T. McMURDO & CO., Ltd.,

THE PIONEER DRUG HOUSE.
Established 1823. Incorporated 1920.

In re-organizing our business at the beginning of last year when times seemed prosperous, somewhat drastic changes were made in credit terms to our customers in the belief that it would ultimately prove to be for their benefit as well as our own.

Results to-day have proved our forecast to be correct, and as a consequence we are now in a better position than ever to serve our friends to advantage with a new and up-to-date stock.

From being pessimists in apparently good times we are now optimists when many think there is nothing but "blue ruin" ahead; and in consequence we are now prepared to entertain extending longer credit than is indicated by our general terms, where desired, to approved wholesale customers.

We have the necessary Stock and Capital to do a much larger business. We are desirous of keeping our present staff on at suitable wages necessitated by higher cost of living, and to do this an increase in trade is hoped for. This we anticipate getting by efficiency of service, combined with the high grade goods we carry and sell at lowest possible prices.

If a Testator

although seeing the benefits to be derived from a Trust Company's administration, hesitates about cancelling any appointment he may have already made, the Montreal Trust Company can be named to act with the Executor or Executors already appointed. In this way the Trust Company co-operates with the Testator's appointees in the administration of the Estate.

This plan is very acceptable when the Testator's wife is named as Executor. Few women have the necessary business training to enable them to carry on the administration of an Estate, but with the co-operation of the Montreal Trust Company the Testator's wife can be appointed with full assurance that the Estate will be well looked after.
