Large Patronage and Most Favorable Weather.

The Horse and Cattle Exhibit a Good One-Those Boston Fakirs-List of Prize Awards in Quite a Number of

SUSSEX, Oct. 2.-The horses and cattle were judged today. The attendance was exceedingly large, but no account of the number could be kept, as there is no turnstile. There is a very large crowd today to see the horse and eattle exhibit and also to look at the contents of the main building

The Boston fakirs leased a space i the exhibition building for \$50 from the committee. Mr. Forrestal, whose name appeared in Thursday's Sun in con mection with the losers, along with several others, had their money faked out of them on the exhibition gro members of the agricultural society are rather put out with the committee for leasing to fakirs. It has been done every year, but this' will

SUSSEX, Oct. 2.—The following is the list of the awards of prizes at the exhibition so far:

THE FARMERS' MEETING.

t. John Selected as Place of Meeting of Provincial Farmers' and Dairy-

men's Association. The annual meeting of the Provincial Farmers' and Dairymen's Association has been held at Fredericton ever since the organization of the association. This year it is proposed to meet at St. John at a date which will no doubt be made public in a few days. Such matters as place of meeting and date appear to be in the hands of an executive committee, and two or three of its members interested them selves in the proposition to name St. John. They believe first, that cheaper railway rates can be secured to St. John than to any other places; second, that St. John is more accessible to a majority of the delegates than other places. Other members claim, on the other hand, that farmers' meetings are more largely attended and made more interesting to the degelates and gen erally productive of more good when

held in smaller cities of towns. FAMILY QUARRELS.

"How many serious family quarrels, marriages out of spite and alterations of wills might have been prevented by a gentle dose of pills." With the ver and kidneys sluggish, and torpid digestion is impaired and temper ruined. But Dr. Chase's Kidney-Liver Pills by invigorating the action of these organs ensure good digestion and sound health. One pill a dose, 25 cents

FARMERS MEET AT FOX CREEK. MONCTON, Sept. 30.-A farmers neeting was held at Fox Creek, Westmorland Co., on Tuesday evening, Sept. 30. Mr. Legere, the president of the Institute, occupied the chair. The secretary, Mr. LeBlanc, was not present. After opening the meeting the president called upon J. V. Jackson of Moncton, who gave a very interesting address on poultry. The next speaker was W. D. Tompkins of Grandview, No. 13. Mr. Tompkins spoke on economical feeding, illustrating the constituents of food by the aid of charts. He spoke very highly of the address that had been given by Mr. Jackson.

What is most wanted in New Brunswick Institutes is more such addresses by local men who are acquainted with local conditions. Mr. Drummond from Myrtle was the

tivation of the soil, and went very fully into all the factors necessary to produce maximum crops. The January meeting will be held at Legere Half.

A FREDERICTON WEDDING. FREDERICTON, Oct. 1.—St. Dun-stan's church was filled with a large and interested congregation at 8 o'clock this morning, when Miss Annie Moore, daughter of Ald. John Moore, was married to Chas. O'Connor, a popular young city painter. Rev. Father Carney performed the ceremony. bride, who wore a very becoming costume of white silk, was attended by her sister, Alice, and her cousin, Wm. Kelly, acted as groomsman. After the ceremony the bridal party repaired to the residence of the bride's parents, where a reception was held, at which over forty guests were present. The bride was the recipient of many valu-

able presents. THE ANAEMIC YOUNG GIRL.

Easily Noticed by Her Blanched Cheeks, Bloodless Lips,

and Dull Lyes Perhaps she is sixteen. Suddenly she eems to lose strength. Her beauty fades because her vitality is steadily decreasing. Dark circles appear under the eyes which become lustreless and dull. Her spirits droop, for no girl can be contented and happy in such a con-

This may be quickly corrected by taking Ferrozone. It supplies what is lacking in the blood, purifies and strength ins it, and keeps it in perfect order. Ferrozone makes plenty of red plood corpuscles that manifest themselves in a healthy, ruddy complexion. It aids the stomach to do its work, and place large quantities there. reates a natural healthy relish for

Every organ of the body is benefitted by Ferrozone. It rebuilds the entire system, makes new tissue, strengthens weak, flabby muscles, makes thin people fat and sick people well. No case of Anaemia is too chronic for Ferrozone. It may take time, but if persistently used will cure in the end. will give you a well developed form clear complexion, pure breath and will

restore the bloom to faded cheeks and color to the lips more quickly than any Every woman who desires a vigorous constitution, and the good looks that come with good health, should take Ferrozone after each meal regularly. It is a wonderful tonic for the brain, the nerves and the blood, and acts also as an efficient but harmless regulator of the menstrual flow. In fact for all diseases peculiar to women and grow ing girls, Ferrozone has no equal as your druggist can tell you.

