

THE REASONS

Which are attracting more and more trade every day to this house are not so much the beautiful New Store, with its every convenience—such as perfect light, ventilation and heating, elevators to the upper floors, public lavatories and wash-rooms, etc. to add to the pleasure and comfort of shoppers—as the well assorted stocks in every department; the experienced clerks to serve those who come and shop or those who order by mail; and the low prices only possible where business is done strictly for cash and there are none of the losses and there are none of the losses and expenses of the credit system to be made up.

We expect to double our turn-over in a year, and it's to your interest that we should. The more we grow the smaller will grow prices. Look how much less these prices are than what you have to pay at the credit stores—then come here and do your Xmas shopping.

Our Complete Dress Sale was such a phenomenal success that we have decided to continue it for the month of December. Think what a snap it is to get— 7 yds. of Dress Goods, and all linings complete, worth 50 to 60c yd., for \$3.50

7 yds. of 30 to 35c Dress Goods, with all linings complete, for 2.75

7 yds. of 65 to 75c Dress Goods and all linings complete for 4.50

7 yds. of our choicest 80c to \$1.00 Dress Goods and all linings complete for 6.00

Don't Forget that Tuesday is Our Weekly Bargain Day.

We believe that all our customers should have an equal chance of special snaps, and knowing it is next to impossible for country customers to get in on Friday, and twice as expensive for those who come in by B. & W., we have decided to change our Weekly Bargain Day from Friday to Tuesday.

HARD ISLAND. FRIDAY, NOV. 27.—A message reached the island to-day from Fairview, South Dakota, stating the death on Wednesday last of a formerly well known Leeds county resident in the person of Mrs. Margaret Slack, who was born at Farnersville about the year 1823, being the daughter of Henry and Elizabeth Willis.

Deceased was early characterized as a devoted member of the Methodist church and assisted with unwavering steadfastness in the maintenance of the services then held alternately at various parts of the locality, prior to the erection of the commodious edifice which now almost daily witnesses a gathering of some portion of the Methodist congregation, and in the meantime gracing the aspect of our classic Athens. At the age of twenty-three she was married to Mr. John Slack, a young farmer then residing near Charleston, where for about twenty years they lived happily together rearing a respectable family, when, alas for their joy's by the accident, where they were rendered fatherless and the wife a widow. A few years after the death of her husband, she migrated to Dakota to join a number of her children, who fortunately were among the earlier colonists of that state, where she also secured a farm of eighty acres in close proximity to those of her sons and sons-in-law, where, according to well confirmed reports, they have been decidedly successful in their enterprises. The whole family eventually

settled there, except one, Mrs. Joel Judson of Brockville. She also leaves one sister and brother in the county. Mrs. J. Robson of this place and Mr. Elisha Wilcox of Lyndhurst.

While we thus chronicle the close of a life which has been rendered dear by many acts of kindness and love, it is a consolation to know that the God of her youth has ever been the guide of her steps, for "a father to the fatherless and a judge of the widows, in God is his holy habitation."

THE COUNTIES COUNCIL. The last session of the Counties Council opened at Brockville on Tuesday afternoon. Next day being Thanksgiving Day, adjournment was made until Friday morning, but it was nearly three o'clock on that day before the council settled down to business.

Mr. D. Derbyshire asked and obtained permission to use the court room for the meeting of the Eastern Ontario Dairywomen's Association, to take place on the 6th, 7th, and 8th of January.

Representatives of the 86th battalion asked for a grant of about \$300 to buy helmets for the companies, and the matter was referred to a committee.

Mr. James Bateson, late of Perth, had bequeathed \$467 to the Athens House of Industry, and in recognition thereof the following resolution was carried unanimously: "That the council recognize with gratitude the noble Christian example of James Bateson, of the township of Dalhousie, in the county of Lanark; in the generous legacy of \$467 bequeathed and in the possession of this matter was referred to the House of Industry, and in recognition thereof the following resolution was carried unanimously."

Dr. Giles addressed the council on the subject of his duties as medical attendant of the House of Industry. He said that during the year 40 patients had been received. There had been 11 deaths, three of them over 90 years of age, and some of them as old as 95. The youngest was 65 years old. There were 4 patients in bed at present. During the year he had made 290 visits and filled out over 300 prescriptions. There were at present 39 patients in the institution.

A motion was made to increase the Doctor's salary from \$100 to \$150 but was finally decided to leave the matter to the new council to deal with.
