A Breath of Springtime
an odor of woodland beauty—that is what THREE FLOWERS PERFUME can be compared with.
It is simply delicious in its natural, flower-garden scent. People who know what is the correct thing, invariably choose THREE FLOWERS.
This magnificent odor is found in the Face Powder, and Vanishing Cream also. You can be sure of using the best when you select THREE FLOWERS Creams and Powders.
We have a complete assortment now and will be pleased to serve you.

MARKET REPORTS
indicate that there is no surplus of Anthracite Coal in the U.S. The shortage caused by the strike of Anthracite Miners last year has not been made up, and American hard coal will, in all probability, be hard to get and high priced. Coke is an excellent substitute for hard coal, and we have on hand a stock of same that will soon be disposed of, because a shortage of hard coal invariably creates an increased demand for our product.
We advise our customers to book their requirements as soon as possible.

Notice to Motor Drivers.
In the interest of "Safety First" the following has been suggested as an additional Driving Rule to be adopted by members of the Newfoundland Motor Association, and others. Members are requested to give this suggested rule a trial and be prepared to advise as to its adoption, or otherwise, at the next General Meeting of the Association.
After dark, cars RETURNING to the city shall have the right of way over cars proceeding FROM the city; in other words, cars PROCEEDING FROM the city and meeting cars RETURNING to the city shall stop (within a distance of from seventy five to one hundred yards of the approaching car) and dim lights till the car returning to the city (which need not dim) has passed.
The attention of members is called to the following By-Law of the Association:—"Any motorist, member of the Association desiring to overtake or pass a car must blow his horn two blasts, and the driver of the car ahead shall signal that he has heard the horn by answering two blasts. If the car ahead cannot keep ahead of the overtaking car, the driver should allow the overtaking car to pass and the overtaking car must immediately get far enough ahead to prevent the occupant of the car passed from getting the dust."
Published by orders of The Executive and Road Committee
NFLD. MOTOR ASSOCIATION
Ernest R. Watson, President.
P. E. Outerbridge, Sec.-Treas.
