Those writing to advertisers, mention the "Farmer's Advocate."

Mr. H. Cargill, M. P., Cargill, Ont., has purchased, and is importing, along with other Shorthorns, the fine yearling heifer which won the female championship at the Royal Northern show at Aberdeen, in the hands of Mr. Longmore, of Rottie.

At Mr. Henry Dudding's sale of Shorthorns at Ruby Grove, Lincolnshire, England, last month, two bulls, Rosellian and Lord Rosemead, sold for 200 and 205 guineas respectively, and go to South America. The highest priced cow was Lambert's Bride, bought for Mr. Cochrane, of Canada, at 41 guineas.

JAS. DOUGLAS' SHORTHORNS.

Four miles from Caledonia, Ont., on the river road, brought us to the splendidly-kept 400-acre stock farm of Mr. Jas. Douglas, whose herd of upwards of 100 head of splendid Shorthorn cattle was looked over, the foundation of which was laid by the late Wm. Douglas, in 1855. In a report of the flocks and herds of Ontario, which we recently saw, this herd is mentioned as being one of five in existence at that date. All along, the best obtainable bulls only have been employed, and among them Mr. Douglas gave us the names of such animals as Lothair 300 (bred by Hon. Mr. H. Cochrane), Lord Langquish 789 (bred by Hon. Mrs. Cornell, Ithaca, N. Y.), Earl of Goodness 5th 593 (Bow Park), Baron Evenlode 16705 (Bow Park), Isabella's Heir 19550 (Bow Park), and the present sire Duncan Stanley 1634 (W. & J. Russell), by Stanley 7919, and out of Isabella 1894, is now 8 years old. He is a splendidly-formed animal, possessing a great wealth of evenly-distributed substance, weighing in serviceable form about 2,400 lbs., which he carries well under command. Among the 40 odd matrons may be seen such cows as Britannia 34th 23126, by Earl of Goodness 20th, and out of Britannia 25th 2515, in her eighth year. Perhaps regarded as one of the most valuable cows in the herd. Elgitha 4th, by 19th Duke of Kirklevington, and out of Elgitha 2392, is a splendid type of a cow in her ninth year, and the usefulness which marks her places her as one possessing much value as a matron. Elgitha 18th, by Isabella's Heir, and out of Elgitha 11th 21640, is a splendid roan heifer, just past three, being thickly and evenly fleshed, carrying in her conformation that early-maturing quality so much sought after. She is due to calve to Duncan Stanley in September. The yearling red heifer, Milliner 16th, by Isabella's Heir, and out of Milliner 12th 23433, bearing in her veins some of the best of the Booth blood with three Bates crosses, and in her conformation carrying the evenness possessed by that worthy Isabella family, with their grand size. She is an all-round splendid heifer, full of promise. Considering the cows as a bunch, they are splendid lot, not only richly bred, but have been all along kept under the very best possible condition for the development of their progeny, a feature not to be looked upon lightly in the selection of foundation females or sires for pure-bred herds. At present Mr. Douglas has on hand 16 young bulls, ranging in age from 4 to 10 months, by Isabella's Heir. Among them our attention was especially attracted by the nine-month-old dark roan son of Elgitha 8th, Prince Patrick, a calf which is going strong by strides, with the combined quality of his sire and dam. Another grand representative of the Elgitha family, and perhaps the choice of the bunch, is Royal Don, a great, growthy, thick fellow, whose presence in any herd could not bring other than improvement. We might go on and mention them individually, but feel assured of this fact, that whether by correspondence or a personal visit to the farm nothing but fair treatment will be dealt out to intending purchasers, and when in Brant, or adjoining counties, fanciers of Shorthorn cattle will be amply repaid by making this establishment a visit.

H. GEE & SON'S SHORTHORNS, SHROPSHIRE, AND POULTRY.

The 165-acre farm of Messrs. H. Gee & Son, near Fisherville, Haldimand Co., Ont., is being conducted upon mixed farming principles, and attention is being directed towards developing pure-bred stock. The foundation of a Shorthorn herd of cattle was laid a few years ago, when Fisherville Girl, by Cleveland 17063, and out of Fisherville Maid, was purchased. She is regarded by her owners as a valuable cow, possessing good evenness in her make-up. The stock bull (until very recently), Cleveland, by Gold Coin 13548, and out of Snowflake of Crag 16771, was owned on the farm three years, his stock proving highly satisfactory. In Shropshire sheep the firm have exercised much care in selecting their foundation stock; the breeding ewes were of Campbell, Dryden, and Gibson breeding. Only the most suitable rams have been employed. At present on the farm is the aged ram, Montrose 2, No. 107671, by Celandine, and out of Moyers 25, 85060, a well-covered, good formed sheep of good color and fleece. Also a well-made shearer by Phin 477, 78803, and out of Moyers 17, by Dryden 37920, both of which are held for sale.

Perhaps in no particular is more attention directed than to the pen of Plymouth Rocks and Indian Games. Mr. Gee, Jr., giving much of his time to their requirements. The Plymouth Rocks were obtained from settings purchased from some of the foremost breeders, Geo. F. Leffel, Springfield, Ohio, and C. C. Shoemaker, Freeport, Ill., all of which have come fully up to the high point expected, and we were shown some splendid young stock—smart and vigorous and beautifully barred. The Indian Game settings were obtained from Messrs. Bennett & Pardee, Charing Cross, who imported from some of the foremost English breeders. In poultry the firm have a few P. R. cockerels for disposal this fall, as well as a good supply of Games.

GUELPH HORSE SHOW.

At a recent meeting of citizens of Guelph, Ont., it was decided to have a two-days' horse show on Sept. 20 and 21, with bicycle racing and evening concerts, \$1,000 to be offered in prizes. Mayor Hewer was chosen president, and Ald. Nemstead, secretary treasurer.
