

The Canadian Pacific Gives You Twenty Years To Pay--

If you wish. An immense area of the most fertile land in Western Canada for sale at low prices and on easy terms, ranging from \$11 to \$30 an acre for farm lands with ample rainfall--irrigated lands from \$35. Terms, one-twentieth down, balance within twenty years.

In irrigation districts, loans for farm buildings, etc., up to \$2,000, also repayable in twenty years--interest only 6 per cent.

This great offer is based on good land. The Canadian Pacific offers the finest land on earth for grain growing, cattle, hogs, sheep and horse raising; dairying, poultry, vegetables and general mixed farming.

If you already have a farm in Western Canada, here is your opportunity to increase your holdings by getting adjoining land, or to secure your friends as neighbors.