Three weeks' treatment costs 50c., hree boxes for \$1.25. oSld by druggusts and dealers in medicin where, or sent by mail if price is forwarded to N. C. Polson & Co., Kingston, Ont. Sold and recommended by A. Chipman & Co.

KEEP-RYAN

(Cranbrook, B. C., Herald.) C. M. Keep of Kendrick, Idaho, and Miss Eleanor P. Ryan of Sussex, N. B., sister of James Ryan of this city, were united in marriage at the Methodist church Wednesday, September

24, 1902, at 9.30, Rev. Thompson officiating, The wedding was a quiet one, no invitations being issued, but a large number of friends gathered to witness the ceremony, and filled the church to overflowing. The bride was dressed in white mousselaine de soie over white taffeta and bridal veil, and carried a bouquet of orange blossoms. Cranbrook never saw a prettier bride, and many words of praise were spoken by her many friends as she walked up the church aisle leaning on the arm of her

brother. A special choir furnished the music and after the ceremony friends gathered around the newly married pair to extend congratulations. Later the wedding party repaired to the parlors of the Crambrook hotel to await the arrival of the west bound train at 12.30. At the depot a large number of friends assembled to say good-bye and extend best wishes for their future. Mr. Keep is well known in Southeast Kootenay. He resided at Fort Steele in the early days, where he was engaged in banking, and later in mining im different parts of this district. At present he is engaged in the banking business at Kendrick, Idaho, where he is cashier and manager of the Kendrick state bank. The bride came to Cranbrook last year and made an extended visit with her brother, Mr. Ryan. During that time she became a great favorite with the people, and an active participant in social and church work. The Herald joins with the host of friends of Mr. and Mrs. Keep in Southeast Kootenay in wishing them

a life of happiness. Miss Jones' Voice Greatly Improved A startling improvement is noticeable in Miss Jones' singing. Her voice is stronger, and sounds clearer and sweeter than before using Catarrhozone, which is a wonderful aid to singers, speakers and ministers. Catarrhozone Inhaler insures absolute freedom from Colds, Coughs and Catarrh, clears the nose and throat, and prevents hoarseness and huskiness. Catarrhozone makes the voice brilliant and enduring, and is uncommonly well recommended by Prima Donnas, members of Parliament, Lawyers, Doctors and thousands that use it daily. Better try Catarrhozone. Price \$1.00; trial size 25c. Druggists, or N. C. Polson & Co., Kingston, Ont.

Hamilton's Pills Cure Constipation KNITTING STOCKINGS.

Quietly Conducted but Flourishing

Industry in St. John. An industry in St. John which has from small beginings grown to considerable proportions, and is still increasing, though little known about the city, is the knitting factory conducted by W. J. Parks, and now located in the top

flat of Brown's box factory on Canterbury street. The establishment, with its ingenious machinery, is of great interest. The machines, which are small and most intricate in construction, automatically manufacture stockings of various sizes, shapes and qualities, and turn them out about ready for use; the only hand work needed being the addition of a few stitches at the heel and toe and the straigtening out of chance wrinkles in a steam heated pressing machine The employes number about twenty,

and the output under present circumstances averages about \$15,000 worth yearly. The products of the factory at present are woollen hose and stockingette entirely, but it is Mr. Parks, intention to soon instal machinery for the manufacture of cotton goods. For the construction of the goods now manufactured the wool for the finer quality is imported from England. The rest comes from our own province and from Quebec.

The hose manufactured by Mr. Parks are making a reputation that is creating a demand he finds it difficult to supply. His chief market is in the lower provinces, but he finds consider able trade through the west, and were his facilities better would be able to

COUNTERFEIT MONEY

(Monoton Transcript.) manager of the Bank of Montreal here has received telegraphic in-structions from the general manager f the bank to be on the lookout for counterfeit five dollar bills of the Bank of Montreal; as also counterfeit five dollar bills of other banks.
