THAT'S WHY we're doing the LARGEST READY-MADE CLOTHING Business in Newfoundland.

Prapogating Reindeer.

We learn by the Prospero that the herd of reindeer at St. Anthony are doing well and that they now have become thoroughly acclimatized. The herd now numbers nearly 800 animals was increased the past spring by 120 fawns. They are proving a great benefit to the shore.

\$250,000 Gift

From H. M. Hanna to Western University. Cleveland, O., June 5.—President Thawing, of Western Reserve University, will announce to-morrow the acceptance of a gift of \$250,000 from H. M. Hanna to be devoted to the medical department of the university.

At the Yarmouth Y. M. C. A. Boys' Camp, held at Tusket Falls in August, I found MINARD'S LINIMENT most beneficial for sun burn, an immediate relief for colic and toothache.

ALFRED STOKES,
General Secretary.

Fads and Fashions.

Albatross is being much used this spring.

Afternoon gowns are more or less elaborate.

Tucking is used a great deal on the summer gowns.

Swiss fabrics are often worn with a colored slip.

This season one finds entire coats and wraps of cretonne.

The elastic belts, in different widths, are more popular than ever.

Course Russian braid is used a great deal for trimming coats and capes.

The chanteleur is found embroidered on the instep of the latest silk hosiery.

The finest of roses are used for trimming caps of muslin or lace for the baby.

The shoulder seam on the new shirt-waists is much longer than that of last season.

Lingerie embroidered with the all prevailing chanteleur is one of the fads of the hour.

Many of the summer coats have long revers that cross and button below the waist line.

A box-plated quilling of net is the finish at the wrist of a pretty sleeve seen recently.

Ribs of brass as well as of gilt and white enamel are seen in some of the summer sunshades.

Separate blouses of black net with lace insertion are worn over and under blouse of white.

One of the old fashions that has been revived is the use of oblong gold buckles to trim gowns.

Exquisite separate blouses are made of the soft crepe printed in the rich Paisley patterns.

An exquisite combination seen recently on a house gown is a blue tulle veiling silver embroidery.

Bathing suits fashioned after either a princess model or the Russian blouse are favorites this year.

The sleeveless coats of the most diaphanous materials promise to be more popular than ever this summer.

Either banding, piping, or feather-stitching in color is effective for the small boy's Russian suit.

Wreaths, bow knots and roses are the favorite designs on the embroidered silk hosiery for the bride.

Parasols of embroidered linen are popular. They are only suitable for carrying with linen or cotton frocks.

Special Clearance Sale of Dry Goods. You should take advantage of our genuine bargains. Big reductions on every line. — SIMPSON'S, Rawlin's Cross.

Sentiment versus Sentimentality.

Mr. Roosevelt's Idea Regarding Them.

London, June 4.—The "Times" this morning publishes a letter from Mr. Roosevelt in reply to a correspondent, who requested him to substitute the word "sentiment" for "sentimentality," which he used in his address at the Guildhall last Tuesday, when the freedom of the city was conferred upon him.

Mr. Roosevelt said in that speech: "Those who have to do with uncivilized peoples, especially fanatical peoples, must remember that in such a situation as that which faces you in Egypt, weakness, timidity and sentimentality may cause infinitely more harm than violence and injustice. Sentimentality is the most broken reed on which righteousness can lean."

To the objector to the use of the word "sentimentality," Mr. Roosevelt writes:

"I exact sentiment as the exact antithesis of sentimentality and to substitute sentiment for sentimentality in my speech would directly invert my meaning. I abhor sentimentality, and on the other hand, think no man is worth his salt who is not profoundly influenced by sentiment, and who does not shape his life in accordance with a high ideal."

TOURISTS UP WEST.—At present there are quite a number of American tourists on the West Coast, especially at South Branch, Crabbe's and Little River. Both salmon and sea trout are numerous and excellent catches of both are being made.

