Ruthstein's Steel Shoes Are Worn and Praised by Thousands

You can positively save from \$5 to \$10 a year and get more good wear, more solid comfort, more health-protection, more real enjoyment out of Steel Shoes than you ever had in your life from leather-soled work shoes or rubber boots. Thousands are wearing Steel Shoes today, saving immense sums of money. Every wearer will tell you they are easier on the feet, lighter, more healthful and durable than the best all-leather work shoes that money can buy. Absolutely the best farm shoe in existence.

Better Than the Best Leather - Soled Shoes---Feel Better, Fit Better, Wear Better, Look Better!

If you will put a pair of Steel Shoes on your feet—even for five minutes—the shoes will do the rest. They will surprise and delight you with their lightness, neatness and comfort—their astounding durability. They will literally sell themselves!

Hence I am making this special Free Examination Offer, merely asking you to send me the price, while you are "sizing up" the shoes. If they fail to convince you immediately, you can simply notify me to send for them at my expense and the money will be refunded at once.

Best All-Leather Shoes—Saves \$5 to \$10 a Year

The Steel Shoes are the strongest and easiest working shoes made. There is no need of breaking in. Comfortable from the first moment you put them on. Easy to put on or take off. Impossible to get out of shape. We could not afford to make you this special offer if we were not confident that our Steel Shoes are just what you need. You run absolutely no risks, no trouble on your part. All we ask is that you try on a pair of Steel Shoes before you buy any other style of working shoes. You will wonder how you ever did without Steel Shoes this long. Our Steel Shoes will more than surprise you.

A Wonderful Invention Explained

Here is the way Steel Shoes are made: The uppers are made of superior quality leather, as waterproof as leather can be tanned. This leather is wonderfully soft, flexible and pliable—never gets stiff and hard, no matter how long the shoes are worn in mud, slush or water.

The soles and sides are made out of one piece of special, light, thin, springy, rust-resisting Steel.

New Corrugated Steel Soles

We have added 100 per cent to the strength of the Steel Soles by corrugating the bottoms. This extra strength enables us to make the soles even lighter than before.

The Sole of Steel keeps the uppers in shape, prevents them from warping, twisting or cracking. Soles and heels are studded with adjustable Steel Rivets, which prevent the bottoms from wearing out. Rivets are easily replaced by hand when partly worn, making the shoes as good as new. Fifty extra rivets cost only 30 cents and should keep the shoes in good repair for at least two years. No other repairs ever needed! The uppers are tightly joined to the steel by small rivets of rust-resisting metal, so that no water can get between.

The shoes are lined with soft, springy, comfortable Hair Cushions, which rest the feet, absorb perspiration and odors and add to ease of walking. Cushions can easily be taken out for cleaning.

No Corns, Bunions, Callouses, Blisters!

Steel Shoes are so easy on the feet that they absolutely do away with corns, callouses, soreness, blisters and other foot troubles. They give rest and support to the feet, and keep them in perfect condition.

No Wet Feet! No Colds or Rheumatism!

If you wear Steel Shoes you can work all day in mud and water or snow without having wet or cold feet. Thus you escape colds, rheumatism, neuralgia and the long train of ills that result from cold, wet feet. The dreaded Pneumonia often results from inadequate foot protection. Steel Shoes pay for themselves again and again by preventing sickness and saving doctor's bills. Wear Steel Shoes and you can work in cold, wet, stormy weather that would otherwise keep you indoors.

A Positive Blessing to Farmers' Feet

Steel Shoes are unquestionably the most important discovery for the benefit of farmers in the last 100 years. They enable you to work in comfort, rain or shine, in heat or cold, in the field, barnyard or feed lot—in the swamp, in ditch work, among brush, stones or wherever there's work to do. They stand hard knocks! They shed mud! They keep your feet bone dry, rested and free from corns, chafing and blisters!

They save time and money and doctor's bills.

The proof is yours for the asking

Don't Wait—Send NOW!

See the shoes—then decide! We don't ask you to buy the shoes!

