The Tussock moth has made its appearance in London.

Thirteen persons injured, three or four seriously, in a railway wreck on the G. T. R. near Lindsay.

Mrs. John A. Crear of Shakespeare was almost instantly killed by being struck by a motor car in Stratford.

Mrs. Fares, wife of Dr. O. W. Fares, of Port Colborne, was struck by a street car and died of her injuries.

W. A. Deery, of Montreal, 21 years of age, was drowned with the Ungava Expedition, its second tragedy in a fortnight.

An oil painting of Sir Oliver Mowat was unveiled at Woodstock by his grandson, Lt.-Col. Mowat Biggar, an address being given by Hon. N. W. Rowell.

The rush of strawberries on the market drove the price down from 25 cents to 20 cents a box at London, to 8 cents at Brantford, and the 15 cents at Tilsonburg.

**GASOLINE SUPPLY**  
France May Make Importation Government Monopoly

PARIS, June 18.—Louis Kloetz, the French minister of finance, submitted yesterday to the French cabinet the bill for a government monopoly of the importation of gasoline which he told the chamber on May 27, he would introduce later. The bill in general would continue wartime regulations under which petrol was imported. The state would be the sole purchaser abroad and it would control all importations. It is estimated this monopoly will yield an annual revenue of thirty five million francs.

Refining and wholesale selling would be permitted by others than the government, but Minister Kloetz said he was studying proposed measures whereby the government would share in the profits of such private industries.

Er-mier Clemenceau at the meeting of the cabinet yesterday informed it concerning the revised terms of the Allies' reply to the German counter-proposals.

**Everyone Should Drink Hot Water in the Morning**

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick head ache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast act on the stomach, liver, kidneys, and bowels.

**MORE JOBS THAN JOBBERS**

WINDSOR, June 18.—All previous records were broken this week at the local Government Employment Bureau, with the placing of 190 persons in positions. These included 100 returned soldiers, 78 civilians and 12 women. The previous high-water mark reached last week was passed by 40 per cent. Supt. Cooper finds jobs more plentiful than men and women, and the demand increases every day.

**MEAT INJURIOUS TO THE KIDNEYS**

Take a Tablespoonful of Salts If Back Hurts or Bladder Bothers

We are a nation of meat eaters and our blood is filled with uric acid says well known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid but become weak from the overwork they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoon in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in uric acid so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

The shadow of trouble is usually blacker than the trouble itself.

Some men try to make light of their troubles by burning their unexpecting wit.

The fact that there are just as good fish in the sea as ever were caught is rather encouraging to the piscatorial list.

Ordinary mortals might possibly get along without physicians but it would be pretty hard on the druggist.

Said an Irish justice to a blustering prisoner on trial: "We want nothing from you, sir, but silence, and very little of that."

"I can always tell at a glance what other people are thinking of me," remarked the young man, anxious to focus attention on himself.

"How extremely disagreeable that must be for you," sweetly murmured the prettiest young girl present.

Private Pigley's people were good to him, but after receiving a pocket service book, a pocket Bible, a pocket almanac, a pocket French dictionary and a pocket edition of the poets, he thought it time to say something. So he sent his mother a postcard. It read: "Please send no more pocket editions until I get some pocket addition."

**MISSING EXHIBITS**

MONTREAL, June 18.—After adjournment of the public hearing of the newsprint inquiry yesterday, a new turn was given to the situation by the production of almost all the missing exhibits. With this material in their possession, the tribunal settled down to consideration of the evidence and it is now understood that the tribunal will remain in Montreal with a view to reaching an early decision, which is expected within ten days. This will preclude all likelihood of the tribunal's jurisdiction lapsing before judgment is given.
