

THE WEATHER.

Maritime—Moderate variable winds fine and warmer. Toronto, July 5.—Fine weather has prevailed today in all parts of Canada, and the temperatures have not as a rule been excessively high in any district.

New England Forecast. Washington, D. C., July 5.—Forecast for New England: Generally fair with moderately warm weather Wednesday and probably Thursday; light to moderate variable winds, mostly south.

AROUND THE CITY

Repairs to Canterbury Street. Street Superintendent Winchester has a force of men and a steam roller employed laying down macadam pavement along Canterbury street, south of Princess street.

Expects Heavy Hay Crop. J. P. Burchill, of Nelson, was in the city yesterday. To a reporter he said the crops up his way were in good shape, and that the indications were that there would be a heavy crop of hay.

Householders Waking Up. As a result of the crusade started by the board of health several hundred householders have installed sanitary conveniences in their dwellings during the past two months, and still the plumbers have a good deal of work ahead of them.

A Trim Little Visitor. A pretty little American steam yacht appeared in port at 10 o'clock yesterday morning and anchored in midstream, where she stayed till about 7 p.m., and sailed without docking. She is believed to be the Gipsy, owned by Clarence Booth, Boston.

Hundreds Enjoyed Band Music. The concert of the City Cornet band in King Square last evening was largely attended. The big crowd, however, was good natured and very easily handled by the police. The band gave a fine selection of popular pieces.

Nova Scotia Masera Here. Last evening St. John Lodge No. 2, P. and A. M., received a visit from Keith Lodge No. 16, Bear River, N. S., and several members of St. George's Lodge No. 20, Westville, N. S., and King Solomon Lodge, No. 58, of Digby, N. S. About 100 sat down to a banquet at White's restaurant, and addresses were delivered by Grand Master H. S. Bridges, Dr. Thos. Walker, the master of Keith Lodge and others.

A Successful Concert. The concert given in Ludlow street church, West End, last evening, was greatly appreciated by the large audience in attendance, and a musical and literary programme of a high order was carried out. Mr. Frank McCluskey received unstinted applause for several solos, while Miss Blenda Thompson was also heard to advantage. Readings by Miss Heffer and selections by the Pythian Quartette, also pleased.

The Supervised Playgrounds. A new and pleasant feature of the Centennial school supervised playgrounds which were opened to 300 little children yesterday, is the giant stride which was put on the grounds last evening. It consists of an upright pole with moveable top and long ropes attached, which the children hold to and thus take immense strides in a circle around the pole. Miss Buckman and the Misses Turner are in charge this year.

PERSONAL. After an absence of six years, Mrs. C. F. Robinson of Regina, Sask., returned to the city Saturday and is being warmly welcomed by her many friends. Dr. W. S. Carter, superintendent of education, returned to Fredericton after the Pacific express last evening, after a short stay with his family at Kingston, Kings Co. Mr. and Mrs. Richburg of Boston are visiting Mr. and Mrs. W. C. Wilson of Charlotte street, West End.

CORONER WILL INVESTIGATE THE DEATH OF ARTHUR LEARY; FOUND NEAR SEASIDE PARK

Ghastly Discovery Made Yesterday Afternoon—Conflicting Stories as to Happenings Which May Have Contributed to Leary's Death—Startling Developments Expected at Inquest.

Arthur Leary, 30 years of age, was found dead yesterday afternoon about 4.30 o'clock on the road near the entrance to Seaside Park, and the circumstances attending his death are such that Coroner F. L. Kenney will empanel a jury this morning and hold an inquest. The discovery of the body was made by Miss Ethel Tutts, a trained nurse, residing in West End. She saw the unfortunate man lying on the roadside and thinking he was stricken with epilepsy, went to him to render first aid. On feeling his pulse however, she was horrified to find that he was already dead.

Jury Will View Body Today. Policeman Campbell who is on duty in the park was quickly on the scene and Coroner Kenney was notified and viewed the body which was removed to I. O. Beatty's undertaking rooms where it now lies. The jury will view it this morning and a post mortem examination will be made to determine exactly the cause of death.

The spot where the body was found is on a road running off the road to Seaside Park and near the carlip almost at the entrance to the park property. Leary when found was lying between two large stones with his head on one. There was no mark on the body and nothing which would indicate the cause of death. A casual examination made by the coroner in the afternoon showed nothing that would show heart failure.

Startling Developments Expected. Several persons saw Leary in the park or near the spot where his body was found and although no definite statement can be made at this time it is hinted that startling developments will be made at the inquest. The West End police have the case in hand but everything will depend upon the verdict of the coroner's jury.

Had Leary Been Struck? Although the statements which could be obtained last night were not of the clearest it was said by one of the men that Belyea had been "fooling" with Leary and had struck him lightly on the shoulder and he fell about where he was found. At the time, he was standing in front of one of the stones and as he staggered back from the blow, or shove, which he received, he tripped over this stone and fell to the ground.

ALDERMEN ENQUIRING ABOUT THE REFINERY "Where is Mr. Durant?" and "What is He Doing?" are Questions Heard Frequently Around City Hall.

Some of the aldermen are beginning to manifest interest in the fact that the sugar refinery is still very much like a castle in Spain. They are asking why Mr. Durant should have been in such a hurry to remove from the sphere of aldermanic contention a matter that afforded to many opportunities of airing their opinions, when he was apparently in no hurry to build the refinery. It was generally understood that Mr. Durant's urgency was due to his desire to start building operations in the spring, but the spring has gone by and the refinery is not yet in process of materialization.

Band Concert at Seaside Park. The following is the programme of music to be rendered by the City Cornet Band, on the bandstand this evening at Seaside Park, weather permitting, from 8 p. m. to 10 p. m.: March—Collingwood, Pette.
