

**The Alliance Between Prussia and Italy.**

During the last few days we have had several Cable despatches announcing a serious change in the diplomatic relations between France and Italy. The Paris *Messenger* has officially declared that Louis Napoleon regards the marching of Italian troops into the Papal territory as a violation of the September Convention, and has on that account demanded an explanation from the Italian government. The new Prime Minister of Italy, Menabrea, charges, in turn, France with violating the Convention, and, if the cable dispatch in our issue this morning correctly represents his views, expressly admits that the movement of the Italian troops has taken place in consequence of the violation of the treaty by France. Finally, a semi-official paper of Paris makes the important declaration that Prussia will interfere in the Roman question, should such action on her part be necessary for preserving the peace of Europe. Thus, supposing the cable not to have misrepresented the meaning of these official and semi-official utterances, we have declarations of a very warlike character from each of the three courts of Paris, Florence and Berlin.

If, contrary to the indications we have been receiving during the past two weeks, the Italian Government has made up its mind to put itself at the head of the nation and resist the demands of France, it has undoubtedly received the strongest assurances of help from Prussia. It was natural that both Prussia and Italy, and especially the latter, should proceed with the utmost caution and reserve in the formation of an alliance against France. An alliance against France is a much more serious matter than an alliance against Austria. Against Austria, the allied governments in 1866 felt no doubt as to the issue of the war. The weak points of their enemy were too well known, and neither Prussia nor Italy stood in fear of future revenge on the part of Austria.

France is a much more formidable opponent, and is recognized as such by both Prussia and Italy. In a single-handed war against France Italy had reason to fear that she would be crushed. Prussia, though aided by the forces of South Germany, would at least have a difficult stand. Both governments would have been grateful to Louis Napoleon had he allowed them to finish the work of national unification without hindrance. But Napoleon clings to the determination to prevent if possible the annexation of Rome and the entry of the South German States into the North German Parliament. His opposition to Italian unity he has just again officially declared; his opposition to German unity he has late on several occasions seemed to disown, in order to prevent, if possible, a Prusso-Italian alliance. But Bismarck, by his foreign policy, clearly shows that he never doubted that he can complete the work of German unity only at the risk of a French war. He has long urged Italy to strengthen her old alliance with Prussia, and to concert with Prussia the simultaneous consummation of the national unity of both countries. The history of the past few months, though as yet but very imperfectly known, contains many indications of a renewal of the Prusso-Italian alliance. Italy has shown a natural fear to openly commit itself. A few days more will reveal to what extent the Italian government is willing to cooperate with Bismarck.

The Bishop of Iowa, before leaving the old country, thought it his duty to warn the ritualists of the errors of their ways. In a letter to the Bishop of London he expresses the great pleasure his visit to England had given him, and his appreciation of the kindness and hospitality received on all sides, but declares he is deeply grieved at the wide spread of ritualism. In touching and earnest words he urgently advises English Churchmen to cling to the simple doctrines of the primitive Church and of the English Reformation.

**COMMERCIAL.**

**Guelph Markets.**  
MERCURY OFFICE, GUELPH.  
November 6, 1867.

The market has been very slack during the past week, and there has been a slight decline in some of the produce. There have been but very light receipts of fall wheat—some days there was not a load brought in. Spring wheat is selling at such quantity as is generally at its time of the year. There is not much, if any, advance in the market. Flour, or St. Louis markets, although business seems to be about to grow a little brisker. There has been a slight decline, say 3c. per bushel, in the price of spring wheat since last week. Peas are well supplied, no doubt owing to the fact that a number of people are selling their live hogs. The grain continues steadily at present prices. Oats are very sparingly brought in, and have undergone no change in price for a long time. There is no more than sufficient for local use, and for such the grain is at once put up at 45c. It seems to be unable to get above or below this figure. Hens very firm, and there is evidence of an upward tendency.—some loads were bought last week at \$14, but these were exceptions, and the general price is according to our quotations \$11 or \$12. Potatoes slightly declined; no other kind of produce materially changed.

