

The Worth of a Diamond

Must be adjudged, not only from an intrinsic viewpoint, but also from a consideration of the happiness which its beauty brings to its possessor.

Your investigation of our diamond-set jewelry must convince you of its worth in the former respect, and we have all assurance that the latter attribute will develop with purchase.

This Amazing New Light

10 DAYS Free!

Beats Gas or Electricity

The Aladdin will give full 60 candle power and operate 70 hours on a single gallon of common kerosene (coal-oil) the safest fuel known. Over four times as efficient as old style open-flame lamps. It's the most economical light in the world. Tested and approved by Government Bureau of Standards, Good Housekeeping Institute, 39 Leading Universities, and over 7,000,000 of satisfied users. Can't explode. Tested and approved by National Board of Underwriters. Impossible to fully appreciate until you see for yourself.

Earn \$225 to \$500 a Month

Others Are Doing It. SO CAN YOU

Hundreds are making big money in a permanent business of their own, introducing this wonderful light. Sell on sight. Thousands and thousands of homes need it—want it—will buy it. Work full or spare time—generous, quick, easy profits. We furnish everything. Everybody wants territory, so write quick for our proposition so that you can secure a choice field before all is taken. Prompt action is necessary. Mark an X on the coupon if you are interested in making money as our distributor.

With no money down—no deposit to make and no C.O.D. attached. Yes, it's a positive fact. You can try this marvelous new light—the world's best, right in your own home for ten nights absolutely FREE. No strings to this offer. The trial is free in the broadest meaning of the word. All risk is ours; possible breakage, loss in transit, everything.

Try It and Be Convinced
THAT'S ALL WE ASK

This new Aladdin is the marvel of 20th century home lighting. It gives a pure, brilliant, pleasing, soft, white light, superior to gas, electricity or any other form of home lighting. Our \$1000 Reward Offer proves that no other lamp can equal the Aladdin. Absolutely safe and dependable. No pumping up, no noise—no generating—no trouble. Prove all this for yourself by mailing the coupon for a ten day FREE trial of the wonderful light.

\$1000—REWARD—\$1000

Money talks. To prove the truth of our claim for Aladdin superiority, we challenge the world to produce a lamp equal to our Aladdin in the twenty-six features incorporated in it. This offer has been broadcast for a long time, and still stands unfortified; evidence of its recognized superiority.

Get YOURS Now FREE

We want one user in each locality to whom we can refer customers. In that way you may get yours without cost. Be the first to get this unusual opportunity of getting your own without cost.

☐ I am also interested in how I can make \$1000 to \$500 a month without experience or capital selling the Aladdin.

NORTH BUXTON

Among the many enjoyments that tend to foster the Christmas Spirit, was a very grand cantata given by the young people of the B.M.E. Ch. on Christmas eve night, entitled, "The Pathway of the Star." The church was nearly filled, and the presentation was most cordially received. Miss Madeline Robbins represented the Star, and was beautifully gowned in white silk with silver trimmings. She also wore a silver star crown, and carried a silver wand tipped with star.

Miss Viola Shadd represented the Angel of Peace, wearing a beautifully decorated gown with silver wings.

The Cantata was one of the best ever presented by the young people of Buxton.

One of the special features of the evening was the presence of Santa Claus. Previous to the close of the Cantata, Rev. Perry announced that he had received a telegram from Santa Claus informing him about what time he would arrive. A few minutes later Santa arrived. On his arrival, he received an enthusiastic welcome from the anxious expectants. Santa addressed the children, after which they were treated with candies provided specially for them. Santa next turned his attention to a heavily laden Christmas tree from which many were made glad with their Christmas presents.

The Cantata was prepared by Rev. Perry, pastor of the Church.

On Friday night another grand concert was given in the Baptist Church, under the auspices of the Bury Bee Club which was well patronized, the credit for which is to be given to Mrs. Alexander and Mrs. Mary Zebba.

There were many family reunions, all of which served special Christmas dinners.

Christmas services were held the Churches last Sunday, but owing to the Zero weather the congregations were not as large as would have been otherwise.

In the B.M.E. Church, Rev. Perry spoke in the morning on "The Wise Men's Enquiry." Rev. H. L. Talbot of Windsor was the preacher at the Baptist Church.

Next Lord's day being New Year's Sunday, special services will be held in the B.M.E. Church with a Covenant service in the afternoon, when the Sacrament of the Lord's Supper will be administered.

TEMPERANCE RADIOGRAMS

Through the kindness of our editor we are to have this little corner once a month from which to "listen in" to Temperance news from all over the world.

"Let us pray that come it may,
As come it will, for a' that,
When man to man the world o'er
Shall sober be for a' that."

A committee from the U.S.A. has visited Ontario recently to learn all they could about 4.4 beer. This is what they discovered:—

1. It has failed to satisfy the thirsty.

2. It has failed to stop bootlegging.
3. It has failed to wean the drinker from demanding stronger liquor.

6000 longshoremen on San Francisco waterfront are drinking on an average, 5,800 quarts of milk a day for their noon meal. Before Prohibition it took 137 saloons to serve this waterfront.

"I do believe the statements of the leading colored men in America, who declare that the greatest blessing coming to the race since emancipation is prohibition," asserts J. Stanley Durkee, Pres. Howard University.

One of the first acts of The Ford Motor Co. when they opened up their new plant in Geelong, Australia, was to buy and close up the only saloon in the community.

82 per cent. of the manufacturers of Ontario agree that their employees have more comfortable homes and supply their wives and children with better food and clothing under the O.T.A. Is it not, then, worth keeping?

Rev. Melville Trotter, a great mission worker and evangelist among the poor of Grand Rapids, Mich., has this to say:

"Prohibition works among the poor even if it doesn't among the rich. We have no slums any more. There is hardly anybody on our poor list now. Our people are not hitting the booze."

From Chile we learn that one of the mining companies near Santiago de Chile has "adopted a happy resolution to combat alcoholism, by installing a soda-fountain to free the workmen from the influences of the tavern."
