Hr. Grace Notes.

Mr. E. Simmons' schr. Studland, Captain Day, left this morning for Island Cove, where she will take on board a part cargo of fish and return here to complete her cargo, before sailing for St. John's.

Mr. James Hatcher, referred to in my notes a few days ago as being very sick, passed away yesterday afternoon at his residence, Harvey St., aged 57 years. He leaves an aged mother, five brothers and two sisters to mourn their loss.

Mr. Richard Whelan, of Carbonar Road who returned from Labrador recently in poor health, is still very sick. He is suffering from stomach trouble, brought on, it is said, by a fall shortly after going down on the coast in the spring.

Another of our well-known citizens passed to the Great Beyond this morning after a few days illness. Mr. Walter Walsh, cooper, of Harvey St. For some months past Mr. Walsh has been foreman of the cooperage of Mr. L. Simmons, Whitbourne. A few weeks ago he was compelled to return home owing to illness. He has since gradually weakened until the end came this morning. Mr. Walsh who was 63 years old, was a quiet, industrious man, well liked by all who knew him. He leaves a wife and family here, to whom your correspondent tenders his sympathy.

Mr. Denis Butler, of the Beach, lately employed with the Reid Nid. Co., at St. John's, after a couple of weeks illness at his home here, died on Thursday night. He leaves besides a widow, three daughters, Mary Kate (Mrs. R. Sullivan), of Bell Island, Lizzie, of St. John's, and Jessie, here, and one son Patrick, in Boston. The funeral took place yesterday, and was largely attended by all classes of our citizens, showing the esteem in which the deceased was held.

Miss Winnie Kent, after a pleasant visit to friends here, and the guest of her aunt, Mrs. Scanlan, left by this morning's train for her home in Placentia.

Correspondent,

C.E.T.S. Meeting.

Though last night's storm was possibly the worst for the season the semi annual meeting of the C. E. T. S. held in the Synod Hall, was largely attended. It was presided over by the Lord Bishop who only got in from Bell Island during the afternoon. Supporting His Lordship on the platform were Revs. Canon White, G. R. Goddard, in opening His Lordship referred to the great loss the society had sustained in the retirement of its energetic chairman, Rev. Jas. R. Bell, but hoped and fully believed the society would make rapid forward strides under its new chairman, Mr. R. G. McDonald gave an interesting recapitulation of the work of the society in the 40's of the last century, spoke of the jubilee of the society in England and presaged many triumphs for the organization in future. Rev. G. R. Goddard, Rector of St. Thomas's, where there is a flourishing Band of Hope, held that the minds of the young should be trained to see the benefits of total abstinence and held they should be given the pledge at Confirmation to abstain from liquor at least until they were twenty one. Rev. Canon White spoke of the beneficial effects of the closing of the saloons at 6 p.m. At the close of the meeting the Bishop pronounced the Benedic-

Marine Disaster Fund.

K. of C. Visitors.

By the Bruce express Sunday there came to the city a number of the Knights of Columbus from several places in the Dominion of Canada. They came for an exemplification of degrees under the auspices of Terra Nova Council. This was done on Sunday and yesterday in Columbus Hall. Many candidates being present. Today and to-morrow the visitors will take in the city and will be banqueted at Donovan's where a special train will take a large number of the Knights. The visitors include Past State Deputy, Mr. P. Dunne of Osgesburg, New York; G. L. Murphy, County President, O. H. Sydney; and an old St. John's boy in the person of Mr. Valentine Merchant who is in business with his father at Sydney, N.S. Though the weather has been unpropitious all are enjoying their visit.

more refreshing at this time of the year than a cup of tea deliciously fresh, with the bloom of spring still on its tender young leaves.

If a Laxative is Needed—"Cascarets"

Salts, Calomel and Cathartic Pills are violent—they act on bowels as pepper acts in nostrils.

Take a Cascaret tonight and thoroughly cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping clean inside with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gasses; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels.

Remember, a Cascaret to-night will straighten you out by morning. A 10-cent box from your druggist means a clear head and cheerfulness for months. Don't forget the children.

Wedding Bells.

On the 29th inst., at the R. C. Cathedral, a very pretty wedding took place the contracting parties being Mr. John M. Walsh and Miss Mary Francis Bentley, second-eldest daughter of Mr. William Bentley of the Anglo American Telegraph Co. The bride was neatly attired in a gown of cream silk poplin with hat to match, her bridesmaid was Miss M. Raftus, cousin of the bride, while the groom was assisted by his brother, Mr. Michael Walsh. After the ceremony was performed the wedding party drove to the residence of the bride's parents where a reception was held. The Telegram joins in wishing Mr. and Mrs. Walsh a happy and prosperous future.

McMurdo's Store News.

TUESDAY, Oct. 1, 1912. One hundred and fifty shaves—five months daily using, for twenty-five cents; one-sixth of a cent a shave! And that with the latest product of the laboratories of skillful chemists who have for years bent their efforts and gone through the most searching experiments in the direction of finding what shall be the most perfect form of lathering material in existence. This, and nothing less, is what Johnson and Johnson claim that their "Safety" razor is. And so far as one can judge the claim is sustained by the facts. Johnson's Shaving Cream produces almost instantaneously a thick and copious smooth creamy lather that materially helps the razor in removing the beard. It contains nothing irritating, but is as soft as cream on the face. It is absolutely pure and clean, and it will not cause trouble on even the most sensitive face. We hold it to be a useful addition to our list of shaving materials, and believe it will gather a large clientele. Price 25c. a tube.

Board of Health.

Editor Evening Telegram.

Dear Sir,—I should like to know if we have a Board of Health, and if not, why not? Scarlet Fever has been prevalent in the city, and on Freshwater Road several families have had it; some of them have been nursed at the Hospital and others have not been nursed at all. In the case of one family who are not in the best of circumstances the children put it over them, but the father had it for nine days and he was out about the town on Saturday night. I am not surprised at the spread of disease when such is the case and sanitary men are allowed to cart garbage and ashes uncovered through the streets at 10.30 a.m.

More anon from Yours respectfully,

ICH DIEN.