Eczema's Tortures

All treatments failed for three long years—Cure complete with DR. CHASE'S OINTMENT.

Mrs. Link, 12 Walker St., Halifax N. S., writes: "After three years of miserable torture and sleepless nights with terrible eczema, and after trying over a dozen remedies without obtaining anything but slight temporary relief, I have been perfectly and entirely cured by Dr. Chase's Ointment. After the third or fourth application of this grand ointment I obtained relief, and a few boxes were sufficient to make a thorough cure. It is six months since I was freed of this wretched skin disease, and as there has been no return of the trouble I consider the cure a permanent one."

Such cures are not brought about by imitations and substitutes for Dr. Chase's Ointment. It is therefore necessary for you to be certain that the portrait and signature of A. W. Chase, M. D., the famous Receipt Book author, are on the box you buy. 60 cts. a box, at all dealers or Edmansson, Bates & Co., Toronto. Write for a free copy of Dr. Chase's Receipts.

By Special Request.

Rev. J. K. Curtis, B. A., will preach in Cochrane Street Church on Sunday morning at 11 o'clock from the text, "The Heavens Declare the Glory of God, and the Firmament Showeth His Handy Work."

Rev. Mr. Curtis is pastor of Wesley Church and is one of our foremost City preachers. The sermon in question was preached in his own church a week or two ago and excited so much interest that many have expressed a desire to hear it. Strangers and visitors to the city will be welcomed and provided with seats by the ushers.

His Clothing Stolen.

Seamen about the city report that either on Thursday night or early yesterday morning some persons boarded the Grace which lay in the stream and forcing open the fore-castle companion way stole therefrom all the clothing and effects of the bosun Mr. M. Dalton. Mr. Dalton is a navigator and his clothing which was held in two seamen's bags and a chest, with his nautical instruments and books was worth \$150 or more. He has no idea of who committed the theft but will endeavor to discover the authors of it by informing the police.

On the Florizel.

Mr. Jas. McFarlane, brother of engineer D. McFarlane of the Adventure, and who until recently was running between New Orleans and Jamaica in the United Fruit Coy's steamer Forralba is now 4th engineer of the Florizel having joined her recently a New York. Mr. E. Percy of this city also is Chief Engineer of the ship.

Broke the Glass.

Yesterday afternoon a drunk passing down Water Street fell through a large pane of glass in Mr. M. J. Summers' shop window and barely escaped serious injury. He passed down the thoroughfare but officer H. Lumber captured him and made him say up. The glass was worth \$3.50.

MORNING TIREDNESS.

Understand its meaning? To wake up in the morning tired is proof of poor blood, of starved and weakened nerves, of a brain irritated and exhausted by loss of sleep and poisoned blood. Plenty of food, of course you have, and yet you starve, and destroy nerves and blood and brain. It is poorly digested food? Yes; that is the cause. You have exhausted nerve force, stomach does poor work, so does the liver. Then the blood gets watery and a general condition of breakdown holds you in its grip. Build up, fortify the stomach, enrich the blood, feed the starving nerves. In this way you reach the road to health. All this and more you can do with Ferrozone (blood food). Ferrozone makes blood, strengthens the nerves, overcomes that fagged-out feeling. Ferrozone imparts strength for vigorous thought and action. In a little while morning tiredness disappears and you get color, vim and endurance—in a word, you get well. Ferrozone (blood food) is an invitation to health; be wise, accept it. Price 50c.

Johnson Dismisses His Manager.

Who Refuses to Leave.

San Francisco, Cal., June 5.—Open warfare between champion Jack Johnson and George Little, his manager, which started Saturday night, wound up this afternoon when Johnson told Little that he was discharged. Little says that he has an iron-clad contract with Johnson until May 1911, and threatens trouble. He says that unless the differences are settled he will stop the fight on July 4. Despite the fact that he was discharged, Little insisted on remaining at the door to take the tickets. Not until Johnson, backed by a squad of city policemen, requested him to leave, did Little depart.

