

figures showed six degrees of frost during the night, Toronto's 46 above zero as the lowest was mild when placed beside Calgary's 32 and Edmonton's 33.

East of Ontario the reported temperatures are more seasonable. Severe frosts are reported in the western provinces and the probabilities indicate that similar conditions may be expected in some parts of Ontario and Quebec tonight or tomorrow.

trading a stupendous sum. Those days Try Samples. Enough cups of coffee to supply the average family for about a year were consumed; by the people, the Dalton Spice Company stating that they had sold 4,000 cups. When tried on their exhibit, while the Milk Company also gave away about the same amount in samples of their product, the people were drinking 5,000 cups was also tested; 2,000 cups tried Sweetheart Brand. The Roman-Eckert Company disposed of 6,000 individual olives, one to each person, while McClearen's olives were sampled by approximately 3,000 people. The peanut butter were tried by a total of 8,000. The samples, totaling 20,000 individual pieces, bearing about the same value as the coffee and tea. Other food samples firms allowed the visitors to sample in about the same proportion.

Breakfast foods were sampled by many thousands, the Roman Meal Company selling 5,000 samples, while the Red Band people put out nearly 6,000 people to try their

try should help the government to do this, not by finding new ways of expending money when the expenditure is not really necessary.

Ald. Greer questions whether Mayor Wengle would advocate "letting up" in the face of this advice.

Discussing his stand upon the new city hall proposed for the McCormick site, Ald. Greer said in his opinion there is another very good reason why actual construction should be deferred—at least for five years.

"The people of the annexed districts have an agreement with the city," he reminded, "whereby they have a fixed amount of money if commence the building of a new city hall now, the ratepayers of that district would not be asked to shoulder their fair share of the project. The balance of the city would be weighted down with their proportionate contribution."

"Would it not be only fair to wait for another five years? And while I suggested recently that we spend the money on the old city hall structure, I might say that as far as I am personally concerned, I think that

Cereals Pular.
Samples of Kellogg's Toasted Corn Flakes to the number of 3,500 were carried away while the Canadian Commercial Company handled about the same quantity.

In comparison with these large numbers the amount of perfume bought by the girls and ladies of the Arolika perfume seems small but more than 18 ounces was disposed of in this way and when the tub is squeezed comes out when the small fraction of an ounce, it will be seen that a pound of perfume goes a long way.

Altogether, the merchants are well pleased with the results of their exhibits in the new building and judgments are heard in and around the place next year space will be at a premium.

administration of the city's affairs for a few years yet. It would suit me."

40 CENTS IN YOUR POCKET.
Like any other tea that was made you 40c in a pocket every time you buy a pound? Then walk over to the RED ROSE TEA booth, second floor, 2000 Merchants' Building, and get the Fair, and have a cup of RED ROSE ORANGE PEKOE TEA, a pound of which at 90c will make as many cups of tea as two pounds of ordinary tea that cost only 30c, but today costs 60c or 65c a pound. You really pay nothing for this cup of tea, for you receive a coupon good on a pound or half pound of RED ROSE ORANGE PEKOE TEA at your grocer's.—Advt.

BUT PEOPLE SAW FAIR**

Secretary of Western Fair Does
Not Expect There Will
Be Deficit.

We may not get as much money this year as last, but we have had

So spoke A. M. Hunt, secretary of the Western Fair, when asked whether there would be much difference in receipts owing to reduced commission fees.

Mr Hunt stated that he never recalled any such thing coming up and that while the receipts might not be so large, he did not think there would be a deficit. In fact, he expressed confidence that the fair had been reached and brought to the fair, which was the main purpose of it.

The association, also stated that he did not think there would be any reason to complain regarding receipts if the mark set by the first half of the week.

Several other directors spoken to this morning were full of optimism as to the success of the fair. They said, and also highly gratified at the result of the first three days. All agreed that they had never seen London and the animals here as well as they did yesterday, and they fully expect that every day will show some increase of attendance of last year by many thousands.
