AUTUMN IDEAS

WE are now showing the latest "Autumn Ideas" throughout our entire establishment. Besides this great display of merchandise we have other ideas which are closely followed—one is that quality shall always be of a high standard; another idea we have is that nothing shall leave this store that is not right in every particular. That we shall not overcharge, but give a fair price to those who give us their confidence, is also one of our "ideas."

We shall be pleased now to show you our latest "Autumn Ideas" in merchandise.

WILD SCURRY FOR LIFE IN MIDNIGHT BLAZE

Guests and Proprietor's Family
in a Hepworth Hotel Have
Narrow Escape.

Hepworth, Sept. 24.—The Royal Hotel, an up-to-date temperance house, owned and managed by J. J. Downs, was completely gutted by fire at an early hour this morning. The fire is supposed to have originated in a frame cookhouse, which adjoined the main building in the rear. Some of the guests, partly dressed in their rooms while others took no chance but got out in their night robes and dressed afterwards. Although regretting the loss of some things and in some cases nearly everything, they felt grateful that they are alive today. R. Morrison, traveller for W. B. Sterling & Co., Winnipeg, lost his clothes, samples and \$200 in cash and got out by dropping from a side window, as all means of escape were then cut off. F. S. Clark, another traveller, crawled through his bedroom window to a balcony and then dropped. Two daughters of Mr. Downs were not missed until nearly every person was out. Their brother made a dash for their

rooms and found them overcome by the smoke and dragged them out. The loss will be about \$2,000, which will render Mr. Downs penniless, as the insurance is trifling. The hotel was an ideal temperance one, and was liberally patronized by all travellers.

HAANEL HONORED.

Ottawa, Sept. 24.—Dr. Eugene Haanel, director of mines, Ottawa, has been chosen president of the American Peat Society, now in session at the Massachusetts Institute of Technology, Boston. This honor is in recognition of his systematic investigation of the peat bogs of Canada.

STRATHCONA GOING.

Montreal, Sept. 24.—Lord Strathcona will go to Rimouski to board the Empress of Ireland for his return to England. This will give him the full day in Montreal, his special car being attached to the Ocean Limited over the Intercolonial Railway, which leaves at 7:30 this evening. His lordship's grandchildren, Donald and Frances Howard, will accompany him.

SIR FREDERICK BACK.

Ottawa, Sept. 24.—Sir Frederick Borden has returned to Ottawa. He will this afternoon report to the Government the result of the imperial defence conference, in which he and Hon. Mr. Brodeur took part as Canada's representatives.

HOWARTH GUILTY OF ABDUCTION

Lured a Little Paris, Ont., Girl From Her Home.

Toronto, Sept. 24.—Harry Howarth, the Paris, Ont., youth, who was arrested by the police at 296 Sherbourne street some weeks ago, on the charge of abducting 13-year-old Ethel Manning, and hiding her away from her family in Paris, was found guilty in the sessions this morning on the charge of seducing the child. The evidence of the little girl was directly against Howarth, but he, himself, denied that he had ever had any relations with her, further than that he had boarded with her mother, and was fond of the little girl. He intimated that he had taken her from home because he was sorry for her.

Judge Winchester, in his address to the jury, called particular attention to the fact that Howarth had lured the child away from home. It had been stated that Howarth believed her older than she was, but his honor pointed out that, even if that were so, it was no excuse in the eyes of the law. Sentence will be pronounced at the end of the session.

WEST INDIAN COMMISSION

At Toronto Now, and Will Visit Halifax and Montreal Later.

Toronto, Sept. 24.—The Royal West Indian commission, accompanied by Hon. W. S. Fielding and Hon. Wm. Paterson, arrived in Toronto this morning in a private car from Ottawa. It will leave Monday night for St. John, N.B., thence for Halifax, and thence for Montreal. Before it leaves here it will have a meeting Monday with representatives of the Toronto board of trade and the Canadian Manufacturers' Association today at the King Edward hotel.

