Born Lucky.
"Some men just can't help being lucky!"
"Why—what's happened now?"
"Nothing but this: Earthquake swallowed the meanest man in town, and when they found him he wuz alive an' well an' stakin' off a gold mine!"—Atlanta Constitution.

Answered the Doctor.
"A physician, finding a lady reading 'Twelfth Night,' said, 'When Shakespeare wrote about patience on a monument did he mean doctors' patients?'"
"No," replied the lady; "you don't find them on monuments, but under them."—London Telegraph.

Use the safe, pleasant and effectual worm killer, Mother Graves' Worm Exterminator; nothing equals it. Procure a bottle and take it home.
The new Grand Trunk management has assured Hon. T. W. Crothers that all the strikers will be taken back.

Mrs. Geo. Kaupp
States That Parisian Sage is Best Hair Tonic.

"I had a bad case of dandruff. My scalp was full of dandruff and it came out thick and scaly. My hair came out badly; often I nearly cried on account of losing my pretty head of hair.
I heard of PARISIAN SAGE and only had to use two bottles before the hair stopped coming out, the scalp became clean, and all the dandruff disappeared. The hair became silky and one big reason that I liked PARISIAN SAGE was that it kept the hair smooth, silky, and clean with no traces of stickiness.
I believe this tonic to be the best on the market as there has been no return of dandruff, or hair falling out whatever. I am glad to publicly endorse the use of PARISIAN SAGE. I have often endorsed its use and am glad to do it."
33 E. Bond St., Corry, Pa.
PARISIAN SAGE, the delightful hair dressing and beautifier sold by T. B. Taylor & Son, and druggists everywhere. Guaranteed for falling hair, dandruff and scalp itch. Large bottle 50 cents.

Wool Wanted.
Will pay a fancy price for wool thirteen inches long and upwards. No matter if you have only one fleece it will pay you to investigate. Send sample and state about how much you expect to have.

DIPHTHERIA.
Early Diagnosis and Quick Use of Antitoxin Imperative.

Diphtheria, which was formerly one of the most fatal of the diseases of children, has been robbed by antitoxin of much of its death dealing power. Nevertheless it is still a scourge of childhood.
It is an infectious and contagious disease that occurs for the most part in children, although adults also may suffer. It is due to the presence of a bacillus that lodges and develops on the mucous membrane of the respiratory passages, where it causes inflammation and the growth of fibrous, feltlike sheet which covers the surface. This sheet is the so-called false membrane, the visible evidence of the disease, in itself not dangerous except when it forms in the larynx. In that case it threatens death from choking. The real disease is the constitutional affection—fever, delirium and depression, due to poisoning by the bacillary excretions, the toxin absorbed into the blood from the mucous membranes where the bacilli have lodged.

Diphtheria is one of the most contagious of diseases, although, as in the case with other similar affections, not all who are exposed suffer. It prevails chiefly where filth exists and where the air is charged with emanations from decaying matter, with sewer gas, illuminating gas or exhalations from many persons crowded together in unventilated rooms.
Authorities formerly held that the germs could linger for a long time in carpets, upholstered toys, especially woolly lambs and Teddy bears, books, and so forth, but that is now doubted by many sanitarians, who contend that disinfection of the room in which a child has been sick with diphtheria or disinfection of his playthings is unnecessary. Still, so long as a doubt exists it is obviously safer to disinfect. It is quite certain, however, that cats and dogs and probably birds, such as parrots, may catch diphtheria from a sick child and so assist in the spread of the disease.
The one sovereign remedy for diphtheria is antitoxin, but it must be given early to be certainly curative. For this reason an early diagnosis is imperative. The physician should be called at once to any child who has a sore throat if his throat is seen to be red or covered with whitish dots or streaks or patches of membrane.

Early treatment not only removes the danger of suffocation from the growth of membrane in the larynx, but also makes much less probable the occurrence of the paralysis that is often such a distressing sequel of neglected or tardily treated diphtheria.

Douglas Jerrold.
Of Douglas Jerrold the following story is told by W. Teignmouth Shore in "Dickens and His Friends":
While living at Putney Jerrold had a brougham built for him. At the coach-maker's one day he was looking at the immaculate varnish on the back of the vehicle.
"Its polish is perfect now," he said, "but the urchins will soon cover it with scratches."
"But, sir, I can put on a few spikes that will keep them off."
"No. To me a thousand scratches on my carriage would be more welcome than one on the hand of a foot-sore lad to whom a stolen lift might be a godsend."

Bone and Strength.
The wonderful power of bone structure has been tested scientifically to show how a bone bears strain. A very small bone will hold thirty-three pounds in suspension without breaking, while a piece of the best oak of the same thickness will hold only twenty-two pounds. The bone is therefore half as strong again as the solid oak, thus showing that nature is economical in the weight given to bones, making them hollow and at the same time making them stronger than if they were solid and much heavier. This principle has been recognized in mechanics, engineers using hollow steel tubes instead of solid to meet great strain.

