tions too many and too varied to enumerate, but it almost appears at times as if the very spirit of Dumas is creeping into the film. Action, too, stirs him to excellence, and as a When that whole his telling of the tale is far Recipe is lost in advance of anything he has done thus far

At best, "The Count of Monte Cristo" is a highly involved tale and it is a wonder that Mr. Flynn has been able to straighten it out into the tense, dramatic narrative that is depicted. In a word, "Monte Cristo" has "arrived" and it may be char acterized as a clear-cut, well-done photoplay of most excellent parts. Mr. For easily may place it at the head or very close to the head of his long list of super-productions
