Mr. W. J. Pringle has been very ill during the last week.

The York Road Women's Insti- tute met at the home of Mrs. Frank Belyon, on Wednesday afternoon. A goodly number were present. A good program was given. Sorry that Mrs. Helen Anderson of Melville was un- able to be present, however, Mrs. Hendricks read her paper, entitled "Are the Women to Blame?" and was found they aren't. Much credit is due Mrs. L. Foltz, the president, for the progress made by this branch of the Institute.

Mrs. Combes and Mrs. Winters leave this week for Temiskaming to join their husbands, returning in a few weeks.

The Men's League meets at Grace Church Thursday evening. Major Frost addresses the meeting.

Miss Ethel Stratton is visiting her mother near Shannonville during her holidays.

Mr. Arthur Sprentall and bride, nee Miss Anna Hassard, Pontiac, Michigan, arrived yesterday from their honeymoon. Their many friends wish them a pleasant jour- ney through life.

Mr. Clayton Wrightman has moved from our midst.

Mr. and Mrs. Bert Harris are en- tertaining company from Toronto for a few days.

Mr. G. Gordon attended a funeral east of Belleville on Sunday after- noon.

An electric storm passed over our town on Saturday evening, but no damage was done.

Little Edna Davis has her little cousin visiting her for a few days.

Mr. Thos. Hatton has secured the job of painting Mr. Couth's house which is improving it very much.

Our pastor, Capt. Clarke, preached a very eloquent sermon on Sun- day evening last, choosing his text from Matt. 9-37, 38 verses. "Then said He unto His disciples: The har- vest truly is plentiful but the laborers are few; pray ye therefore the Lord of the harvest that He will send forth laborers into His harvest."

Mr. George Winters spent Sunday at his home here and has returned again to Point. Ann to resume his duties.

Mrs. Duthy entertained company on Sunday.

Miss Viola Datoe spent Saturday afternoon with Miss Vera McKee.

Mr. Clifford Datoe, of Belleville visited his parents, Mr. and Mrs. Harry Datoe recently.

Master Curtis Hickerson has just started to attend the public school.

Mr. W. Datoe of Sidney was in town on Saturday.

Mr. and Mrs. W. Smith attended Brighton fair on Friday of last week.

The funeral of the late Mr. La- Flure, east Trenton, was held on Friday last. Interment was made in the Roman Catholic Cemetery, Wooler Road.

The recent showers are making the grass look green again.

Mrs. C. VanAlstine has returned home after visiting relatives near Picton.

An airplane lit on the mountain on Saturday forenoon.

Mrs. Clarke is visiting her sister Mrs. Thos. Hatton.

Rotarians to Hear Leaders in Boy's Work

J. T. Atkinson of New York and Tay- lor Statten, of Toronto to Address Luncheon at Hotel Quinte Saturday Night.

On Saturday evening at 8:30 Belle- ville rotarians are holding a special luncheon at which J. T. Atkinson, head of the Boy's Work of America and Taylor Statten, of Toronto, will address the Belleville Club and guests. Each rotarian is bringing one or more friends who are interested in this most useful work to the luncheon and it is expected a great many of the ladies will also be there.

J. T. Atkinson at very great per- sonal sacrifice has undertaken to tour Canada in the interests of boy's work. Mr. Atkinson, who head of the Boy's Work in America, is a Canadian, and his work has had wonder- ful results throughout the United States. He is called the friend of the poor boy. His work is not in favor of any particular organization, church or society, but he aims to co-ordinate all the forces in the interests of the boy, who is the man of to-morrow.

Rotary Clubs of America have un- dertaken as their most important work the betterment of the boy. Campaigns have been undertaken to systematically urge upon boys the necessity of continuing their educa- tion, to understand their possibili- ties in the future life of our country, to impress upon them the fact that be- ing better boys will make them bet- ter men.

Rotarians from Belleville who were fortunate enough to hear J. T. Atkinson and Taylor Statten address a Rotary Club, of Toronto, are en- thusiastic over the work they have outlined, and it is indeed a great favor that the city of Belleville should have an opportunity of hear- ing these men.

The Programme Committee of the Rotary Club have also provided some choice morsels for entertainment for Saturday evening and it is expected that there will be a 100% meeting of Belleville Rotary Club.

Leprosy Cure is Reported

Washington, Sept. 13.—Successful experiments upon 58 persons suffer- ing from leprosy lead officials of the United States Public Health Service to believe they have at last found a cure for that ancient and dread dis- ease. Everyone of the 51 have re- covered to such an extent as to war- rant his release on parole, and after a year not one has shown the small- est symptoms of recurrence.

