## Pre-vacation checklist

Has this ever happened to you? You and the family have been on the road for an hour or more at the start of a vacation and you're suddenly hit by the thought that — in the haste of getting away — you neglected to turn off the stove or lock the back door. Many a carefree trip has been a worrisome one just for these reasons.

The Ontario Motor League, Toronto Club, suggests you prepare a checklist of things to do and check off each item before leaving.

### YOUR HOME

• Have you temporarily stopped delivery of newspapers, milk bread and laundry?

• Have you shut off home utilities, such as water, gas, light and refrigerator?

• Have you provided for cleaning and care of the garden around your home?

• Have you provided for your dog, cat, birds or fish?

• Have you thought about who will pick up your mail and where it is to be forwarded?

• Have you discouraged prowlers by:

a) Being sure all exterior doors and windows are securely locked?

b) Notifying neighbours and police that you are taking a trip?

c) Leaving the shades only part way down?

d) Not notifying local newspapers of your vacation until you return?

### YOUR CAR

• Are your tires absolutely safe?

• Has your car been thoroughly checked by a competent mechanic for motor, clutch, brakes, transmission, cooling system and steering gear?

• Do you have the necessary equipment you will need, such as a good spare tire, a complete tool set, a tire jack, a tire

wrench, pliers, flares and a flashlight?

• Have you checked your lubrication for oil change, wheel bearings, transmission and differential?

### YOURSELF

• Have you the necessary car insurance protection for fire theft, collision, property damage and public liability?

• Have you properly planned your itinerary for time available, places to visit, accommodations, points of interest, route information and necessary maps?

• Have you a car registration form and a valid driver's license with the correct addresses on them?

• Have you your liability insurance card?

• Do you have your travellers cheques, cheque book, credit cards and motor club membership card?

The Ontario Motor League, Toronto Club, also suggests that vacationtime is a good time to have household appliances — toasters, mixers, irons and washing machines — repaired. Send these items to a repair shop when you leave and they will be ready for use when you return.

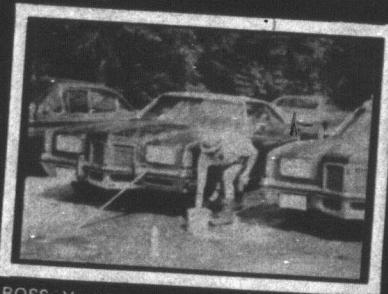

# SELL EVERYTHING

they said . . . so we started  
the big **CLEAN UP!**

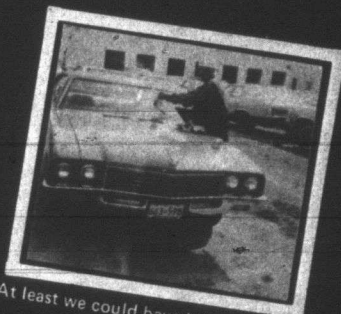

now we're waiting for **YOU!**

Do I have to do this boss?

BOSS: Yes! Because what ever I do you do.

At least we could have been given bigger tooth brushes.

Bending over backwards for customers is OK. But this is ridiculous.

Bill Makson, Bob Taylor, Doug Hoyles, Al Smith, Jack Smethurst.
