Paine's Celery Compound

A Noted Physician's Prescription for the Banishment of Disease.

Physicians, druggists and those competent to judge, candidly acknowledge that Paine's Celery Compound has called forth the most reliable and the strongest testimonials ever published in the press of the country.

Each letter or testimonial tells of the extermination and banishment of rheumatism, neuralgia, kidney troubles, skin diseases, dyspepsia and headaches. The good work done by Paine's Celery Compound brings satisfaction, joy and peace because the cures are always permanent.

If you entertain doubts regarding the curative and life-giving virtues of Paine's Celery Compound, speak to your druggist about it or consult your friends and neighbors who have been cured by it.

"Oh Edward," she cried, "do you know what I dreamed last night that you had told me to buy that beautiful \$25 hat I spoke of the other day?" "Well that proves it," he replied. "Proves what, dearest?" "That dreams go by contraries." Then she was sorry she had not begun the day as usual by scolding him.

You Must Die.

SAID HIS PHYSICIAN. SOUTH AMERICAN KIDNEY CURE GAVE THE DOCTOR THE LIE. IT CURED BRIGHT'S DISEASE.

La Grippe will leave its brand on the weakened spot. A bright young man in a Western Ontario city, son of a well-known lumberman, found that the influenza epidemic had developed in him that was most fatal of all kidney troubles—Bright's Disease. Local physicians treated, but to no purpose. He consulted specialists, only to be told that his life hung on a slender thread, and recovery was impossible. But he pinned his faith to the stage, while there's life there's hope. He began using South American Kidney Cure, and in three months from the day he commenced using it, the same physician who said he must die, pronounced him cured.

"People generally haven't much sense." "What do you mean?" "Why, when I was too sick to eat, all my friends sent me lots of fruit and other delicacies, but by the time I could eat they all quit."

His Wonderful Nerve

Along sustained Editor F. M. Higgins, of Seneca, Ill., when all doctors and medicines failed to relieve his pain from piles. Then Bucklen's Arnica Salve wholly cured him. Infallible for Injuries, Pains or Bodily Eruptions. Cure guaranteed. Only 25c a box. Sold by J. E. Richards, druggist.

How's your boy doing? inquired the man whose business takes him occasionally to a rural community where he knows all the inhabitants. Fine. Has a good job, has he? He ain't got a job no more. He's got a situation. He started in with a job, where he didn't get rothin' but wages—\$4 a week. But he done so good that they boosted him right along, so now he's gettin' \$10 a week. That there ain't wages; that's salary.

Discharged to Die.

BUT MRS. FITZPATRICK DIDN'T LOSE HOPE—DR. AGNEW'S CURE FOR THE HEART ACCOMPLISHED WHAT THE PHYSICIANS COULDN'T. If the thousands of people who rush to go to it as a first resort, how much misery and suffering would be spared. Mrs. John Fitzpatrick, of Gananoque, after being treated by eminent physicians for heart disease of five years standing was discharged from the hospital as a hopeless incurable. The lady procured Dr. Agnew's Cure for Heart, she declared as a last resort. One dose relieved a very acute spasm in less than half an hour, and three bottles cured her.

He is a brave man, said one Parisian citizen as the personage who fights duels in the newspapers passed. A very brave man, answered the other. I have known him to call out a dozen men in one day! Impossible! Yes. They were members of the fire department.

LAST FROM ROBERTS ON 16TH

It is Feared That His Wives Have Been Cut Again.

Casualties Are Greater Than Reported in War Messages Received—Boers Are Threatening Gen. Ruddle—British Fear That the Boers May Break Through the Thin Lines—Malana Bridge Blows Up.

London, June 20.—(3.25 a. m.)—The casualties made public by the War Office, including a long list of missing, show British loss in engagements hitherto not reported. In an attack on a reconstruction train at Loewspruit on June 14, three were killed, five wounded and 600 captured. Loewspruit is 40 miles north of Kroonstad. This was the day of the Zand River attack, 80 miles distant. Another list shows nine wounded and 11 missing in action Vredfort on June 7, no previous mention of which has been made.

The Daily Mail points out that it is quite possible the wires have again been cut in Lord Roberts' rear, as no despatch later than June 16 has been received.

Boers Threaten Ruddle. The Boers are gathering in force in front of General Ruddle, near Ficksburg. His forces stretch 40 miles. A some parts of the line are weakly held, the British fear that the Boers may break through. Outpost skirmishes are of daily occurrence. The Boers there are commanded by De Villiers and Herzmann.

Mr. Steyn is at Bethlehem, the temporary capital of the Free State. Malana Bridge Destroyed. According to despatches from Lorenzo Marquez, dated yesterday, the Malana bridge has been destroyed. One account says it was blown up. Another asserts that it was undermined by a patrol from Swaziland, and so collapsed under the weight of a train. This will temporarily interrupt the flow of supplies to the Boers from Lorenzo Marquez.

Huts for 30,000 Men. The Bloemfontein correspondent of The Daily Mail, telegraphing June 16, says that Lord Roberts is getting huts for 30,000 men, and is arranging re-transport for a part of his army, although his plans are not to take effect immediately.

Did British Do It? The Lorenzo Marquez correspondent of The Times says: "Three escaped British prisoners are believed to have tampered with Malana bridge. A freight train pitched into the stream and two men were killed."

