

# THE HERALD.

TUESDAY, MARCH 25TH, 1919

The Canadian Pacific Railway earned 10.97 per cent. on the common shares in 1918.

Hon. W. J. Hanna, head of the Canadian end of the Standard Oil Company, former food controller for Canada and one time provincial secretary of Ontario, died in Augusta, Florida last week. Mr. Hanna was one of the late Sir James P. Whitney's strongest ministers.

The fight between free trade and high protection is on at Ottawa, and it will be a fight to a finish this time, Canada has too long been saddled by the highest tariff of any country in the world. Large revenues must however, be raised, and for this reason complete free trade would be inadvisable at present. A compromise should be affected by the extremists.—Kingston Whig.

The Housing Bill has passed the Legislature. It makes available something like \$10,000,000, of which the province loans \$2,000,000 and the Federal Government about \$8,000,000, for the building of houses costing not more than \$3,500 each including land. Major Tolmie, a Liberal member who has been at the front, proposed a Government grant of \$300 to a returned soldier or the widowed mother of a returned soldier to enable either of them to purchase a lot and so be able to avail themselves of a clause which authorizes the advance of the full cost of the house to such a party. The Government ruled the motion out of order.

## Effect of the Armistice on Hoarded Money

There is reason to think that hoarding was practised to a great deal more during the war than is generally believed. With peace assured, the hoarded money is now beginning to appear, and it is to be hoped that quite a lot of it may go to buy War Savings Stamps.

In the United States it is estimated that \$1,560,000,000 were hoarded by foreigners during the war period. Banking authorities say that since the signing of the Armistice, this hoarded money has come out to a surprising extent and this opinion is confirmed by the savings bank deposits. In New York State this class of deposits increased by \$39,400,000 during the period from December 28th, 1918, to January 12th, 1919.

Undoubtedly the cessation of hostilities has had a similar effect on hoarded money in Canada, for it is well known that hundreds of people of foreign birth drew money out of the bank and either carried it on their person or hid it. The question is—how much of this money will go into War Savings Stamps? The whole country is vitally interested in seeing that a large portion of it is thus invested, while it is to the interest of the person holding such money to put it to this use.

A bill was introduced into the Canadian parliament providing twenty million dollars for good roads covering five years.

A steady upward trend of prominent Canadian industrial stocks is shown by recent transactions on the Toronto exchange.

A foreign woman in Manitoba sued for divorce because her husband, she said, slept with an axe under his pillow.

The Allies are to furnish five hundred thousand tons of food a month to feed the stricken people of the devastated countries.

The decline in steel price quotations, in the United States, will, it is believed, have a stimulating effect on business generally.

Clarence Engel, Waterloo, fifteen years of age, accidentally shot and killed his sister, aged thirteen, with his brother's revolver.

E. D. Hand, aged 87, one of the oldest newspaper men in Canada, died last Tuesday. He founded several weeklies in the province.

Entry to Canada of immigrants of German, Austro-Hungarian, Bulgarian or Turkish races or nationality, has been prohibited, except with the permission of the minister of immigration and colonization.

The bulk of the large estate of William H. Yawkey, lumber and oil dealer, and former owner of the American League baseball club, will go to his widow and adopted son, Thomas, under the terms of his will filed. Mr. Yawkey died March 5 in Augusta, Ga., leaving an estate estimated at nearly \$40,000,000.

## Woman's Statement Will Help Carleton Place

"I hated cooking because whatever I ate gave me sour stomach and a bloated feeling. I drank hot water and olive oil by the gallon. Nothing helped until I tried simple buckthorn bark, glycerine, etc., as mixed in Adler-ika." Because it flushes the ENTIRE bowel-tract completely Adler-ika relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. The INSTANT action is surprising.

# FRANCE CAUSES DELAY

Objects to Plan for Rationing Germany.

Peace Congress Takes Step Backward and the Situation in Paris Commences to Look Serious—It Is Feared That Unless Conditions Are Improved in the Near Future Chaos May Result in Europe.

