

How Toronto's Public Buildings and Homes Are Kept Clean

There are five times as many

“ZIMMER” Vacuum Machines

installed in residences in Toronto than all other makes of machines combined

Just a few places that use it:

HOTELS

Iroquois
Walker
Prince George
Queen's

BUILDINGS

Confederation Life Bldg.
Norwich Union Bldg.
Osgoode Hall
Alexandra Palace

CHURCHES

Dunn Ave. Methodist
St. Paul's, Metropolitan
Westminster
Dunn Ave. Presbyterian

RESIDENCES

Mr. Wm. Dobie
Mr. F. J. Smith
Mr. Geo. Pepall
Mrs. Barclay

It is recognized as the leading machine in Canada, and has proven its superiority in every public or private competition ever entered.

It does away with the broom, the carpet sweeper and the toy portable vacuum cleaner.

Work can be done faster and more thorough than it was ever thought possible before the advent of the “ZIMMER.”

A VACUUM CLEANER THAT KILLS GERMS

The patented “ZIMMER” Germicide attachment fumigates the air as it cleans carpets, furniture, etc. Every bit of the eighty thousand inches of air handled per minute by this wonderful machine is run through a fumigating solution. Ordinary vacuum cleaners allow most of the germs collected about the house to return with the air. The “ZIMMER” kills them. “Germs breed disease.” With a “ZIMMER” Vacuum Cleaner to destroy the germs, you escape disease.

We will give a free demonstration in your own home and let the machine speak for itself. Every “ZIMMER” Vacuum Machine is guaranteed to produce at least 15 inches of Vacuum (guage test), or in other words more work and better work than machines costing four times the price.
