs of having been infected, while the members of the varsity eight occupy separate quarters and have not been exposed. Hooper, it is thought, will be able to return in a few days.

GRAVE FILLED IN BY VICAR  
LONDON, June 19.—Owing to an oversight, a grave in Lakehead parish churchyard was not filled in after a girl had been buried there in the afternoon. The relatives informed the vicar, the Rev. W. Norris, who hastened to fill the grave by moonlight.

## AMUSEMENTS.

### COLLIER & CO.'S BIG SHOW.

One of the most novel amusement exhibitions that has ever visited St. John will be seen here on Monday, June 28th, for one week. "Collier & Co.'s" Big 10 and 20 cent Show has secured Victoria Rink, and judging by the advance promises we are in for amusement quite out of the ordinary and doubtless will prove a real loss to miss witnessing. The Rink will be transformed into a veritable coliseum, gaily decorated and seated with the company's portable seats running all around the sides. The acts being presented in the centre, and upon a portable stage, and in a 40 ft. ring; the rigging for the aerial act being suspended from the dome, hung directly over the ring and stage.

We are assured by the management that every act and number presented will be of the highest class, and strictly moral and refined, nothing being permitted that the most fastidious could possibly take exception to.

A limited number of reserved seats, for which an extra charge of 10 cents is made will be on sale, but the admission price of 10 and 20 cents entitles everyone to a seat free of charge. Band concerts by Prof. Starr's Military Band will be given one hour prior to the performances. Daily matinees, Tuesday to Sunday.

A GREAT BIG SHOW AT HAPPY, HALF HOUR TODAY.

Today the patrons of the Happy Half Hour are to be given a surprise and a treat. Yielding to many requests the Berinis are to be heard in not one but three numbers. Signor Rocco, by request will sing "Far Away, and they will both sing the big "Oet, The Message of the Red, Red Rose. The last two numbers are from the big musical comedy "Marcelle, in which Miss Berini sang on Broadway. Her solo number is the one in which she attended with Louise Gunning, and the composer, Gustav Luders himself, directed the production. The N. Y. Clipper of last October says: "Marcelle is the best musical comedy seen here in many years. The music was excellent and from good went to the comparative better." It is not often that St. John gets a chance to hear Broadway singers. Now the big surprise, Crowley the Great, will be seen in St. John for the first time today. Crowley has played in every large city of Great Britain, in the leading vaudeville theatres, and has toured the States playing the Wm. Morris and the Orpheum Circuit, two of the leading vaudeville circuits in America. Crowley sings in two distinct voices, is a handsome presence and possesses a magnificent wardrobe made by Worth of Paris and Redfern of London. Crowley will sing "The Garden of Dreams, Kitty Moore and other selections and will give a side splitting monologue. Still another figure, the world's greatest acrobatic novelty club and vase juggler. You have seen jugglers; wait until you see Frazzaro, and no repeats. They are two Sergeants positively promised as one of the best dramas ever seen here. "Love Knows No Age" is a scream, and "The Widow's Record" is a drama. New

music only received Saturday will be rendered by the ladies' orchestra. One hour and a half show. See big ad, this paper.

TINY WILLIAMS, THE CHILD WONDER, AT THE UNIQUE TO-NIGHT.

In Harry Lauder's remarkable laughing song the selection which more than any other has made the great Scottish comedian, Tiny Williams, the ten year old girl singer, will make her

first appearance at the Unique today. Little Tiny although but yet a mere child has met with distinct success in character songs, and is expected to be the means of adding materially to the interest of the Unique programmes during her very short engagement in this city, made brief necessarily by important bookings in the larger cities. Nothing appeals to the average citizen like a clever little girl, so large audiences will doubtless prevail during the week particularly at the matinees.

GREAT "TIP" SONG AT NICKEL TODAY.

The password at the Nickel starting today is "Tip-I-Add-I-Y." By Tuesday night it will be familiar to half the town and by Wednesday the boys will be whistling it. This is the great song of the hour, made famous by Blanche Ring; to be Canadianized by Gertrude Bennett Holmes. The chorus is irresistible as Mark Twain's "pink slip fare" jingle and the novelties that are to be introduced in it will keep everybody guessing. Then Holmes and Buchanan in duo will sing "Shine On Harvest Moon," from the musical comedy. The Polka of 1908, as sung by the writers Nora Bayes and Jack Howarth. These two numbers are to be sure winners. Miss Jennie Evans is to sing "Sweetheart Mine" and the orchestra will present new numbers. Sunday being the 32nd anniversary of the Great St. John Fire the Nickel will show today and tomorrow about thirty views

