"I Should Think" People.

BY BETH CAMERON.

Wisdom is supposed to be a difficult thing to acquire and we are often told that there is no royal road, no wonderful short cut to the possession of it; and yet there is a certain class of people in the world who seem to have become wonderfully wise without any appreciable effort.

In some strange mysterious way such people seem to know far more about your affairs and the best way to manage them, no matter how complicated they may seem to you, than you do yourself.

I call these wonderfully gifted folk the "I should think" people, because that phrase is so often on their lips.

You happen to mention to one of this class that you are going to buy a dark blue suit, and they at once point out the folly of your choice. "You are so dark that you ought to always wear light things for contrast," they explain kindly. "I should think you'd get a light gray suit. That's so much better for summer, too." Of course they do not know, as you do, that your wardrobe is over-stocked with light clothes already, that you really need something dark for office wear, and that you wanted a blue suit to go with your white flannel trousers. And yet they know better than you do what you ought to get. Isn't it wonderful?

Such people, even when they have

Channel Welcomes The Governor.

Special to Evening Telegram.

CHANNEL, To-day.—The town of Channel and Port aux Basques were en-fete yesterday in honor of the official visit of His Excellency the Governor and Mrs. Davidson. The Vice-Regal party was met at the railway station by a deputation of representative citizens and escorted to the Parish Hall, Channel, where the people's address of welcome was presented. His Excellency having made an eloquent reply. Miss Ethel Bragg, on behalf of the school children read an address to Mrs. Davidson which together with a bouquet was presented by Miss Dalgia Read. Subsequently His Excellency was requested by the Church of England Board of Education to open the new school building to which His Excellency kindly consented and performed in the presence of a large gathering of the population and the whole of the pupils of that institution at the conclusion of their ceremonies the National Anthem was sung and three times three given for His Excellency and Mrs. Davidson. A garden party brought the day's festivities to a successful conclusion. The Governor and suite embarked on the "Fox" at 10 o'clock for St. John's. Their visit along the South Coast and the western towns. We wish them an enjoyable and pleasant tour.

Newfound-lander Hurt.

Mr. E. Spurrell had a letter yesterday from his uncle James, whom the Telegram some time ago referred. It was from Lankershim, California, where Mr. Spurrell is a patrolman, a special policeman and U. S. Deputy Marshal. While after law breakers on August 18th, his horse threw him as he passed along and then fell over on him breaking an arm and leg and hurting him seriously otherwise. He wrote from hospital where he is gradually improving.

Sensational Affair.

Murderer Believed to be on the Morwenna.

Yesterday, the police were advised from the Police Department of Sydney, that it was believed a man who recently committed a murder in that town, was on the s.s. Morwenna. D. I. Grimes detailed special men to watch the ship when she should arrive to make a prompt arrest. Later a message was received by Mr. Grimes that the criminal had been arrested. Had he come on the ship Mr. Grimes would soon have him in the toils.

Interesting Football.

Members of the C.C.C. and Methodist Guards met last night and arranged to play a football match on St. George's Field next Wednesday afternoon. The same C. C. C. team that won out this year will play and the Methodist lads will put up a strong eleven. The proceeds of the game will go to the M. G. B. for their strongy and we hear the C. C. C. are only too delighted to help in this matter. This is a splendid spirit to see existing between the corps.

The Police Court.

Only one prisoner appeared in court to-day. He was a ne'er do-well, who was found asleep in a forge on Barber's Hill. He was charged with being drunk and disorderly and was sent down for 30 days.

Several civil cases were disposed of.

Morwenna Arrives.

The Black Diamond Liner Morwenna, Capt. Holmes, reached port at six o'clock this morning from Montreal via Gulf ports, bringing two-thirds cargo and 47 saloon passengers. All except one are tourists making the round trip.

Washington Was the Godfather of Aviation in America.