**SMITH & BOTSFORD.**  
Guelph, 13th September, 1867. dw-1f

**FARM FOR SALE.**  
THE subscriber offers for sale a first-class farm, being Lot No. 8, East half 3rd Con., Township of Erin, containing 100 acres, from 75 to 80 of which are cleared, and with the exception of about 10 acres, free of stumps. This farm is well fenced, and in a high state of cultivation. There is a never-failing creek and a good well and pump on the premises; also, a never-failing creek runs across the Concession about ten rods from the corner of the lot. There are two good barns—a log 30 x 60 and a frame 30 x 60—and a good log house 30 x 50 feet, with a back kitchen and a frame stoop, four bed rooms, &c. Also, a good young orchard of choice fruit trees, many of them bearing. This farm is about five miles from Acton station, and about a mile and a half from the Erin gravel road. The farm will be sold on liberal terms, and a good title given. For further particulars apply personally, or by letter (post-paid) to the subscriber, on the premises.

**COW STRAYED OR STOLEN.**  
STOLEN or stolen from the premises of the Subscriber, on the 14th October, a light brown cow, with short horns turned in, about three years old. Any person returning her, or giving such information as will lead to her recovery, will be rewarded.  
WM. HOGAN, Waterloo Road, Guelph, 30th October, 1867. dw-3in

**STRAY HEIFER.**  
CAME on the subscriber's farm, about the middle of June, a cross heifer, with a white star on the face. The owner can have her by proving property and paying expenses.

**FARM TO RENT.**  
TO rent, the farm belonging to the estate of the late Robert Trouton, comprising Lot 19, in the 6th Concession, Garafraxa, containing 100 acres, 100 acres of which are cleared and in an excellent state of cultivation. The land is well fenced, and well laid off. There is a good comfortable log dwelling house on the place, with large and commodious barns and stabling. There is a good pump well on the premises, and the river Erie runs through the back part of the lot. If desirable, a lease for ten years will be given.—The tenant can have immediate possession.  
For terms and other particulars apply, if by letter post-paid, to the following executors of the estate:  
ALEX. DYOE,  
JOHN FOX, Garafraxa P. O.

**PROOFS OF THE SUPERIOR QUALITY OF THE AMERICAN WATCH**  
MADE AT WALTHAM, MASS.

Referring to their advertisement in a previous issue of this paper, the American Watch Company, of Waltham Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market.

They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches. They are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts.

How they run under the hardest trial watches have, is shown by the following letters:

**PENN. RAILROAD COMPANY.**  
Office of the General Superintendent, Altoona, Pa., 16th Dec, 1866.  
GENTLEMEN.—The watches manufactured by you have been in use on this railroad for several years by our engineers, to whom we furnish watches as part of our equipment. There are now some 300 of them carried on our line, and we consider them good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn an average much longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time correctly, nor have they done good service even when repaired. These statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.  
Respectfully,  
EDWARD H. WILLIAMS,  
General Superintendent,  
American Watch Co., Waltham.

**NEW YORK CENTRAL RAILROAD.**  
Locomotive Department, West Division, }  
Rochester, Dec. 24, 1866.  
GENTLEMEN.—I have no hesitation in saying that I believe in the great majority of Locomotive Engineers have found by experience that Waltham Watches are the most satisfactory of any for their use. They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and as I have never known one to wear out, they must be durable. I hope to see some time when Railway Companies will generally adopt your watches, and furnish them to all engineers and conductors. In my opinion you are greatly to be promoted for regularity and safety.  
Yours respectfully,  
CHAS. WILSON, G. Chief Engineer,  
Brotherhood of Locomotive Engineers,  
American Watch Co., Waltham, Mass.

We now make five different grades of watches, named respectively as follows:  
Appleton, Tracy & Co., Waltham, Mass.  
Waltham Watch Co., Waltham, Mass.  
S. Bartlett, Waltham, Mass.  
Wm. Eldery, Boston, Mass.  
Home Watch Company, Boston, Mass.

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved improved principle, and to possess every requisite for a reliable time-keeper. Every dealer selling these watches is provided with the Company's printed card of guarantee, which entitles every purchaser to a return of the watch, if it does not keep true time, without any deduction. There are numerous counterfeiters and imitations of our watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchased of retail dealers.  
Testimonials can be obtained on application from many persons in Canada who have worn the watches with the greatest satisfaction.