of the conflagration in progress, the ruins, diagrams and incidental scenes during the blaze, etc., as gleaned from old magazines and newspapers kindly loaned for this purpose. The picture bill will be as follows: "The Little Shepherd of Kingdom Come," a charming adaptation of John Fox Jr.'s pretty story; "Famboullie Making in a happy ending; "A Plot That Failed," exciting every line of it; "A Prince's Love," a thrilling drama; "The Magic," full of trickery and a roaring comedy entitled "Charley Forced to Find a Job." Al Weston, balladist, will have a new number. Tomorrow night the Star's Own Orchestra will play. City folks enjoy this theatre during a car-ride trip.

LIVING HORRORS.

Men Made to Look Like Beasts by Chinese Methods.

To transform a man into a beast would at first seem to be impossible. It is accomplished, however, by the Chinese, to whom nothing seems to be unknown. The skin is removed in small particles from the entire surface of the body, and to the bleeding parts bits of hide of living animals, bears and dogs are usually applied. The operation requires years for its full accomplishment and also depicts him of the means of informing the public he is intended to amuse of his long torture. A Chinese Journal, the Hupao, prints a description of one of these human animals exhibited in the Kiangsi. His entire body was covered with dog skin. He stood erect (although sometimes the feet are so mutilated that the beast is forced to walk on all fours), could not utter articulate sounds, rise nor sit down—in short, make the gestures of a human being. A mandarin who heard of this monstrosity had him brought to his palace, where his hairy kin and bestial appearance caused quite as much terror as surprise. Upon being asked if he was a man the creature replied with an affirmative nod. He also signified in the same manner that he would write. A pencil was given him, but he could not use it, his hands were so deformed. Aches were then placed on the ground in front of him, when the man-dog, leaning over, traced in them five characters indicating his name and district. Investigation showed that he had been stolen, imprisoned for years and subjected to long torture. His master was apprehended and condemned to death.—London Spare Moments.

LEPER AT CARDIFF.

CARDIFF, June 19.—The Cardiff health committee yesterday decided to keep Ah How, the leper Chinaman, who was discovered in a city lodging house, in the Seamen's Hospital pending some arrangement for sending him to a leper colony.

## IMPRISONED ONE NIGHT IN MOUNTAIN CAVE

Members of Touring Club, Hammed in by Flood, Cannot Reach Surface.

MANCHESTER, June 20.—Five members of the Yorkshire Ramblers' Club have had a weird and exciting week end adventure. Engaged in exploring Gaping Ghyll, one of the deepest and most famous "pot" holes in England, they were unable to regain the surface owing to an influx of water, and were imprisoned in the bowels of a mountain for over thirty hours. The limestone and are believed to have been principally formed by the chemical action of water.

A VAST "POT." Gaping Ghyll is picturesquely situated on the shoulder of Ingleborough, Northeast Yorkshire, a mountain some 2,000 feet high. At the foot of the "pot" is a vault over 400 feet long, 182 feet high and 80 feet wide, and the "pot" could easily accommodate Manchester Town Hall.

A large party of explorers camped at the mouth of the famous hole about 6 o'clock on Wednesday morning. The descent of the "pot," a distance of 350 feet, was successfully accomplished by means of a chain and a windlass. After spending the day in the hole the majority of the party returned to the surface about 5 o'clock in the evening. Five enthusiastic "hunters," however, decided to remain below all night and explore the subterranean passages.

The five explorers intended to leave the hole about 6 o'clock Thursday morning. During the night, however, rain fell heavily, and in a very short time the stream of water which runs over the edge of Gaping Ghyll became so swollen that it tumbled down the sides of the hole like a cascade. To be drawn up out of the "pot" those below would have to face the descending water as it splashed from one of the ledges. For any one to be brought out in the circumstances was therefore impossible, and when the attempt was made to communicate with the explorers it was found that the telephone apparatus had broken down.

HAD PLENTY OF FOOD. It was known, however, that the men in the hole were well supplied with food and light, and there never was any fear in the minds of those at the "pot" mouth that all would not end well. Steps were at once taken by the party above ground to dam the course of the flooded stream, and by this means the waterfall down the rock was diverted. T. Booth, of Leeds, stepped into the perilous and unpleasantness of the journey and to his friends below, "Just to cheer them up." As anticipated, he found them quite well, but somewhat cold and wet.

