UNION OF CHURCHES CONSUM-MATED IN KENTVILLE SUNDAY

KENTVILLE, Oct, 8.—Church Union in Kentville has ceased to be a theory, it has become a fact, consummated yester-

It has become a fact, consummated yester-day.

Because of prominence given to antiunion sentiment, one might suppose that
little progress has been made towards
Church Union. But the Union in Kentville is the 18th in Halifax Presbytery
alone, and it is expected that before long
there will be no overlaping between Methodists and Presbyterians along the entire
D. A. R., from Halifax to Yarmouth. As
it is, Union exists from Halifax to Newport, and from Kentville to Yarmouth.
There has been no bitterness upon the
perople been "priest ridden". It has been
a laymen's movement.

There has been no bitterness upon the part of any in this area. Neither have the people been "priest ridden". It has been a laymen's movement.

St. Paul's Church will be the new home of the congregation. This beautiful stone church was open in 1915. For a time two ministers will be in charge, Reverends R. B. Layton and B. J. Porter.

The services on Sunday were most encouraging, the church being crowded to capacity, both morning and evening, Masses of flowers added to the beauty of the interior. The large choir, under the able leadership of James Brydon, gave pleasing music, the anthems being splendidly rendered as was also the fine solo "O Divine Redeemer" by Mrs. W. E. Ramey, Mr. Brydon, who is the talented organist as well as choirmaster of the United Church, rendered very beautifully "The Lost Chord" at the morning service and Tostis" Good-bye" at the evening service. Prof. John Lane, D. D., of Mount Allison University was the speaker for the day. In the beginning he dealt with the dangers of Union. One lay in neglecting the traditions of the past, belonging to both churches, to be overcome by going beyond to Jesus Christ the Head of the Church. Another is being satisfied with Union in itself to the neglect of the Purpose of the Church—a danger offset by undertaking the real business of the church under the Holy Spirit's guidance.

"The Opportunities of Union" was the evening subject. He compared the the world of Christ's Day with now, both were weary. The early church received Divine Power. When the modern church undertakes a like task such power will be again given.

Tasks await the church in Eastern lands beyond the seas, and in Canada. Church Union will increase the church's ability to meet this opportunity. When the church undertakes the program the Holy Spirit will direct.

How many know that the greatest gold mine in the world is in Northern Ontario. It is the Hollinger and is located at Timmins, 500 miles north of Toronto. It has become the leading gold producer within the past few months. For two years it had been runing a close race with its nearest rival, the new Modderfontein of the Rand, South Africa; but is now steadily forging ahead, figures issued by the Ontario Department of Mines show, and may be heralded as the greatest gold mine in the world. Thirteen years ago the outcropping was discovered by a young prospector, who died at the age of 42, a pool room proprietor at Pembroke

BABY'S TEETH

Actress Mother (languidly): "Well, nurse, how is baby to-day?"
Nurse: "He cut two teeth this morning."
Mother (still more languidly): "That was careless of you, nurse! You ought not to let a young baby play with a knife."
