### FARMS LIKE THOSE IN WESTERN ONTARIO ARE HARD TO BEAT

"Thus, Hammond of Aylmer writes: If there be any people in the world of whom it might be said, 'They have a goodly heritage,' it is the people of Ontario. I am led to this conclusion after a visit to many States and countries, and have based my judgment upon the condition of agriculture, the fertility of the soil and the equable climate, all of which is the basis and foundation of greatness in any country.

I have traveled from the northern boundary of the State of Maine through the New England States and a number of others, as far south as Virginia, and gave especial attention to agricultural conditions, with the result that more than ever am I enamored with my native Province of Ontario. Were I able and desirous to give a true picture of the fertility, or rather lack of fertility, of all the States on the eastern seaboard, I feel I should be accused of exaggeration. One may travel all day in an express train without seeing one farm that corresponds in fertility to an average farm in any of the townships in Western Ontario.

It may not be known to all of my readers that thousands of farms in districts referred to have been abandoned by their owners, and I am told can be had by anyone willing to pay the taxes thereon and accept ownership. Some of these abandoned farms are within a hundred miles of the great metropolitan city of New York.

The space for a hundred miles wide, stretching from Maine to Florida along the Atlantic, is the trade centre for commercial fertilizers, for the farmer who fails to treat his farm to a liberal supply of fertilizer will soon find his holdings numbered among the 'abandoned farms,' and the expense of fertilizing a farm is no mean rental for the same.

Comparing our farm lands with those of the eastern seaboard of the American Republic, we should congratulate ourselves on having an agricultural country second to none in the world.

### FARMERS AND ADVERTISING

(Walkerton Telescope) Farmers are leasing the value of advertising and are large users of space in the advertising columns of local newspapers throughout the country. Auction sale lists are now found first in the papers, and though bills are usually printed, too, the ad. in the local papers is found to be much more effective than the time-honored bills.

### FRIENDS HONOR

MRS. V. H. STEWART

A Moose Jaw paper says—Mrs. V. H. Stewart, nee Miss Isabel McTaggart, was the guest of honor at a miscellaneous shower and tea given Saturday afternoon at the home of Mrs. R. J. Dickinson, Hochelaga West. The tea table, which was presided over by Mrs. J. W. Sifton and Mrs. McLean, was very attractively decorated with pale pink stocks. Mrs. Stewart received many beautiful gifts.

A tea in honor of Mrs. V. H. Stewart was also held Friday afternoon at the home of Mrs. W. T. Cunningham, Third Ave. N. W. A large number of the teachers of King George school were present, and presented Mrs. Stewart, who had been a member of the staff for a number of years, with a beautiful silver entree dish. The hostess was assisted during the afternoon by Miss Rorison, Miss Hogarth and Miss Hamilton.

Don't Submit to Asthma—If you suffer without hope of breaking the chains which bind you, do not put off another day the purchase of Dr. J. D. Kellogg's Asthma Remedy. A trial will drive away all doubt as to its efficiency. The sure relief that comes will convince you more than anything that can be written. When help is so sure, why suffer? This matchless remedy is sold by dealers everywhere. Try a little advertising!

## "That's the Bike I Want, Dad"

"It's one like Bob Harding's. 'He isn't a bit stronger than I am, Dad. But he can always trim me, no matter how hard I strain. My cheap old bike doesn't run as easy as his C.C.M.'"

"This is the third season for his C.C.M., too, and it runs just like new."

"Is that so, Jimmy?"

"Yes, there's good stuff in the C.C.M., Dad."

"It's a beauty to look at, Jimmy."

"Sure. And the swell nickelling and bright enamelling won't wear off."

"When Bob's C.C.M. gets dusty he wipes her off and she looks just like new."

"Oh, well, Jimmy, I see your heart's set on a C.C.M. If you'll promise to study hard and pass into the next room, I'll give you a C.C.M. Bicycle."

C.C.M. Bicycles are the pride of the boys. They have earned their good reputation by standing up under the extra strain and wear that sturdy, active lads are bound to give a bicycle.

The C.C.M. has the new Hercules Positive Drive Brake—the Coaster Brake without a side arm.

Ask the C.C.M. dealer to show you the 18-inch curved bar model—the bicycle the boy won't outgrow.

## Triplex Springs

Take the Jolts Out of Canada's Rough Roads

To appreciate fully what an improvement Triplex Springs are, you must ride in the Overland and see what they do.

To light weight and economy of 100-inch wheelbase they add the steadiness and road flexibility of 130-inch Springbase.

It is a new sensation to ride in a light weight car with the com-

fort formerly confined to the heavy car of long wheelbase.

—To be relieved from nerve-racking jolts and to go confidently ahead over rough roads at a good roads' speed.

The made-in-Canada Overland is a striking example of the new strides being made by Canadian industry.
