Gananoque Agricultural Implement Works

THE BEST OF MATERIALS USED IN CONSTRUCTION Every Tooth Steeled and Hardened Every Piece warranted against Breaking, 30 days.

EVERY HARROW WARRANTED TO WORK SATIS-FACTORY, OR NO SALE.

COLLARD'S PATENT IRON HARROW

Has been constructed with great care, on scientific principles, and after repeated experiments. The sections being narrow renders it flexible; readily adjusts itself to the uneven surface of the ground; frees itself from roots, sods and all foreign substances; hugs the ground closely, tearing up every part of it. The hinges are so constructed that they hold the sections in line, and still allow efficient play. It is light to handle, easy draft, and requires no repairing. Farmers are invited to try one of these Harrows for a day, and if they do not suit,—lay it aside. Address—