FIRST TRAIN THROUGH LAING'S NEK Tunnel Has Been Repaired—Arms Ready for the British Prisoners.

London, June 20.—No important developments mark the progress of the British in the Transvaal. Lord Roberts reports that over 2,000 stands of arms have been given up at Vredfort since the occupation of the capital. These will be utilized by the released British prisoners, of whom there are 148 officers and 3,039 men. Of the former, twelve, and of the latter, 248 are in the hospitals.

The total of the British losses June 4, says Lord Roberts, amounted to only two men killed and one officer and 48 men wounded. Gen. Buller reports that the first train passed Laing's Nek tunnel Monday, June 18, and proceeded to Charlesfontein. The first batch of Mafeking's sick and wounded arrived at the hospital at Bloemfontein June 15.

STRATHCONAS WITH MULLER. Cable From Lieut.-Col. Steel Dated at Newcastle, Natal.

Demerara has offered 400 volunteers and a Maxim gun for service against the Ashantes. About 275 men of the Kingston Infantry militia volunteered for the same service yesterday.

The Conservative Union to Meet. Ottawa, June 20.—Robert Birmingham's only official political position is secretary of the Liberal Conservative Union of Ontario, of which Hon. John Haggart is president. The union has not had a meeting for months, but at the request of Sir Charles Tupper, it will soon convene to discuss the relations existing between Mr. Birmingham and the Liberal Conservative party.

Two Hundred Men Go Out. Ottawa, June 20.—All the union line-men of the city, about 200 in number, have been ordered out on strike by the Ottawa branch of the International Brotherhood of Electrical Workers. The line-men want \$2 a day of nine hours. Mayor Payment and a dozen prominent citizens were appointed by a mass meeting to confer with the electric companies and to effect a compromise.

THE BOOK COLLECTOR.

He Made a Swap Which Satisfied the Secondhand Dealer.

"It's astonishing how book collecting will blunt a man's conception of the rights of meum et tuum," said the proprietor of a delightful old secondhand store on the south side of the town. "I wouldn't trust a confirmed collector as far as I could throw Jackson square by the monument. They all consider themselves licensed privateers, and when one of them wants any particular volume and can't buy it the chances are it will mysteriously disappear the first time he pays you a visit. I am one of most of the tricks of the fraternity, however, and it takes a pretty smooth individual to secure any plunder in this shop."

"Only recently I circumvented an old gentleman in a manner that is apt to adhere to his memory for some time. He is a passionate admirer of Dickens and has a fine collection of early editions and books in general relating to the great novelist. One of his sets, a very handsome print with the original Cruikshank plates, is short one volume, the eighth. I have a copy of the same edition, and he has tried repeatedly to get me to break it so as to complete his own, but I have of course refused."

"Then I noticed that he began to drop in of afternoons with a book under his arm, looking up and down the shelves. The volume he carried bore a close external resemblance to the copy of Dickens he wanted, and I suspected at once that I would some day find them exchanged. Consequently I locked up the coveted volume 8 and substituted a worthless treatise on mathematics bound in the same manner. My visitor knew the exact location of the book on the shelf, and the other day I purposely gave him an opportunity to make the shift. It was done in a twinkling, and presently he strolled out. I haven't seen him since. The book he left was a very pretty copy of Keats. I am well satisfied with the swap."

WAR OFFICE TERMS.

What is Meant in Casualty List by "Slight," "Severe" and "Dangerous."

Ottawa, June 19.—The Militia Department has received a notice issued by the War Office relative to casualties in South Africa. It states that the following terms, when applied to wounds, may be taken as conveying the signification defined.

SLIGHT—A wound likely to heal rapidly, not impairing the use of a limb or organ, and not even entailing admission into hospital.

SEVERE—A wound requiring careful treatment in hospital, but not necessarily dangerous—often involving fractures of bone and sometimes even the permanent impairment of a limb.

DANGEROUS—A wound such as might occur from the penetration of the head, chest, abdomen or any vital organ. In many cases, however, soldiers reported dangerously wounded have completely recovered, and the percentage of deaths from wounds of all sorts among those admitted to hospital has during the present campaign only reached 5 per cent. of the total wounded.

What You Pay For Medicine

Is no Test of Its Curative Value—Proprietary Versus Dr. Chase's Kidney-Liver Pills.

Dr. Chase's Kidney-Liver Pills are just as much a doctor's prescription as any formula your family physician can give you. The difference is that Dr. Chase's Kidney-Liver Pills were perfected after the formula had proven itself of inestimable value in scores of hundreds of cases.

Dr. Chase won almost as much popularity from his ability to cure kidney disease, liver complaint, and backache, with this formula, as he did from the publication of his great recipe book.

The idea of one treatment reaching the kidneys and liver at the same time was original with Dr. Chase. It accounts for the success of Dr. Chase's Kidney-Liver Pills in curing the most complicated ailments of the filtering organs, and every form of backache.

As a family medicine Dr. Chase's Kidney-Liver Pills are unsurpassed. They keep the kidneys, liver, and bowels healthy, active, and regular, and so prevent and cure nine-tenths of the ills to which humanity is subject. One pill a dose, 25 cents a box, at all dealers, or Edmanston, Bates & Co., Toronto.