BLACKHANDER CAUGHT.

Montreal, Sept. 24.—In the Black Hand charge against Augustino Mittiga, brought to light last night, the prisoner has confessed to writing the letter to Leonardo Saopora. Mittiga is suspected of being the ringleader of the gang, which has terrorized the Italian colony, and consequently there is great joy among the Italians at his capture.

PASTOR RESIGNS.

Flesherton, Sept. 24.—Rev. Lewis F. Klipp, B.A., for the past three years pastor of the Baptist Church here, has resigned to accept a call to Stuyvesant.

YOUNG BOLLARD'S DEATH

The Jopling Brothers Under Examination in Connection With Affair.

Peterboro, Sept. 24.—Fred and Harry Jopling, charged with manslaughter in connection with the death of Arthur Bollard, came up for preliminary hearing before Police Magistrate Edmiston this morning. Evidence was taken for three hours, and an adjournment was made till Wednesday of next week. D. Connel, K.C., appeared for the Joplings, and R. E. Wood, K.C., for the crown. The witnesses heard were Dr. Scott Blake, Cullen and Gordon Long, and their evidence was practically the same as that given at the inquest. To Mr. Connel, Dr. Scott admitted that Bollard's death might not have been caused by the injuries received in the fight with Fred Jopling. He was of the opinion, however, that his death was indirectly due to the struggle.

LATHAM'S FINE FLIGHT.

Berlin, Sept. 25.—Hubert Latham, the French aviator, flew in his aeroplane over the Tempelhof parade grounds Friday afternoon, remaining in the air for one hour and two minutes.

TOLL OF THE STORM

Deaths in the Gulf Hurricane Will Approach Hundred and Fifty.

New Orleans, La., Sept. 24.—Related reports today of death and destruction from Monday's hurricane in Louisiana and Mississippi show further loss of life and property. The list of dead is now over a hundred. With little hope that a number of other reported missing, escaped, the total dead may reach 150.

News of fifteen additional deaths along the waterways between Morgan City, La., and the gulf, and on the adjacent coast have been received. Nearly all of these were fishermen caught in small craft by the storm.

Stories brought here by persons arriving from the stricken districts reveal many pathetic and unusual occurrences. A four-year-old child was found lodged in the branches of a tree on the lower coast of Terrebonne parish, having survived for three days without food or water. One of the striking incidents of the relief work along the coast was the rescue of a family in a small boat in which a baby had been born an hour before the relief steamer arrived.

THE WITNESS' LOSS.

Montreal, Sept. 24.—The total loss by the fire in the Witness office last night will reach about \$150,000, which is fully covered by insurance in the office of Willis, Faber & Co. Several tenants of

adjoining stores suffered damages, which are covered by insurance. This includes, Wm. Maitland, fruit store, the United Photographic stores, and Whorton's Cafe. The Witness composing-room and equipment was destroyed, as well as all the old presses, but a new press, being installed, sustained little damage.

ALLEN DISCHARGED.

Hamilton, Ont., Sept. 25.—Ty. Allen, charged with cutting and wounding Charles Flynn, was in police court today. He was given his liberty and the judgment was reserved, as he swore the scrap was started by Flynn.

TWELVE YEARS.

Hamilton, Ont., Sept. 25.—Posey Irvine, guilty of assaulting and attempting to rob Fred Porteous last August, was sentenced to twelve years in Kingston, by Judge Monck this morning. Mark Tompkins, his pal, got ten years, some time ago for the same offense.

FIRE AT ALMONTE.

Almonte, Sept. 24.—Mr. John Donaldson's sash and door factory was completely destroyed by fire last night. Good work was done by the firemen in saving a swine shed close by, and also Mr. Donaldson's office. The machinery, Mr. Donaldson states, was valued at \$5,000, and the building at \$15,000. Insurance about \$2,000. The origin of the fire is a mystery, as no work has been done this week.
