

CHAPTER VI.

	PAGE
Stratigraphical geology.....	55
General introduction.....	55
Regional.....	55
Local.....	56
Detailed description of formations.....	57
General statement.....	57
Table of formations.....	60
Pre-Cambrian.....	61
Cambrian.....	63
Lower Cambrian.....	63
Distribution and thickness.....	63
Lithological characters.....	63
Middle Cambrian.....	66
Names of formations.....	66
Distribution and thickness.....	66
Character.....	67
Upper Cambrian.....	73
Formations in Mt. Bosworth.....	74
Distribution and character.....	74
Chancellor formation.....	75
Name.....	75
Distribution and thickness.....	76
Character.....	77
Age and correlation.....	80
Sheared zone: distribution and character.....	81
Sheared zone: age and correlation.....	84
Ottertail formation.....	84
Name.....	84
Distribution and thickness.....	85
Character.....	87
Age and correlation.....	93
Ordovician.....	94
Goodsir formation.....	94
Name.....	94
Distribution and thickness.....	94
Character.....	95
Age and correlation.....	99
Graptolite shales.....	100
Silurian.....	101
Halysites beds.....	101
Pleistocene and Recent.....	102