Apparently George Washington was not only the Father of His Country, but also something like the godfather of aviation in America. At any rate, he wrote a letter for one M. Blanchard, who made the first balloon ascension in this country at Philadelphia in 1793. The letter reprinted in St. Nicholas reads:

"George Washington, president of the United States of America. To all whom these presents shall come:

"The bearer hereof, Mr. Blanchard, a citizen of France, proposing to ascend in a balloon from the city of Philadelphia, at 10 o'clock am, this day, to pass in such direction and to descend in such place as circumstances may render most convenient—

"These are, therefore, to recommend to all citizens of the United States, and others, that in the passage, descent, return or journeying elsewhere they oppose no hindrance or molestation to the said Mr. Blanchard, and that, on the contrary, they receive and aid him with that humanity and good will which may render honor to their country and justice to an individual so distinguished by his efforts to establish and advance an art in order to make it useful to mankind in general.

"Given under my hand and seal, at the city of Philadelphia, this ninth day of January, one thousand seven hundred and ninety-three, and of the Independence of America the seventeenth.

"GEORGE WASHINGTON."

"THE OIL THAT LUBRICATES."

BRITISH COLUMBIA EXPRESS COMPANY.

General Office, Ashcroft, B.C., February 18, 1913.

THE IMPERIAL OIL CO., LTD.

Gentlemen,—With reference to POLARINE OIL, we desire to say that we operated six Winton Six-Cylinder Cars on the Cariboo Road in 1912, and these Cars travelled 32,430 miles during the season. We used POLARINE exclusively, and found it superior to any other oil which we had previously tested, and while the cars were operated under all sorts of climatic conditions, we were so well pleased with the results obtainable from the use of POLARINE OIL that we propose to use nothing else on the eight Winton Cars which we will operate this year.

Yours very truly,
BRITISH COLUMBIA EXPRESS COMPANY,

Odd Uses For Sugar

If all the sugar that is eaten in the course of a year were to be equally divided every person in the world would, says Youth's Companion, have at least 20 pounds. But besides being used as food, sugar has many industrial uses. It is the cheapest form of a chemically pure carbohydrate, and is often used in place of starch, dextrin or glucose. Sugar is frequently put in compounds for removing and preventing boiler scale. It is used in the manufacture of shoe blacking, transparent soap, copying ink, and ink rollers for printing presses. Certain explosives contain from six to forty per cent of it. It is employed in dyeing establishments, by tanners for 'filling' leather, and in a large number of other industries.

Sugar has a hardening and strengthening action in mortar. The mortar used to rebuild the Museum of Natural History in Berlin consisted of one part and two parts of sugar, even as one quarter of one per cent exerts a very harmful effect on cement.

Back Was Lame For Two Years

Stomach Troubles and Weakness of Kidneys Cured by Dr. Chase's Kidney-Liver Pills.

There is an enormous amount of suffering from liver and kidney derangements and stomach troubles that could easily be avoided by using Dr. Chase's Kidney-Liver Pills. If you could only realize the scores of everyday ills that arise from a sluggish condition of the kidneys, liver, and bowels you would not be long in giving this medicine a trial.

Mrs. Edward Stewart, New Richmond, Wis., writes: "I want to tell you how thankful I am for using your Dr. Chase's Kidney-Liver Pills for stomach troubles and backache caused by weak kidneys. I was unable to wash my clothes for over two years on account of my back being lame. I read the Almanac and began using these pills. Two boxes made a complete cure. I can do my own washing and other work now, and want to say to lady friends that they do not know how much I appreciate Dr. Chase's Kidney-Liver Pills."

25 cents a box all Dealers or Ed. Nelson, Bates & Co., Ltd., Toronto.

BANKER ARRIVES.—The Lunenburg banker Annie E. Rice reached port to-day from the Grand Banks for supplies. She has 200 qts of codfish on board for a week's fishing, making a total of 1,200 qts. for the season. After getting salt at John's premises the banker will go to Holyrood or Heart's Content for a bathing and then proceed to the Banks and resume operations.
