## BEING SCEPTICAL OF SUCCESS BOUND TO BE PRODUCTIVE IN STANDARD'S CONTEST

In Each of the Four Districts in The Standard's \$10,000.00 Prize Contest There is Ample Room for Many Candidates to Enter Their Names and be Winners at the End of the Contest—There Are Votes Galore in All Sections Waiting for Candidates to Call and Claim Them.

### QUESTIONS ANSWERED PUBLICLY TO AID CANDIDATES WISHING TO ENTER.

Being sceptical of success in any venture, where one knows that well applied efforts is bound to be productive, is often times an incentive to greater endeavor, assuring the achievement one is seeking. It is a well established fact that among those successful in public life, a feeling of timidity or hesitation often goes before the greatest accomplishment.

Emma Eames, the noted prima donna, has said that often before a public appearance in which she secured her greatest success, she was tempted by a nearly overwhelming desire to run away.

Candidates who are imbued with the "run-away" feeling should have foremost in their minds the value of the prizes. The Standard is offering for a little extra effort during the next ten weeks. If the value of the prizes to be won is constantly before a prospective candidate, it will overshadow any feeling of timidity, will cause them to enter the contest at once and by entering the contest at once a big vote will result by virtue of the fact that at the present time the field for contesting subscriptions has not been touched. Those first in the field will be the ones who will reap the greatest harvest, the ones who will come out the big winners at the close of the contest.

The contest territory has been divided into four districts and there will be one Grand Prize and a second and third prize awarded in each district as follows:

A \$2,750.00 Chalmers Touring Car, a \$1,450.00 Overland Touring Car, a \$1,415.00 Maxwell Touring Car, a \$1,390.00 Buick Touring Car, a \$1,350.00 Heintzman 4 Co. Upright Piano, one to each district. Four \$160.00 Brunswick Cabinet Phonographs, one to each district, and a commission of ten per cent. to those who remain active until the end of the contest and who do not win one of the above prizes, so everybody wins in this contest.

To the candidate in each district securing the greatest number of votes, the automobiles will be awarded, the candidate getting the greatest number of votes in the entire contest territory will have first choice of the four automobiles, the next highest candidate in another district will have second choice, the next highest in still another district will have third choice and the remaining automobile after three districts have been eliminated, will go to the highest candidate in the remaining fourth district. The four plans will be awarded to the second highest vote-getter in each district and the photographs will be awarded to the third highest vote-getter in each district. The ten per cent. commission will go to those not winning one of the above prizes.

The conditions are simple—you have only two things to do—first send in your application, using an application blank or write a letter to the Contest Manager. Second, let your friends know you are entered in the contest and want to win one of the prizes.

A vote coupon will appear in all issues of The Standard, and will be good for one vote. There is another way to get votes, lots of votes and much faster than cutting out the Voting Coupons that are printed from day to day. Paid-advance subscriptions to The Standard and the Semi-Weekly Standard entitles the person securing them to a handsome bonus vote as described in the schedule.

To aid the contestants in getting subscriptions, a supply of subscription blanks will be sent to every contestant as soon as entered.

**How May I Enter?**  
Some of the questions asked the Contest Manager are herewith given together with their answers in order that all may benefit thereby.

**How may I enter the contest without being nominated by a friend?**  
"Must one be a subscriber to The Standard in order to enter the contest?"

**Must I mail or bring in subscriptions and votes myself?**  
"If a person is already taking The Standard, may I have them pay in advance from the time they are already paid up to and will I get credit for the votes?"

**The Answers.**  
To enter the contest, all that is necessary is to clip the application blank which appears elsewhere in this issue and send it to the Contest Manager or write him a letter telling him that you wish to enter the contest. It is not necessary for one to be a subscriber to The Standard in order to become a candidate but your own subscription sent in at any time will mean a large number of votes to you. If you send in your own subscription for the first one and for a period of four years, you will be entitled to 12,975 votes, that is on a city subscription by carrier and this is the largest possible vote any candidate can get on a single subscription.

You or your friends may mail or bring in votes clipped from The Standard, also subscriptions on which votes will be allowed for the candidate who is named. It is not necessary for a candidate to bring or send the votes or subscriptions personally. It is only necessary that the name of the candidate appear on the votes or subscriptions in order that the candidate get full credit for the votes.

You are at liberty to get any person now subscribing to The Standard to extend his subscription, and credit for the votes will be allowed.

**Still Young.**  
The \$10,000.00 Prize Contest is still in its infancy. The real efforts of the candidates will not be made for some time; but to thinking ones it is well to enter your name early and get the support of your friends before it is promised to someone else.

**INJURED MAN BESIDE A COFFIN**  
Was Passenger in Baggage Car of Halifax Express Yesterday — Comment on Method of Transporting an Invalid.

The C. P. R. train for Halifax, scheduled to leave at 12:50 p.m., did not pull out yesterday until after 1:35. The delay was caused mostly by the number of passengers and the great amount of baggage brought by the Boston train.

In a baggage car, next the pine box covered coffin which was going to Halifax was placed a rough spring mat and mattress, on which lay a man suffering from an injury. Considerable comment was heard from the large number of passengers upon this rather rough method of transporting an invalid, and one who was apparently in great pain.

## Only One Soldier Was Badly Injured

Pte. Corbett is Only Injured Man on Wrecked Troop Train Who is Confined to Hospital — West St. John Man Had Hand Badly Cut.

Pte. J. L. Corbett, Rotherdale, Pictou county, is the only passenger of the N. B. Olympio troop train accident who has remained confined to hospital. His left thigh is injured and it is thought that his spine is also injured.

Pte. E. L. McPherson, West St. John, had five stitches put in his hand but stated last night that he was feeling all right. The other men who were injured, Ptes. Cecil Harrington, Main street (out on nose), John H. Cullinan, Cliff street (scalp wound), J. L. LeBlanc, Moncton (sprain), J. Penderbury, Carleton (out of head), A. Long, Cliff (scalp, were all given medical attention on arrival of the train here and are not considered seriously hurt. According to the statement of the boys the three cars which left the rails rolled over and over and it was only a miracle that so few were hurt and those so slightly.

The curve near Atkinson's Siding has always been considered a bad bit of road, and this accident seems to bear out the statement.

It was about 1:15 yesterday morning when the train struck the curve and the cars rolled over the embankment. Most of the soldiers were asleep and were awakened in the darkness and danger of the derailment in a miniature barrage of hit bags, helmets and other paraphernalia which rained upon them from all sides. As soon as it was found that matters were not serious some of the boys lighted fires near the track for the dual purpose of getting heat and illumination, and all were kept in good spirits until help came.

To show that they were undaunted, the passenger coaches of the train on which they arrived here yesterday at noon bore aloft signs as "St. John or Bust," "St. John if We Have to Walk There," "Glad to See the Old Faces Again," "You Bet We're Glad to Be Home," "On to St. John." Above the ventilators of the coaches some of the boys had placed boughe and ferns which were picked up at the scene of the derailment.

## THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by the Ross Drug Co. in St. John and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly with supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

**CAUTION:**—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.