Announcement of this fact in the Journal of the Missouri Medical As- sociation was confirmed to-night by Dr. Claude Lavindar, of the Wash- ington Public Health Service.

"The starting point for this study was the observation that now and then the course of the disease (lep- rosy) appeared to be favorably in- fluenced by treatment with chaul- moogra oil," says an official repre- sentative. The treatment, how- ever, was attended with many diffi- culties and could not be carried out in all cases.

"At this point the United States Public Health Service enlisted the co-operation of Prof. L. E. Dean, head of the chemical department of the College of Hawaii and president of that institution, suggesting that at- tempts be made either to isolate the active constituent of this drug or to devise means for making its con- tinued administration feasible.

"The latter has been accomplished by preparing what is known as an 'ethyl ester' from the chaulmoogra oil. The treatment has been carried on at the leprosy investigation sta- tion at Kailih by Dr. J. T. McDonald, director of the station.

"Following a course of treatment extending over about a year, 58 lep- rosy were paroled in October, 1919. Up to now they have remained from the disease.

"While chaulmoogra oil has long been a specific for leprosy, it never achieved the results now reliable claimed for it until Dr. Dean pre- pared the solution known as 'ethyl ester' from the chaulmoogra tree, said Dr. Lavindar in Washington to- night.

"One difficulty now lies in obtain- ing this rare oil in adequate quan- tities. The chaulmoogra tree is a native of India. To obtain sufficient number of trees the Federal Gov- ernment is sending Prof. Joseph F. Rock, of the Department of Agricul- ture to Burma." He will bring back seeds and slips, which will be set out in Government nurseries in Hawaii and elsewhere."

Belleville Veterans Victorious Over Napanee Veterans

At a recent meeting of the Belle- ville G.W.V.A. it was decided to en- ter a tug-of-war team in the com- petition at Napanee fair between G.W.V.A. teams for a magnificent trophy donated by J. L. Boyes & Son of Napanee. Major E. D. Ponton was appointed a committee of one to select the team and make the arrangements, his efforts were not futile. The team went to Napanee yesterday and for four minutes gave the 6000 spectators in front of the grand stand one of the finest ex- hibitions of tug-of-war competition that has been seen for many a day, finally wearing out the Napanee team and winning the pull. Pat Boland was the captain of the Belle- ville team and has worked hard in organizing the team. The team brought back to Belleville the mag- nificent trophy which is on exhibi- tion in E. D. Finkle's electric win- dower on Bridge street. The Belleville veterans will hold the cup for one year and if successful in defending it next year the cup becomes the prop- erty of the local branch. The Napanee team was an excellent team and fought hard to the end. The follow- ing are the members of the Belle- ville G.W.V.A. team who deserve great credit for their victory: Wm. Pyle, Charles Thompson, Joe Con- nolly, W. Peoples, C. Murphy, Pat Boland, M. Weir, G. Tilley and W. McKenna. L. G. Madden, Acting-Sec- retary of the local G.W.V.A. was coach.

There is every indication that within a short time the rates for weighing various commodities on the Belleville municipal scales will be substantially increased. The same action will be taken by all Ontario municipalities, as a result of an amendment to the Municipal Act passed by the Ontario legislature in June, Subsection 8 of section 402 of the Act, setting maximum rates for weighing on corporation scales is amended as follows:

Weighting a load of hay, old rate 15 cents, new rate 25 cents. Weigh- ing live animals other than pigs, sheep and calves, one or two, 10 cents; three, four or five, 15 cents; six or seven, 20 cents; eight, nine or ten, 25 cents; each additional animal over ten, 2 cents each.

The old rate was 4 cents a head for less than five head, and 3 cents a head for more than five.

The charge for measuring a load of wood is increased from 5 to 10 cents.

The new rates will be made effective in each municipality by passing a bylaw amending the former by- law covering weigh-scale rates.

Man Grasped Girl and Was Killed

She Screamed and Male Companion Fled

Sault Ste. Marie, Sept. 15.—Al- though the country has been scoured and a police dragnet placed over the city, river and northern Michigan, no trace has yet been discovered of Douglas Moore, who, it is alleged, on Monday night killed George Elliott, a prominent farmer and brick manu- facturer of East Korah.

A Sault Ste. Marie driver is believed to have encountered Moore three hours after the fatal shot was fired at Gros- cap Road. A man, thought to be the slayer, jumped on the driver put on speed and the man was hurled from the machine, firing five shots at the machine.

