W. F. MITCHELL,
Treasurer Mission Fund.

GENERAL MISSIONS.

In presenting our financial statement, the attention of the congregation is drawn to the fact that the total contributions received for General Missions during the year has suffered a decrease of about \$70.00, as compared with that of the previous year. The necessities of the various missions requiring our attention and support are greater than ever, and as this year's statement shows a decrease, it is hoped a stronger effort will be made to augment the funds during this year.

The Treasurer commends the interests of General Missions as one of the most useful agencies for the spread of Gospel Light in the possession of the church; and prayerful attention to its requirements is request from the membership of the congregation.

JAMES CRICHTON,
Secretary-Treasurer.

Envelopes can be obtained at the south door of the Church from the Secretary.