Good Reason.
"Judge," said the caller, "I wish you'd tell me what I have to do to get my name changed."
"What is your present name?"
"Bennet Lemuel Zebulon Bubb."
"You wish to have 'Bubb' changed to something else?"
"No—I want a new one entirely, something like William Thompson or George Jones—something short and easy, you know."
"Your objection to your name, then, is that it is too long, I presume. Why can't you just use your initials?"
"That only makes it worse, judge. Whenever I give my name as B. L. Z. Bubb somebody snekers."

Salt Sold by Postmasters.
At Beviex (Old Bex), among the Alps, the railroad passes the rock salt mines from which the Swiss Government procures most of the salt whose sale is a Government monopoly and often sold only by the local postmaster, who deals not only in stamps, but in salt. At this point a toothed rail is brought into play, and the gradient rapidly increases, as the cars pass through woods of walnuts and chestnuts, here an important item of the diet and income of their owners.—National Magazine.

SHOOTING PAINS IN SIDE, ARMS, BACK

Prove the Presence of Rheumatic Virus, Which Is Cured Quickest by Nerviline—Rub It In.

Pains in the muscles, in the sides, the back, the neck, or the chest—they always carry with them great discomfort. If the inflammation is severe the pain will be intense. If allowed to continue they are dangerous. Nothing so quickly cures local inflammation and drives away pain as Nerviline. Nerviline does this because it penetrates so deeply. Nerviline is not only powerful, but soothing. By relieving congestion it cures pain. It does this always. It cannot fail because it is a true antidote for pain. You can scarcely find anybody that will not tell you wonderful things about the pain-curing power of Nerviline. Remember, that there is not an ache or pain that Nerviline will not cure immediately. Nerviline is an anchor of health in every household.
Refuse anything that may be offered you instead of Nerviline, which is guaranteed for rheumatism, neuralgia, sciatica, lumbago, and all muscular aches and pains.
Large bottles, 50c; trial size, 25c. at all dealers, or The Catarrhone Company, Kingston, Ont.

NERVILINE CURES ALL PAIN

Lambton Farms Wanted.
About Farm Labor Also.

A third list of farms for sale in Lambton County will be published by the Lambton Publicity and County Improvement Association on July 1. Farms that appeared on the previous list will appear on this list if request be sent the secretary before that date and price of farm stated. These lists will have wide circulation at the Canadian National Exposition, Toronto, and other places of concourse.
Those who have farms for sale will confer a favor by sending a full description, the price, the post office address of owner to the undersigned, in order that the parties inquiring may be brought into personal touch with those who have land to sell.

There will be no charge or commission of any kind, and the parties furnishing descriptions are not bound in any way. Give details as to the situation, acreage, roads, improvements, soil, distance from churches, schools, towns, railways, telephone service, etc., etc., that would be of interest to prospective purchasers at a distance. When sale of farm takes place, please notify the secretary so that it may be struck off the list. Parties offering large farms, suitable for fruit growing, would do well to offer them in lots of 15 to 50 acres; if for small fruits in even smaller lots. The Lambton Publicity and County Improvement Association exists for the purpose of advertising the agricultural advantages of and assisting to improve agricultural conditions in Lambton county, and for no other purposes. It consists largely of the members of the county council, and the expense of advertising is paid by the county.
The information is wanted for the purpose of placing a list of farms in the hands of those who wish to buy, and who have written in answer to general advertisements and descriptions of Lambton which have been published in the various newspapers of Canada, the United States and Britain.
The Association also wishes to find the demand for farm laborers in the county, with a view to supplying it. If interested answer these at once:—
Do you want farm laborers? How many? What yearly wages? Married or single men? If married have you a house available in which he might live? Any suitable employment in your vicinity for grown-up sons or daughters he may have? When would you like term of work to begin?
Add any other information or remarks.
Address all communications to
R. STIRRETT, Petrolia.
Secretary Lambton Publicity and County Improvement Association. m31-24

Sallow Complexion
Indicates indigestion, constipation, or liver trouble. FIG PILLS will regulate your system and build up the nerve forces so that you can sleep and enjoy life.
At all dealers 25 and 50 cent boxes or mailed by The Fig Pills Co., St. Thomas, Ont.

COURT OF REVISION TOWNSHIP OF WARWICK.

THE COURT OF REVISION FOR THE TOWNSHIP OF WARWICK will be held in the
TOWN HALL, WARWICK VILLAGE,
on Monday, June 17th, 1912,
at 10 o'clock a.m., to hear and decide any complaints against the assessment of the township.
m24-4 N. HERBERT, Clerk.

If you trade in Watford you go home satisfied.