We just want you to slip your feet into a pair of Steel Shoes. We want you to feel and see and know how much lighter, neater, more comfortable they are than any other work shoes in existence.

We offer to send you a pair of Steel Shoes for FREE EXAMINATION—any size or style you may select—on receipt of the price and let the shoes themselves tell you their marvelous story of comfort, lightness, neatness, strength and wonderful economy. You must see the shoes themselves before you can realize how much they mean to you!

They will tell you more in five minutes than we could in five hours.

If they don't convince you instantly DON'T KEEP THEM!

Simply notify us to send for the shoes at our expense, and every penny of your money will be returned promptly without delay or argument.

Don't hesitate. Any banker, any express company will tell you we are responsible. The editor of this paper will do the same. You need Steel Shoes and you need them NOW. Don't put it off, but accept our liberal FREE EXAMINATION OFFER at once, and make sure of getting your shoes promptly.

We strongly recommend the 6-inch high Steel Shoes at \$3.50 a pair, or the 9-inch high Steel Shoes at \$5.00 a pair. For all classes of use requiring high-cut shoes, our 12 or 16-inch high Steel Shoes are absolutely indispensable.

Throw away your old shoes and hot rubber boots—Don't torture your feet in hard, twisted, warped, leaky, shapeless leather-soled shoes. Don't sweat your feet and make them tender by wearing hot rubber boots, felt boots or arctic. Throw the old things away! Get a pair of Steel Shoes and learn what foot comfort really means!

Our Three Great Factories

The success of Steel Shoes is almost startling. Within three years we have established Steel Shoe Factories in Racine, Wis.; Toronto, Canada, and Northampton, England. These great factories, running at full capacity, can scarcely keep up with the demand from all over the world.

Steel Shoes for Boys

Boys' Steel Shoes are absolutely boy-proof. Made exactly like Men's Steel Shoes. Soles, heels and sides are one piece of light, thin, rust-resisting Steel! Uppers are waterproof leather! Put a pair on YOUR boy and save shoe money!

An active boy keeps you busy buying shoes. One pair of Boys' Steel Shoes outlasts 3 to 6 pairs of "all-leather." No patching! No half-soleing! No new heels!

Boys who wear "Steels" can work or play in mud, slush or water without danger of colds and sickness. We will send a pair of Boys' Steel Shoes for Free Examination on receipt of the price.

If you are not instantly convinced of their wonderful merit simply notify us to send for the shoes at our expense and your money will be refunded promptly.

WIT and HUMOR

Two men were occupying a double seat in a crowded car. One of them was a long-distance whistler, and the other was evidently annoyed. "You don't seem to like my whistling?" said the noisy one, after a five-minute continuous performance. "No, I don't," was the frank reply. "Well," continued the other, "maybe you think you are man enough to stop it?" "No,

I don't think I am," rejoined the other, "but I hope you are." And the whistling was discontinued.

A quiet, bashful sort of a young fellow was making a call on a Capitol Hill girl one evening not so very long ago, when her father came into the parlor with his watch in his hand. It was about 9.30 o'clock. At the moment the young man was standing on a chair straightening a picture over the piano. The girl had asked him to fix it. As he turned the old gentleman, a gruff, stout, fellow, said, "Young man, do

you know what time it is?" The bashful youth got off the chair nervously. "Yes, sir," he replied. "I was just going." He went into the hall without any delay, and took his hat and coat. The girl's father followed him. The caller reached for the door-knob, the old gentleman again asked him if he knew what time it was. "Yes, sir," was the youth's reply. "Good-night!" And he left without waiting to put his coat on. After the door had closed the old gentleman turned to the girl. "What's the matter with that fellow?" he asked. "My watch

ran down this afternoon and I wanted him to tell me the time, so that I could set it." * * * One day a Scotch and English boy, who were fighting, were separated by their respective mothers with difficulty, the Scotch boy, though the smaller, being far the more pugnacious. "What garred ye fight a big laddie like that for?" said the mother, as she wiped the blood from his nose. "And I'll fight him again," said the boy, "if he says Scotsmen wear kilts because their feet are too big to get into trousers!"
