**You need a new DE LAVAL SEPARATOR NOW**

**1st If you are still using some gravity or setting process of creaming—**

**BECAUSE YOUR WASTE IS** greatest and quality of product poorest in mid-summer when the milk supply is heaviest.

**BECAUSE THE SKIM MILK IS** poorest without a separator in hot weather and often more harmful than helpful to calves.

**BECAUSE TIME IS OF GREAT-EST** value on the farm at this season, and the time and labor saving of the good separator counts for most.

**BECAUSE THE WORK OF AN** improved De Laval Cream Separator is as perfect and its product as superior with one kind of weather as with another.

**2nd If you have a very old De Laval or an inferior separator of any kind—**

**BECAUSE THE LOSSES OF** the poor separator from incomplete skimming and the tainted product of the hard-to-clean and insanitary separator are greatest at this season.

**BECAUSE THE DE LAVAL SEPARATOR** of to-day is just as superior to other separators as the best of other separators to gravity setting, and every feature of De Laval superiority counts for most during the hot summer months.

**BECAUSE AN IMPROVED DE** Laval is so much simpler and more easily handled and cared for than any other, and you cannot afford to waste time these busy days "fussing" with a machine that ought to have been thrown on the junk-pile long ago.

**BECAUSE OF THE GREAT** economy of time at this season in having a separator of ample capacity to do the work so much more quickly.

**These are all facts every De Laval local agent is glad of the opportunity to prove to any prospective buyer. If you don't know the nearest De Laval agency simply write the nearest main office, as below.**

**"Manana"**

THIS is a favorite and fatal word much in use among the Mexicans: it means "To-morrow."

If one asks a Mexican to close a deal, he smiles and says, "Manana, Senor." This habit has made the nation poor.

"To-morrow I will give you an application for a \$10,000 policy," said a contractor to a life agent a few days ago.

The "To-morrow" cost his wife \$10,000, for she was a widow before the day dawned on which her husband intended to apply. If he had only said "To-day!"
