BOWLING, RACING, TENNISJENNINGS' TIGERS
INCREASE LEADTake Opening Game From
Washington, With Kil-
lian in the Box.

Detroit, Sept. 29.—Again the Tigers won, adding materially to their lead, with Cleveland standing still and Chicago, fighting a tie with Boston. Continuing their fast, sure play, the champions defeated Washington, 4 to 1. A double-header was scheduled, but owing to the rain and the bitter cold wind but one was attempted.

This victory gives the Tigers the same number of games to play as the two rivals. All three now have eight contests remaining. The Tigers have won 10 of 12 games, while the two opponents to win the flag.

Today, barring rain, will probably be the biggest day of the year for the American League. The Tigers play a double-header with the Senators and Cleveland takes on Philadelphia for two, while Chicago does the same with Boston.

Jennings sent Killian to the mound yesterday and the southpaw got away well. He was given the fastest of support, Jerry Downs and Bush especially starting in the fielding line, while Schmidt put up an article of catching that showed him to be still working at his best.

Tom Hughes was Cantillon's offering. Tom put up a good game, but found the Tigers in no mood to be trifled with. They bunched their hits well, showed their fastest speed again on the bases, and for the most part let their hits go for extra bags. Bush got on twice and was scored twice, once by Crawford's double and again by Rossman's single. Downs was the star of the day at bat, scoring three runs after the Senators had doubled and sending in Schmidt with a double after Charlie had tripped.

Several times it looked as though Washington would get to Killian, but the southpaw always managed to pull himself out of the hole. They got but five hits off him, and but once did they get more than one in an inning. That was when Hughes singled and Unglaub doubled.

Fans Turn Out.
Cantillon used Delehanty at second, and Del did nothing startling. He had Unglaub at third and the former Boston first sacker played a star game. He looks like a valuable man as a third sacker.

Despite the cold, which made one think far more of football than the national pastime, a little over 2,000 of the faithful were out to cheer the Tigers on. What they lacked in numbers they made up in enthusiasm and eagerness to keep themselves warm. Despite the cold the game was fast and clean.

Detroit took the lead when Bush walked. He worked the hit and run play with Crawford and was at second when Sam nailed the ball to left. As he kept right on going at top speed he scored on the Wahoo man's two-bagger. In the next inning Schaefer slapped one to centre to open the inning. Schmidt sacrificed and Downs hit cleanly to left for a base, sending Herman home.

Fast Base Work.
In the fourth, Schaefer, with two out, beat a bounder to Hughes and stole second. Schmidt walked. Charley led off first and Hughes threw to nail him, while Schaefer stalked. They kept right at it. Schmidt again led off first for a double steal. Hughes took Street's throw and returned the ball to the catcher in time to nail Herman trying to score. He was out, but it showed the way the Tigers are trying.

In the sixth the visitors made their only score. Hughes singled, Edmundson fouled out to Schmidt, but Ganley walked. Unglaub hit to left for two sacks and Hughes scored, while Ganley made third. Then Killian fanned Delehanty and Clymer popped to Downs.

They did not trouble the Tigers' southpaw for the rest of the day.

Add to Lead.
In their half of the sixth the Tigers added their third score. Bush hit cleanly over Delehanty's head, and made third when Crawford and Cobb grounded out. Rossman scratched a hit to second and Bush made the plate. Their fourth and last run came when Schmidt tripled to right in the next round and scored on Downs' two-base drive to left.

Today's double-header will start at 1:30. Jennings will use Summers and Willett. Summers will most likely go in against Walter Johnson.

INNINGS TO TIEWhite Sox and Boston Unable
to Decide Game Before
Darkness.

Chicago, Sept. 28.—Chicago and Boston played 10 long innings to a 2 to 2 tie, the game being called on account of darkness. Chicago took the lead in the opening inning, but Boston came back in the fourth and tied it, and fought ahead again in the seventh, only to be overtaken by the locals in their half. Vice-President Candidate Sherman occupied a box at the game.

FIERCE RIOT AT
LACROSSE MATCH

Vancouver Team Is Rotten-
Egged and Game Broke
Up in Big Row.

New Westminster, B. C., Sept. 29.—A squabble between Tommy Gifford, captain of the Westminster lacrosse team, and Vernon Green, a Vancouver player, in the Westminster match Saturday, developed into a free-for-all fight, thirty players and officials mixing up in a general riot.

The fight occurred at half time, with the score 8 to 0 in favor of New Westminster.

George Paris, the colored trainer of the Vancouver team, was struck by a rotten egg, and drew a revolver. Dave Burnett, a city employee of Westminster, attempted to wrest it from his hand. Burnett snatched the muzzle and held it to the ground, when the first shot went off. The bullet scratched his palm and penetrated his coat.

A dozen men immediately snatched the revolver from Paris, who was turned over to two policemen.

At the moment of the shooting by Paris there were cries of "Lynch him!" "Let us lynch him!" from the crowd, which closed around him. Later an attempt was made to get the revolver from the police, and the cries of "lynching" were repeated.

In the meantime the riot on the field was somewhat quieted, and Rev. T. M. Henderson, president of the New Westminster Lacrosse Club, was able to make himself heard. He endeavored to disperse the crowd, which waited around Vancouver dressing-rooms for the appearance of the visiting players to resume the attack.

To help matters, Gifford entered the dressing-rooms with Green, and with President Henderson and the police succeeded in getting Green out of the grounds without further injury.

