INFORMATION PLEASE

I am a collector of RCMP buttons, badges, chevrons, etc. I would appreciate any information or leads to help me expand my collection of RCMP items. I am also interested in collecting books, colour charts for uniforms and in finding out names of manufacturers of RCMP items and uniforms. I would be willing to pay for items to add to my collection.

Yours truly,

LONDON EXCHANGE

I am writing with the possibility of contacting any RCMP members who would be interested in corresponding with me and exchanging police-related items from the RCMP and British police forces. In particular, I am interested in collecting badges, shoulder flashes and hats from police forces, including municipal. If RCMP members are interested in contacting me to obtain British badges, I would be pleased to hear from them. Thank you for your help in this matter.

Yours respectfully,