PARIS, March 24.—With irritation over delay manifesting itself more plainly every hour, with the news of Bolshevik success in Hungary pointing a direct moral, with unrest throughout the world growing in intensity the Peace Conference took a step backward Sunday when it became known that the French had formulated new objections to the execution of the British agreement whereby Germany was to be rationed. As a result the flow of food into that country had been held up, and, if conditions are not cured immediately, serious results are feared.

The matter has been thrown back to the Supreme War Council for consideration. France's reluctance to going further at this time arises through her insistence that exports from Germany should be limited and priority of delivery should be accorded the Allies, who should have the right to fix the prices they are to pay for such exports as they take. There is a further question of payment in francs and liras which would compel Germany to make good the loss in exchange or throw the loss upon the American purveyors.

A member of the commission who is a shrewd observer said that he believes France has come to the conclusion that her safety rests in permitting the disintegration of Germany, and that she is pursuing that policy by delays and objections. He differs from the wisdom of this view and fears that, with Germany in chaos, the rest of the world, and particularly France, will travel the same road.

The general situation is serious, and it would be foolish to attempt to disguise the fact.

One member of the conference said that the attitude in Paris was having its reflex in Germany, and that the German signature to a peace treaty was growing less probable each day because, if she signed, she would be, in her people's eyes, accepting slavery, which would bring on Bolshevism; and if she did not sign she would be thrown into Bolshevism anyway. It may be that, after all, the military terms will be submitted to the Germans secretly before further delays in other phases are encountered.

There is a lack of union and absence of progress that has become marked in the last three days, and this reacting gravely upon the whole body of the Paris proceedings. A shake-up is needed in the opinion of all who are conversant with the situation here.

## MUST GUARD EX-KAISER.

Wm. Hohenzollern Receives Two Threatening Letters.

AMERONGEN, March 24.—There was a state of extreme alertness around the von Bentinck Castle throughout Friday night and Saturday in consequence of the former German Emperor having received on Friday two violently threatening letters, one emanating from Amsterdam and the other from the Belgian frontier, and also a telegram from a friend warning him of menacing peril.

All the Dutch gendarmes watching over the ex-emperor's welfare were kept on duty, instead of half their number being allowed their accustomed rest. Saturday morning all the garden paths in the neighborhood of the shed where William Hohenzollern was engaged in sawing wood were constantly patrolled by armed guards, while even outside the walls of the castle gendarmes were carrying loaded carbines.

One man was watching each of the four sides of the castle, and other precautions were taken to ensure safety.

Over 5,000 Jews Massacred.

NEW YORK, March 24.—The Bolshevik invasion of the Ukraine has resulted in pogroms in which thousands of Jews were massacred, 5,000 being killed or wounded in Proskurov, according to cable messages from the Copenhagen Zionist bureau here. The public here by the Zionist of America. Hundreds of Jews were killed in Berdichev, Zhitomir and other places, said the message, which declared the pogroms were instigated by Polish anti-Semites.

Trotsky Mobilizes Force.

PARIS, March 24.—The Estonian-Lettish offensive against the Bolsheviks is menacing Petrograd so seriously that Leon Trotsky, the Bolshevik Minister of War and Marine, has ordered the general mobilization of all men up to the age of forty-six, according to a Zurich despatch to the Matin.

Portugal Asks Large Indemnity.

PARIS, March 24.—The Portuguese delegation at the Peace Conference has transmitted to Lisbon more than two dozen reports drafted by the various conference commissions, according to a telegram from Lisbon. One of these reports, the message adds, demands for Portugal a war indemnity of £120,000,000.

Premier Expected Home.

OTTAWA, March 24.—Sir Robert Borden is expected to return to Canada about Easter time, although the date of his arrival may be later. There is said to be no truth in the report that it is not the Prime Minister's intention to again assume the duties of his high office in Canada.

Two hundred persons are reported to be dying daily in Petrograd from typhoid fever.

# SENATOR TAYLOR ILL.

Was Well Known as Former Conservative Whip.

OTTAWA, March 24.—Hon. George Taylor, of Gananoque, member of the Senate, since 1911, for the district of Leeds, Eastern Ontario, and for twenty-five years previously chief whip of the Conservative party, is dangerously ill, as the result of a stroke of paralysis, and is not expected to recover. The Senator was stricken on Saturday, and has not since regained consciousness. Senator Taylor was born March 31, 1840, and is therefore almost 79 years of age. During the long period he was whip of the Conservative party he was one of the best known figures in the House of Commons, and enjoyed the confidence of Sir John Macdonald and the several Conservative Prime Ministers who succeeded him before the Liberals came into power, in 1896.