The lonely vigil was at last broken by the restoration of communication with those above, and the final relief of the party was effected in the early hours of yesterday morning.

## THANKSGIVING SERVICE FOR WELCOME WRECK

Warriors of Coral Island Dance Exultantly Around Some Happless Sailors.

CARDIFF, June 20.—Six members of the crew of the Cardiff steamer Daffin Manor have reached Barry. The vessel, which belonged to Messrs. Marwick & Brown, ran ashore on a coral reef on the island of Minikoi, 400 miles from Colombo, on April 19, and five days afterwards was abandoned.

One of the sailors states that the vessel struck during a dark night. At dawn she was surrounded by natives, who assisted the crew to lighten the vessel by taking away a considerable portion of the cargo of rice.

The wreck proved a boon to the 3,000 natives who inhabited the island, for they were the victims of famine and were well-starved and emaciated. The best accommodation that could be afforded for the shipwrecked men was the small police court building for the officers and the prison for the crew, but at night the crew preferred to walk about the island rather than endure the bites of the mosquitoes.

A day of thanksgiving for the wreck was ordered by the rajah of the island, and the natives performed their native war dances.

A salvage steamer arrived at the end of a week and took the crew to Colombo, the natives being left in possession of a valuable cargo and a steamer which had been out of the builders' yard only about two years.

## G. P. EDWARDS NOW HEAD OF WIRELESS SERVICE

OTTAWA, Ont., June 21.—The civil service commissioners have appointed G. P. Edwards, of Montreal, to be superintendent of the government wireless telegraph stations under the Department of Marine and Fisheries.

Patrick Hogan, a young man employed in the C. P. R. yards, was drowned in the Gatineau River this afternoon. He was paddling in an old canoe, which sank with him.

## MONTREAL Y. M. C. A. SURE OF \$300,000

MONTREAL, June 21.—The Y. M. C. A. fund at the close of Saturday's campaign amounted to a grand total of \$237,248. There remains nearly \$60,000 to raise before the campaign closes and there is now no doubt but it will be done and that the \$300,000 fund will be assured.

## HISTORIC MANSION FOR SALE BY AUCTION

Was in Same English Family Since Days  
of William the Conqueror.

LONDON, June 20.—It is not often that an historic mansion of the importance of Holme Lacy, the Earl of Chesterfield's country seat, in the most picturesque part of Herefordshire, is offered for sale by public auction. On July 29 Messrs. Knight, Frank and Rutley will sell at the Mart, Tokenhouse Yard, this magnificent property of 5542 acres, which has a rent roll of over \$35,000.

It has passed from generation to generation of the same family ever since Walter de Lacy settled there in the days of William the Conqueror, and since, in the reign of Edward III, Thomas Scudamore obtained the Holme Lacy estates with the hand of Clarendon Lacy. One of the Scudamores, Sir James, was immortalized by Spenser in the "Faerie Queene," and his son, John, was created baronet and viscount and entertained Charles I at Holme Lacy after Marston Moor and Naseby, for which act he had to suffer severe consequences.

Alexander Pope wrote his "Man of Ross" at Holme Lacy, and Grinling Gibbons decorated the principal rooms of the mansion with magnificent wood carvings which rival his wonderful work at Petworth and Chatsworth. The catalogue of the sale issued by the auctioneers is a sumptuous folio publication, beautifully printed on hand-made paper and illustrated with numerous views reproduced by the best photographic process. It is unquestionably one of the most artistic examples of the printer's craft that has ever served a commercial purpose, and the plates alone form an album illustrating the unique charm and distinction which are attached to old English country seats.

## SATURDAY'S RIFLE MATCHES

The 3rd Regt. C. A. held a spoon match on the rifle range on Saturday afternoon. The winners were in Class B, Corp. Dick, score 82 and in class C, Gr. London, score 82. There was no competition in class one.

The 2nd Rifle Club held their weekly spoon match on their range on Saturday afternoon with a fairly large attendance.

The high wind interfered somewhat with the marksmen, but a grand total of 792 points was run up during the contest.

The following were the winners in the various events—Class A, Lieut. Beatty; Class B, Lieut. Beatty; Class C, Private Colwell; Class D, Lieut. Burnett.

## WHITE TIGER SHOT IN BENGAL

CALCUTTA, June 19.—A white tiger eight feet eight inches in length has been shot in Dhenanthal State, Orissa. The ground color was pure white, and the stripes were of a deep reddish-black color.
