

CALL ACCEPTED.—Rev. R. M. Thornton, of Knox Church, Montreal, has accepted the call of a congregation in Glasgow Scotland. The congregation of Knox Church wish to procure the services of Rev. Dr. Black, Inverness, Scotland, a delegate to the recent Evangelical Alliance, and it is understood that they propose to offer him a stipend of \$4,000.

THANKFUL.—The people in Paisley appreciate the value of the railway, which, even in little things, is a benefit. In former years a few apples was almost the only fruit offered for sale in the Village, now the products of lands further south can be enjoyed early in the season, and luxuries which our northern country does not produce, are quite common in the groceries. Most delicious grapes, peaches, melons, tomatoes, and other fruits are temptingly displayed, at reasonable prices, in their proper season.

PENSIONER.—Right Hon. Hugh Childers, M.P., the recently appointed Chairman of the Board of Directors of the Great Western Railway, sailed for New York on Saturday in the *Abyssinian*.

THIS SHOULD BE NOTICED.—Parties purchasing goods always wish to buy them at the cheapest rate. Now the nearer you can get to the manufacturer, the cheaper are the goods. Mr. Horsman, the popular hardware merchant of this town, last summer visited the manufacturing districts of Europe, and purchased very largely from the manufacturers there. He has also made special arrangements with manufacturers in the United States and Canada to have their goods at the lowest cash prices. In consequence of the extraordinary bargains Mr. Horsman offers, his sales this season are largely increased; in fact, there has been a perfect rush at his mammoth establishment during the last two months. Remember, by purchasing hardware from John Horsman the profits of the wholesale dealer, or middleman, are saved to the customers. Stoves and Tinware have been added this season, and on account of the very low prices at which these goods are offered by Mr. Horsman this branch of the business has exceeded his most sanguine expectations.

Special Notices.

THE SYMPTOMS OF MENTAL decay resemble the gradual changes that come over old people, and are similar to those induced by excesses and bad habits, and the tendency is to the production of softening of the brain and insanity. The cause is deficiency of phosphates, as it is well known that man grows older and mentally weaker when the nervous system is insufficiently supplied with these elements—the salt of the brain depending upon phosphoric acid compounds—and that those foods which are richest in phosphates renovate most speedily weakened brain power and loss of constitutional vigor. Dr. Wiegand's Compound of Phosphates and Cellulose contains these agents in an easily assimilable form, constituting a tonic and nerve food. 023-daw2w

SLATE ROOFING PAINT!

AGENTS WANTED IN EVERY TOWN.

A Roof may be covered with a very cheap shingle, and by application of this slate may be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better and lasting longer than new shingles without the slate, for **ONE THIRD THE COST OF RE-SHINGLING.** The expense of slating new shingles is only about the cost of simply laying them.

The Paint is Fire-Proof

against Sparks or Flying Embers, as may be easily tested by anyone, and appears from the fact that Insurance Companies make nearly the Same Tariff as for Slated Roofs. For Tin and Iron it has no equal, as it expands by heat, contracts by cold, and never cracks nor scales. For Floors it is particularly adapted, as it will not corrode in the most exposed places. Roofs covered with Tar Shingling Felt can be made water-tight at a small expense. The Slate Paint is

EXTREMELY CHEAP!

Two gallons will cover over 100 square feet of shingle roof, or over 400 of tin or iron. **No Tar is Used in this Composition,** therefore, it does not effect the water from the roof, if turned off from the eaves before the first few rains. On Decayed Shingles it fills up the holes and pores, hardens them, and gives a new, substantial roof that will last for years. Curved or Warped Shingles it brings to their place and keeps them there. It fills up all holes in tin or felt roofs, and **STOPS THE LEAKS.** The color of the slate when first applied is dark purple, changing in about a month to a light uniform slate colour, and is, to all intents and purposes, SLATE. The Paint has a very Heavy Body, but is easily put on, and, although a slow dryer, rain will not affect it in the least one hour after applying.

ROOFS EXAMINED. ESTIMATES GIVEN.

And when required will be Thoroughly Repaired.

Orders Respectfully Solicited.