According to Johnson, the trouble arose because Little became jealous of Sil Hart.

This is the statement issued by Little: "I have a contract with Johnson that binds him to give me 25 per cent. of his profits, and I am authorized to make all contracts for any boxing match, theatres, shows or anything of like."

This trouble delayed the boxing in the afternoon, but Johnson went through with an unusually hard programme which included three rounds with Cotton and Cutler and two with Dave Mills. At the conclusion of his work Johnson weighed in for the newspaper men, tipping the scales at 212 pounds, the lowest he has weighed since his training started. Following the discharge of Little as his manager, Jack Johnson announced to-night that Billy Nolan was handling his affairs hereafter.

Ask for Minard's and take no other.

OVER-WORKED KIDNEYS.

Cause, Rush of Blood, Fulness, Dizziness.

J. T. Chetland, the well-known railway engineer of Hamilton, found the strain always vastly intensified by a tendency of the blood to rush to his head, and often at times when clearness of vision and great steadiness were demanded. Finding some difficulty in bending—a stiffness with pain having settled in his back, it occurred to him that his kidneys might be at fault. "This was a happy idea, for by it I not only got rid of the pain but many other troubles as well. I took a full dose of Dr. Hamilton's Pills and was glad to note that some obstruction of the kidneys which I had lately noticed, was at once relieved. The flushed appearance of my face gave way to a more rational color and there was a perceptible improvement in my appetite. Dr. Hamilton's Pills certainly act splendidly upon the blood, removing heat and fulness and that sort of dizziness that makes a man at the throttle wish when it seizes him that he were elsewhere."

No medicine gives such unquestionably good results for stomach, liver and blood troubles as Dr. Hamilton's Pills; they are mild, certain, and always curative.

Last Evening's Performance.

At the T. A. Theatre last night the members of the Chicago Stock Co. reproduced the drama "Clothes" to a large and appreciative audience. The company were seen to better advantage than on the opening night, and the applause accorded the performers evidenced the delight which the audience felt in witnessing the work of the combine. The handsome costumes worn by the ladies and the beautiful stage scenery, together with the strong acting, has already popularized the company. The piece for this afternoon's matinee and to-night will be "The Lost Trail," delineating an interesting and exciting story of life in the great western plains. Next week some of the most fascinating plays in the company's repertoire will be produced, commencing with David Belasco's great success, "Men and Women." We bespeak for the company large audiences and they certainly deserve much encouragement.

Nutritive Hypophosphites.

When a person feels "blew"—"all tired out"—doesn't feel like doing anything—cannot concentrate his mind on his work—feels weak mentally and physically—doubts his powers—complains of poor appetite and sleeplessness—suffers from headaches—then his nervous system is run-down and demands a good up-building tonic. Nervous exhaustion is a modern disease, caused by too close attention to business, overwork, worry, devotion to trying family cares overstudy, etc.

Nutritive Hypophosphites forms the best nerve and brain food known, and have restored thousands of sufferers to health. Large bottle, \$1.00.

Shipwright's Demand Increase.

The Shipwrights' Union intend to meet shortly and demand more wages for work at local vessels only. They are receiving \$2.50 per day for work on foreign sailing vessels and \$3 for steamers, with \$2 for local craft. They intend asking for \$2.50 per day on these latter, and will soon meet to come to a conclusion as regards the proposed demand.

Asaya-Neurall

THE NEW REMEDY FOR Nervous Exhaustion. Alcoholic and physical excesses, mental shocks and bodily injuries drain the nervous system with surprising rapidity. Severe nervous exhaustion frequently results. The only remedy is Food, Rest and nerve repair. "ASAYA-NEURALL" is and makes possible this cure. It feeds the nerves, induces sleep, quickens the appetite and digestion, restores full nerve vigor, \$1.50 per bottle. Local agent.

M. CONNORS.
