The Richest Family Estate

Life insurance is the most definite and reliable estate a man can build up for his family. It affords protection and education for his children, and proves a great aid and comfort when the wedding bells ring and marriages occur in the family. Moreover, there is nothing so serviceable for covering any indebtedness that may have been incurred in purchasing the home, as a Policy in The Continental Life. An Endowment Policy in this Company is also a gilt-edged investment for the young; it offers the surest method of saving money, and at the end of a given period is a bulwark of strength along life's career.

The climax of life insurance protection is reached when Death inevitably enters the home, and the husband and father is taken. Then it immediately becomes an invaluable defence to the stricken household. This best family estate then passes unerringly to the beneficiary named in the Policy, or the heirs and assigns of the same. No protracted litigation, nothing to be fought over in the Courts, as with Wills; no lawyers' fees or costs whatsoever. The definite sum named in the Policy is paid over to the definite beneficiary, and the matter is closed.

In view, then, of the great uncertainty of life, why delay securing this most reliable, richest estate? Act NOW.

Heed this warning by seeing your nearest Agent of the Company, or write to either of the undersigned at Head Office for full particulars.