**VALUABLE FARM PROPERTY**  
For Sale or to Exchange.

THE undersigned offers for sale, or to exchange for Real Estate in the Town of Guelph, the undermentioned property, viz:  
First—A valuable improved Farm North of the Durham Road, in the Township of Battinck, three miles from the Village of Durham, containing about 200 acres, of which about 100 acres are cleared and in an excellent state of cultivation. On the premises are a substantial Frame Dwelling House with good cellar, garden and well, with pump of excellent water. Also, a Frame Barn 60 x 30, with 18 feet post-and-rail undergarden stabling, and a never-failing spring in the barn yard for the supply of water to cattle. This is a very eligible property, and well worthy the attention of those who wish to obtain a good farm.  
Also—Lot 42, in the 3rd Concession of Battinck, West of the Garafraxa Road, 100 acres, about 12 acres cleared, with a Frame House on the Lot—The Rocky Saugen River crosses one corner of this Lot, and has a valuable water power on its course of driving any machinery.

Also—Lot 5, in the 1st Concession, South of the Durham Road, three miles from the Village of Priceville, in the Township of Artensena. There are about 25 acres cleared and fenced on this lot, with a good new Log House.  
The above lands are well situated and timbered with the best kind of hard wood timber, with indisputable titles—the last two being direct grants from the Crown.

For further particulars, &c., apply to the proprietor.

**REMOVAL,**

**W.M. G. TAYLOR**  
Veterinary Surgeon,  
RESPECTFULLY thanks his numerous patrons for the liberal support he has received since his residence in Guelph, and begs to inform them and the public generally that he has removed to Waterloo Road, first door Westo St. W. S. G. Knowler, where he will keep on hand a supply of all medicines for Horses and Cattle.  
Agent for McDougall's Patent Disinfectant Powder for wellings, stables, cow-sheds and water-closets, as ordered by the Board of Health in Toronto; also ascertain preventative of the "Rum-Typhoid".  
I am also agent for McDougall's non-poisonous Sheep and Lamb dipping composition.  
All orders respectfully attended to, and medicines sent to any part of the country.  
Horses examined as to soundness.

**Great Cure of Liver Complaint and Dyspepsia in Canada.**

**Consecon, Prince Edward Co., C.W.**  
March, 1867.  
Meers, Young & Chamberlain.—Sirs—Having proved within my own person that there is at least a medicine that will indeed cure Liver Complaint and Dyspepsia, I am induced to make this statement, under oath, which is to certify that I have been sorely afflicted for the last three years, according to the Doctors' statements, with Liver Complaint and Dyspepsia. I had a feeling of sinking and vague uneasiness about the stomach, with then pain, eructations of wind, a rational pain, drowsiness, constipation, an uneasiness in the right side, head ache, a poor appetite, &c., and was greatly reduced in strength. Hearing your new Indian medicine, the Great Shoshonee Remedy, spoken of so highly, I tried a bottle with your Pills, first and then your Great Shoshonee Remedy, and I find I have quite recovered. I eat heartily without pain or uneasiness. I am well and have pleasure in attending to my business. The doctor remarked to me I was looking much better. I told him that the Great Shoshonee Remedy was doing it. I have recommended the Remedy in several cases, and it has invariably given good satisfaction, and I would strongly recommend it to all afflicted as I was.

**A. M. ROBEY, WOOD.**  
Sworn before me at Consecon, C.W., this 2nd day of March, 1867.

**INDIA & CHINA TEA COY.**

Home Depot at London and Liverpool, Canada Depot, 23 Hospital Street, Montreal.

THE India and China Tea Company beg to call the attention of the Canadian community to their directly imported Teas, which for purity and excellence will be found unequalled.  
The Company have made arrangements whereby they have secured the entire produce of the tea plantations in Assam and on the slopes of the Himalayas, and in a judicious blending of these magnificent Teas with the best varieties of China produce, they are enabled to offer to the public Tea of quality and favour hitherto unknown to the general consumer. These Teas are in high favour in England and France, and a single trial will prove their superiority.  
The Company supply two qualities only, either Black, Green or Mixed. Their Black Teas will be found to possess great briskness and flavour, combined with colour and strength, and to be entirely different to the flat and rapid articles usually sold under the name of Black Tea; while their Green Teas are altogether free from the deleterious mineral powder so commonly used for coloring the leaf.  
**PRICES:** Rich, fully-flavoured Teas, for family use a fine genuine and faceriable, one dollar per lb. Finest quality, procurable, one dollar per lb. Green or Mixed.  
To be had in packets of Quarter Pound Half Pounds, One Pound, and upwards, or in tin cansisters of lbs, and upwards from any of the Company's Agents in all the chief towns of Canada.—N.B. All the packages are lined with tin foil paper, and the Teas will consequently retain their flavour any length of time.