Senator Taylor continued in his post as opposition whip under Sir Charles Tupper and Mr. R. L. Borden, throughout the greater part of the fifteen-year period the Laurier Government was in power. While always a strong party man, he commanded the respect and warm personal friendship of the late Sir Wilfrid Laurier and other Liberal leaders in the House of Commons.

His retirement from the Commons to the Upper Chamber was due to the circumstances that after the general election of 1911 he resigned his seat for the constituency of Leeds, to provide a seat for Hon. T. W. White, now Sir Thomas White, who has been named Minister of Finance by Sir Robert Borden. Senator Taylor has been coming to Ottawa continuously during the session for the last thirty-seven years, having first been elected to represent Leeds in the Commons at the general election of 1882.

## ANXIETY OVER POLAND.

Disposal of Danzig May Cause Difficulties.

PARIS, March 24.—Poland's problem remains unsolved. It is understood that Premier Lloyd George is opposed to giving Danzig to the new Polish state, although the Polish commission unanimously recommended it, and that the Premier rather favors the internationalization of the place or its transformation into a free port.

He also objects to the cessation on the ground of self-determination of which he is an enthusiastic champion. He holds that in the corridor proposed between the Polish frontier and Danzig too many Germans would be taken under Polish rule. There would be 1,800,000 of them. The scheme of the commission would affect altogether about 2,200,000 Germans.

The Polish commission was asked to reconsider its report. Having done so, it has presented the same report again. Danzig serves the most extensive cotton manufacturing district in the world. Lancashire has big trade with Lodz, which might be affected by the new Poland's fiscal policy.

The difficulty in dealing with the Germans over Poland is that they consider themselves victorious in the east, and they have no armistice with Russia to hamper their freedom of movement in that direction. Gen. von Hindenburg's headquarters are at Kolberg, on the Baltic southwest of Danzig, and the Germans undoubtedly appear to be preparing for a move against Poland. They are still refusing facilities for the landing of Gen. Haller's Polish divisions at Danzig.

## FARMERS ARE UNITED.

Will Break Away From Old Political Parties.

OTTAWA, March 24.—Even in New Brunswick, which has been dominated by partyism for years, the farmers are beginning to break away from the old political parties. This is the opinion of Mr. John Kennedy, vice-president of the United Grain Growers, Limited, and a member of the Canadian Council of Agriculture, who returned to Ottawa Sunday from Woodstock, N.B., where he has been attending the first annual convention of the United Farmers of New Brunswick.

Mr. Kennedy says they had an exceedingly enthusiastic convention, and that the farmers of New Brunswick are strongly in favor of a substantial all-round reduction in the tariff. They organized only a year ago and are low-tariff rather than out-and-out free traders. The farmers of the province, as framed at Winnipeg by the Canadian Council of Agriculture, as the only national platform now before the people of Canada.

"There were 300 delegates present from all parts of the province," added Mr. Kennedy, "and enthusiasm was very marked, particularly in regard to independent political action. They are very anxious to co-operate with the United Farmers of Ontario and the organized farmers of the West, and I believe that direct taxation and independent political action are going to bring the farmers of Canada together more quickly than anything else."

Mr. Kennedy is a native of Beaver-ton, Ont., and went out to Manitoba forty years ago. His headquarters are at Winnipeg.

## Bedouins Attack British.

LONDON, March 24.—Reuters Agency says it learns that telegrams received up to Sunday evening show a continued improvement in the situation in Egypt, but that the Delta region is still disturbed. Bedouins attacked a detachment of British troops in the Province of Fayum, middle Egypt, but were repulsed with losses.

A movement has been started to erect a monument to Sir Wilfrid Laurier on Jacques Cartier Square, in the heart of Quebec East, which he represented in the Commons for forty years.

Carleton has been placed under martial law, as a result of the extension of rioting by Egyptian Nationalists. United States secretary of war, Baker, stated at San Francisco that the war cost 197 billion dollars and over nine million lives.