No trace has yet been discovered of Pearl Moeur or Maggie Bock, who, it is alleged, were in Moore's com- pany. The father of the Moeur girl is being held as an accessory to the escape of Moore.

Elliott, who was a married man with three children, had been missing chickens and on his way to the barn at eight last night grasped a girl in the darkness, believing her to be a thief. He took her into a barn where his brother was milking, to assure himself of her identity. The girl screamed and a man appeared and almost upon sight shot Elliott in the abdomen, from the effects of which he died.

EXCHANGE GAME FAILED TO WORK

A plot to flood Syracuse with thou- sands of dollars of Canadian silver coins, passing in Syracuse at full face value, was frustrated on Friday last by the action of the Syracuse Clear- ing House Association in making effective on Saturday current rates of exchange between Canada and the United States.

It is declared that fully \$50,000 in Canadian half and quarter dollars and dimes have been brought into Syracuse in the last few weeks by persons out to make substantial profits in one of the last of the cities in the State to make the exchange rate effective. Under the ruling of the Clearing House Association at its meeting in the First Trust & Deposit Co. on Friday, half-dollars of Canadian mintage will be accepted in Syracuse at the value of forty-four cents, quarters at twenty-two cents, and dimes at eight cents.

Those who have accumulated large sums of the silver coinage in expecta- tion of cashing it at Syracuse banks for face value, while not accepting a loss, will be filled in their attempt to make profits, possibly heretofore by failure of the city banking insti- tutions to place the exchange rate in force. The rate has been effective for several months on bills and cheques.

OVERCROWDED CONDITIONS

To relieve the overcrowded con- ditions existing at the Ontario Hospi- tal, Brockville, upwards of 100 pa- tients will be transferred to the new institution at Cobourg, used during the war as a military hospital for shell-shocked patients.

LADIES' HOME JOURNAL GETS TORONTO EDITOR

T. B. Costain, editor of Maclean's Magazine, has been appointed manag- ing editor of The Ladies' Home Jour- nal of Philadelphia, which is one of the publications of the Curtis Pub- lishing Company.

Mr. Costain received the appoint- ment a short time ago, and is mak- ing arrangements to take up his du- ties some time in October.

It is likely that he will reinforce his staff with a number of Canadian journalists.

MARRIAGE LICENSES JUST PEDDLED

"With woman in politics you have as much chance of civil marriages as a marriage in Heaven," declared Chairman W. G. Gregory, of the On- tario Public Service Commission, during a discussion introduced by Magistrate Fallinger, of Port Ar- thur, at the hearing in Port Ar- thur on Saturday. The magistrate, during examination, introduced the subject of marriage by magistrates of On- tario, and followed with a statement that "the peddling of marriage licenses in the city of Port William was a joke."

"You can buy a marriage license in any place from a grocery store to a junk shop," said the magistrate, who also declared many couples in the city procured a license, hung it at the head of the bed, and con- sidered that sufficient ceremony.

LARGEST AND SMALLEST HORSE

The biggest horse to be exhibited at the Minnesota State Fair recently weighed 2,400 pounds, and the crest of his mane is nearly eight feet from the ground. The smallest horse weighed only 85 pounds and is only 22 inches high, and his owner says he will never be any bigger.

S. S. WORKER TO BE HERE

On Sunday next those interested in S. S. work will have an oppor- tunity to listen to one of the best known workers in that field in On- tario, Mr. T. F. Harrison, of Cobourg will speak in the morning in the Baptist church and in the evening at the Tabernacle Mr. Harrison, who was a former resident of Kingston has just returned from a world's tour in connection with Sunday school work.

MARKERS REMOVED

Mr. George Sarley, R.R. No. 3 Sid- ney, reports that both markers of his car No. 12342 were taken off. He believes they were stolen.

A BIG SPUD

Mr. E. Brown, Sinclair street, showed today a huge Irish Cobbler potato weighing two pounds and three ounces.

The Oil for the Athlete

In rubbing down the athlete can do nothing finer than Dr. Thomas' Electric Oil. It renders the muscles and sinews pliable, takes the soreness out of them and strengthens them for strains that may be put upon them. It stands pre-eminent for this purpose, and athletes who for years have been using it can testify to its value as a lubricant.

MADOC

Mr. and Mrs. A. Naylor, of Belle- ville, are spending a few days at Moira Lake.

Mrs. Wilkinson and son, Ervan, of Brampton, are spending a few weeks at the lake.

Mr. and Mrs. Munro and Mrs. S. Wellington are spending a few days at Fairview Harbor and Ottawa.
