The great success which has attended the first year of this institution, has encouraged Mrs Poetter to leave nothing undone that can add to he advantages already offered in her School In consequence of the increase in her pupils, she has engaged another Music Master, (an English Professor from Boston,) who has been highly recommended as a finished musician. Mrs. Poetter has during the past year taken her mor advanced pupils through a course of English Studies, which have prepared them to give their time next year only to the higher branches of English Literature, and the French, Italian and German languages, in which they have already made some proficiency. Mrs. Poetter will take this opportunity of expressing the pleasure she has felt at the kind and satisfactory letters she has received from many of the parents, and she trusts that her system, combining home comforts with the advantages of a sound and finished education on such very moderate terms, will continue to be appreciated and encouraged.

The School will re-open on the 5th of Sept. Mrs. Poetter has taken the splendid house ith grounds attached, the residence of the lat-Mr. Justice Jones, situated on Front Street, where she will have increased accommodation

Persons wishing for further information ar requested to apply (if by letter post-paid) to MRS. PORTTER.
