BERTON BROS. disorders, which were aggravated by the scroful disorders, which were aggravated by the scroful our contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Diseases, Fits, Epilepsy, Neuralgia, and he various Ulcerous affections of the muccular and nervous systems.

Syphilis or Venereal and Mercural Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhea or Whites, Uterine Tulerations, and Female Diseases, are commo T. R.