At the police station, Paris' revolver was found to be fully loaded, with the exception of the one shot fired. A crowd followed the police to the station, but later dispersed.

The car which conveyed the Vancouver players home was spattered with rotten eggs as it left the city.

UMPIRE IS SLUGGED
Chicago Fan, Who Disliked Decision,
Being Sought.

Chicago, Sept. 28.—Umpire Kerin was slugged after the game Monday, the first case of the kind on record at Comiskey's Park. An unidentified spectator in the crowd hit the umpire with a terrible smash in the face. Kerin came into the pavilion. Blood flowed profusely.

The fellow escaped in the crowd. Comiskey was enraged beyond all measure and said that he thought the miscreant can be identified and arrested, and that he will be prosecuted to the limit. Kerin lost the Sox the game by calling Dougherty out for interference with Lord, claiming that Pat gave Lord the elbow.

SNAPSHOTS AT SPORT

Matty Mathewson wants to pitch six of the seven remaining games with the Phillies. The Tigers would be glad to let him do it. His effectiveness would be spoiled for the big show.

Tommy Burns, our own Thomas, is being voted the man with the French woman would prefer to be loved by, in a contest being carried on by a Parisian newspaper. Fie Thomas.

Rube Marquard, who threw \$11,000 worth of disappointment into John McGraw the other day, will get a slice of the world's series money if the Giants come through. Rube is there with the commercial viewpoint.

Ed Geers, the great reinsman, has not had a good season, but he threatens to close it with a blaze of glory. The Harvester is a great trotter and looks good to pull down some of the future.

T. Burns is going to retire when he has whipped Jack Johnson. Thomas is wise to the idea that he is getting down the line to the has-been class.

The Toronto Telegram and the Toronto News are having an awful time settling the race question. Honors are easy but the Telegram has the idea somebody is going to queer the racing game in Canada pretty soon, and unless something is done quickly there will be trouble. It should be placed under a Government commission or something of the sort to cut out the merry-go-rounds at Windsor, Fort Erie and another point or two.

The Cleveland team is showing one of those great spurts that make it most dangerous. With St. Louis out of it, Detroit will have to beat that team and the Sox to a pulp to come through.

The Tigers are now in the lead and going strong. Looks like some chance for the Tigers yet.

For a champion the Billy Papke has a strange notion in the choice of a market for his wares. We understand that he was offered 1,500 bucks per hour to strut his brief twenty minutes on the vaudeville stage, but that he incontinently blew it because he didn't think he'd fancy the riot of pink feathers and the smell of the paint.

It suits him better to take on a line of bluffs at umpiring baseball games and acting as sort of picturesque assistant demonstrator of 1909 model automobiles. He may fall for the vaudeville thing later, but the longer he stails the longer he will preserve his peace of mind and his fan's fidelity, to which (or whom) he is so extremely good.—Chicago Tribune.

Tootsy Green paced a mile in 2:24.4 at Greenville, Ind., on Sept. 24. This constitutes a new record for green paces on half-mile tracks with green shingles on the judges' stand. (Please don't miff the color scheme.)

THOUSANDS SEEK
OLD AGE PENSIONS

Pathetic Scenes Follow First
Application of the New
English Law.

London, Sept. 28.—Thousands of eager applicants for the old-age pensions flocked to the 25,000 postoffices in the United Kingdom in the last week to obtain forms whereon to enter the particulars of their claims to receive the benefits of the new act which bestows on the qualified persons over the age of 70 the sum of five shillings weekly from Jan. 1 until their death.

Sept. 9 was the first day appointed for presenting the claims and the bulk of the septuagenarians throughout the British Isles seemed aware of the date. Amid scenes sometimes humorous, sometimes coldly businesslike, and often pathetic, the postoffice officials, whom the task of handling the pension business was entrusted handed out printed forms and instructed the applicants how to complete their applications. Many of the applicants took their family Bibles to attest their ages. From the time-faded entries, comparatively few were able to produce birth certificates and numbers expected the clerks to accept mere say so and were indignant on learning it was unacceptable.

Hard To Prove Their Rights.
A large number have had the greatest difficulty to prove their ages and a pension committee which was appointed to examine the claims foresees immense trouble in this respect. In numerous instances children were sent to fetch the forms and often the timid child's request was for "granny's pension."

As touching was the quivering application of a tottering granddama in threadbare clothes or a paralyzed applicant carried to the postoffice by relatives or neighbors. Some of the applicants were erect and hale, but the majority were bent with long years of labor and poverty and pathetic were the numerous evidences of attempt to make a good appearance on such an important occasion, the faded "best" having been carefully donned for the unaccustomed visit to the post-office.

Human Weakness Is Shown.
Every variety of human weakness was called forth by the circumstances and displayed. Some of the applicants were effectively important and refused advice. Some were hypersensitive and resented the clerks' questions, and others, secretive, went to a remote corner of the office to fill out the form. Many were bashful and hastily hid the form and hurried away. Some were suspicious of the whole business and took the forms as if they did not believe there was anything in it, but thought they might as well try. Most

of the applicants were of the type of man who is accompanying the Conservative leader in his tour. Charges had been made against the Hon. Mr. "Pretentative," the speaker continued, "almost as soon as his body was laid in the grave. One of the instigators of these charges was Mr. J. D. Reid, M. P. for Grenville." The speaker had made inquiries and had found that Mr. Reid himself had a boat repaired in the Government dockyards and had not paid for it.
